Dear Edwin:

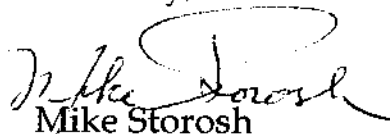

This letter is to thank you for finding my old class ring and returning it today. It is of great sentimental value to me.

The ring was presented to me to mark my graduation from high school in N. Wales, Pennsylvania in 1944.

I wore this ring during World War II as I traveled in the Pacific in such places as the Marshall, Gilbert and Hawaiian Islands and in Tokyo, Japan. We flew over the Pacific and traveled aboard the aircraft carrier, Lexington which is now a museum in Corpus Christi, Texas. Perhaps you can imagine what its return means to me.

With best wishes and deepest gratitude

Sincerely,

Mike Storosh
