Senior Class Reveals Plans

Susan Charles, treasurer of the Senior class says the senior class pins have been sent for, but the price hasn't been decided as yet.

While no actual plans have been made, Susan remarked that they did, however, discuss some plans for graduation.

Joe Godfrey, vice-president, stated that students of the Senior Class who are falling in subjects and don't have enough credits will be called in for a conference with their counselor at a future date and assistance and advice will be made to give help.

As for a senior skip day this year, plans are being handled by Mr. E. G. Pease, and at a future date, he will give the results.

HHS HIGH SCORERS on the Scholastic Qualifying Test are (standing) Burdett Lamar, (seated) Donna Hermansader and Roy McIntosh.

Senior Girl and Junior Boys Place First on Tests

In order for a student to attend a college or university, one must be tested to see if he is suitable or quality for admission to that college. This is exactly what the students who are considering college of H.H.S. did.

At the beginning of the school term in September, Juniors and Seniors took an examination, composed of math and English problems to see if they could qualify.

At last, the long anticipation has ended. The results are in, and anyone who is anxious to see his score, should contact Mr. Robert Mohr, head of the scholarship department, in room 105.

"Although some 600 students took the test," stated Mr. Mohr, "the surprising factor is, that two junior boys and a senior girl were the highest ones."

The ones achieving this goal are:

Donna Hermansader, senior, who besides taking scholarship tests, also works hard in Honoria and various other activities; and Juniors: Burdette Lamar, and Roy Macintosh, who are also active in various services for H.H.S.

Although these three people consider the qualifying tests rather easy, all three are looking forward to the college board entrance examinations, which consist of a three-hour scholastic aptitude test, and a series of one-hour achievement tests in various subjects. Although both tests cost a total of \$16, which sounds steep, although it is very small, when it could help save about \$200. If you pass them and win a scholarship, instead of paying about \$500 a year, without a scholarship, you will find your college tuition reduced by varying amounts.

Junior Scholars Ready Wits For National Merit Tests

The nominal fee of \$1.00 may open the doors to college for many students who are financially unable to attend. This cost is the registration fee for the National Merit Scholarship Qualifying Test which will be given this spring, April 28.

These tests, given to high school juniors all over the nation, not only qualify students for scholarships, but also determine the student's college potential, are helpful for college reference, reveal strengths and weaknesses, and give assistance in planning the individual's senior year.

A high score does not assure academic success without effort. Likewise, a low score does not mean that it is impossible for a person to do well in scholastic work. Whether or not the individual's achievement compares favorably with his school ability will depend upon interests, motivation, and emotional well-being.

All National Scholars and most other Merit Scholars sponsored by corporations and foundations are chosen by a selection committee, composed of twelve men and women experienced in college admissions work. Their selections are based on school records and recommendations, test scores, extra-curricular and outside-of-school interests and accomplishments, and other information indicating future promise.

'59 Directories Are on Sale Again at 35c

With the ingenious handiwork of Andy Sullivan and Kimbell Purvis of the 58-59 Hi-Ways staff, student directories will be on sale for 35 cents in about two weeks.

An exhausted typing committee appointed by Mr. Roger Nederveld, has done all the typing for this Hialeah High attraction. They are: Sondra Showalter, Carol Conlin Pat Danzis and Sharlene Pariseau.

All seniors will have a star by their names. Four homerooms will be included as homerooms at the end. These are the rooms of: Mr. Fred Weller, Mr. William Inglis, Mr. Robert Lucas and Mrs. Betty Stoinoff. The cover will be white with black type and a glossy covering, to make a very attractive directory. The Art Department is designing the cover.

The annual staff, the typists and the newspaper staff hope that each and every Thoroughbred will purchase a copy for his present, past, and future use, which will be of a benefit in case there's a "special" girl or boy, whose phone number seems to be a mystery. With the directory it won't be anymore.

SUPERVISORS MEET HERE

"Supervisors from the northern area of Dade County are scheduled to meet at Hialeah High School all day Feb. 4," said Dr. Jeff West, Supervisor of Curriculum for the county.
