Hialeans Honorably Mentioned

As the music stopped and the first speaker approached the platform, the hum of nervous chatter ceased. It was the evening of the first annual presentation of the Silver Knight Awards, and all the nominees, their parents, friends, and many important people in this area were gathered together in the Dade County Auditorium.

The main speaker for the evening was Reverend William Alexander, one of the top ten speakers in the United States. He gave an outstanding speech, which contained several jokes, a song in which the audience participated, and a talk about the youth of this country.

After this, Mr. John L. Knight,

the editor and publisher of the Miami Herald, rose to make the presentations. There was tenseness in the air as each nominee waited excitedly to see whether he or she would be one of the lucky ones to receive \$50 and a plaque or \$200 and a trophy. As the names were called there were cheers and applause. Then Donna Hermansader and Dick Krtausch had no longer to wonder, for they were called to the stage for honorable mention in their categories. Donna received a plaque and \$50 for outstanding leadership in the field of literature and Dick received the same for outstanding sportsmanship.

Blitch First to CG Academy

The first honored HHS student to receive admission to the Coast Guard Academy in New London, Connecticut, is William Blitch. Not only has this superior senior brought fame and honor directly to Hialeah, but he, himself, is likewise proud of achieving such a high honor.

Approximately 300 students from the entire United States were remaining after passing their written examinations. But they still have the important step of passing their physical examination, which is extremely precise and severe.

Bill has previously been notified that he has passed all examinations and shall report to the Academy in July, to serve four years in this Military school, after which he will have 4 years remaining to serve the Coast Guard.

Chosen as one of the "Outstanding Seniors" Bill's many extra activities of HHS include being active in both Hi-Y and National Honor Society.

Another high quality which signifies his appointment, is the high score and rank he achieved in the Senior placement test. His superior work and outstanding character and positive leadership, have all combined to make Bill the "true Thoroughbred" he is.

But other HHS boys have this same opportunity, to serve their country and to achieve an honorable military position, as well. Those junior boys interested in the Coast Guard Academy, should see Mr. Robert Mohr.

Hi-Ways Better Than Ever

Ten Honored By Book

The arrival of the '59 Hi Ways answered many questions. Among these questions was the identity of the top ten students in the senior class at Hialeah High School.

These students were selected on the basis of their grades in relation to the difficulty of the courses that they took during their high school careers.

The honored ten this year were Bonnie Jo Bainbridge; Patricia Danzis, Helen Carol Gates, Sara Parise, William Blitch, Frederick Granros, David Mower, Thomas Mulaney, Jr., John Olivero, and Bob Tafel.

All of these students have gained reputations for the outstanding scholastic ability shown during their high school careers and they have lived up to their reputations. The HI WAYS staff offer their congratulations along with the faculty and the rest of the student body to these outstanding seniors, the honored ten.

Buffet Coming Soon

Each year Tri-M sponsors a senior music banquet. May 15, at the Hialeah-Miami Springs Lion's Club, a committee, headed by Gloria Martinez will decorate and prepare for the festive occasion.

All seniors in the music department will be guests; the underclassmen must purchase tickets. At the banquet many music awards are presented, a floor show performed, and the results of the elections of new officers are announced.

Annual Finally Arrives

Well, it has finally come! Yes, that precious book of so many treasured memories has come. On the cover in the left-hand corner in imprinted gold is the seal. It represents the glorious sun with rays extended, symbolizing the different walks of life.

This third volume of the Hi-Ways was dedicated to Mrs. Lorene Miles who, after 34 years of teaching in Hialeah Schools, is thinking of retiring.

The sun shines upon the great and mighty seniors, upon the anticipating juniors and the hopeful sophomores. They have truly had a bright sun shining down upon them this year.

This year because of overwhelming sales success the annual had 8 additional pages. A unique addition to the autograph pages were the charming verses that were printed on each autograph page.

Superlatives Selected

After superlatives votes were tallied up and pictures started being taken, one could hear whispers everywhere seniors gathered asking, Who got "Most Intelligent," "School Spirit," or "Friendlist." Now all is known and secrets are no more.

When told by Bonnie Bowman on the phone Charlene Townsend remained silent and then finally said, "You're kidding, I don't believe it; how could I get "Most Poised?"

Revealed in Carol Hamrick's annual, Jo Ann McCranie expressed her feelings as, "When you told me I could have kissed you."

Charley Murdock of W.Q.A.M. held a dance to honor Hialeah's Superlatives Friday night, May 1st, Municipal Auditorium, at 8:15-11:30. All evening an eye was kept open for the "Best Dancers", Bonnie Bowman and Gary Wall. An informal get together was enjoyed by many of Hialeah High's students.
