Tryouts Scheduled For First School Play

Tryouts for the first school play of the year, "Dear Ruth," started the week of October 20. It will be sponsored by National Thespians, and casting is open to all students of Hialeah High. Copies of the play are available for reading in room 804.

The director, Mr. Joseph White, says that "Dear Ruth" is a very funny comedy which played on Broadway for two years and was afterwards made into a movie.

Performances will be given on December 4 and 5 in the school auditorium. Mr. White says that he hopes everyone attends, because in his own words, "It's a riot."

Student Council Members Return From So. Confab

Four Student Council members from Hialeah, have just returned from the Southern Conference of Student Councils, held in Jacksonville, October 22, 23, 24, and 25.

Accompanied by the Student Council sponsor, Mr. Marvin Goff, the delegates consisted of President Dan Harbolt; Secretary, Barbara Lasseter; Treasurer, Angel Simonetti, and representative John Olivero.

The delegates left Miami by train after school, and spent four days in Jacksonville.

The four days of meetings and discussions covered such topics as Student Council Projects, Effective Planning, and Cooperation between Students and Faculty.

The trip was a great success without a single mistake except for the misfortune of Angel Simonetti who lost the contents of her suitcase, as she tripped leaving the bus in Jacksonville.

Most impressed by the convention was John Olivero, who stated "It was a great experience, and from the information we were able to gather, we should be able to run our own Student Council much more efficiently."

Judy Frazier Reigns as Homecoming Queen

Royalty reigns supreme again as pretty Judith Kaye Frazier begins her rule as this year's Thoroughbred Homecoming Queen.

Elected by the student body of H.H.S. from eighteen nominees, the honor came as a complete surprise to this popular Senior miss. As her predecessor, Queen Marilyn Jones, put the crown on her head and administered the royal kiss, all she could say was, "Aw, you're kidding!" A parade around the football field and a dance in her honor assured her majesty and her pretty court that it was all true.

This is Judy's fourth year at Hialeah High and, with no particular dislikes or pet peeves, her special interests include sports, Hialeah High and Thoroughbred captain, Dick Krtausch.

HER MAJESTY the Queen and her court. Left to right is Joanne McCranle, Pat Jettner, Judy Frazier, Queen and Vivian Holt.

Yearbook Staff Reaches 1,000; Gechtman Sells Highest Total

The 1958-59 HI-WAYS staff met their monetary deadline! If you are an unlover of rock n' roll, you may well appreciate this fact. Every day for about two weeks, members of the staff convened in the cafeteria to play record dedications to those buying their annuals at that time.

Seniors resenting the invasion to their digestion, should please take into consideration that if the staff sold a thousand annuals before October 15, they would get eight extra pages which they could devote entirely to seniors.

Sandra Gechtman, Business Manager, sold more than anyone else, 108, and gets her own annual entirely free. Mrs. Alfreda Miller proudly reports that the selling of one thousand annuals brings the total higher than in any previous year.

On October 15, Mr. Lon Waters of the Taylor Publishing Company, who publishes the annual, visited the journalism office, and gave very valuable pointers and suggestions to the staff.

Bum Highlights Kiwanis Luncheon with Ed. Speech

John Olivero and Lamar Taylor entertained many members of the Kiwanis with speeches on "Education", "What It Means to Me", at a luncheon at Jerry's Restaurant, Oct. 7th, but the highlight of the luncheon turned out to be a speech by a bum off the streets.

When this dirty, bedraggled character barged in he demanded to see John Olivero. John told the quite surprised Kiwanis that he had given the bum a ride while on his way to the luncheon.

After "Stanley Kowolsky", as the tramp called himself, finished his speech, which decidedly proved the importance of education by his apparent lack of education, John told the stunned Kiwanians that "Stanley Kolowsky", was actually Paul Donaldson, of Hialeah High.

Seniors Elect Class Officers

SENIOR CLASS OFFICERS are left to right: Bob Tafel, President; Joe Godfrey, Vice-President; Sherry Dunn, Secretary; and Susan Charles, Treasurer.

Hialeah's third graduation class elected their class leaders for the coming months recently. Bob Tafel won the post as President; assisting Bob will be Joe Godfrey, Vice-President; Sherry Dunn, Secretary; and Susan Charles, Treasurer.

Bob Tafel, the new Senior Class President, is an old "timer" when it comes to class officers, being president of his sophomore and junior class, and accomplishing much during both terms. Bob hopes to make this the best Senior Class ever. He also hopes to uphold senior privileges, and assumes to help the Senior Class as much as possible when needed.

Joe Godfrey, the newly elected Vice-President, is to assist Bob and head the different committees. Although he has nothing in mind,

Joe has several ideas for the future. Besides this new position, Joe is editor-in-chief of the Annual, vice-president of Key Club and is very active in his favorite—doing stunts on the horizontal bar for the Gym Team.

Being secretary for the Senior Class, Sherry Dunn seems like a natural. She is also Secretary in Honoria, her pet club. Keeping all records and transactions for the Senior Class, a good job can be expected from this popular senior.

CHARLES IS TREASURER

Susan Charles, newly elected treasurer, assures the Seniors, "I'll handle the seniors' money as I would handle mine." Money just seems to be an easy matter for Susan to handle.

It has not been decided who the Senior Class sponsors will be this year.

Bullock Off to Miss. For FFA Convention

Ray Bullock of the Hialeah chapter of the Future Farmers of America was chosen from his chapter to represent FFA at the National Convention. There will be future farmers from all 48 states present with an average of 100 chapters to a state. Ray also attended the state convention in Daytona along with John Samol and Jim Wood.

Ray left on October 10, about 3:00 P.M. He will remain there for one week and stay in the Continental hotel. He will travel by car with boys from three other schools, N. M. Advisor, Perry Sistrund. Ray's expenses will be paid by the Hialeah chapter.

Future Business Leaders Looking for New Members

All business teachers have been asking their students if they would like to join the Future Business Leaders of America in H.H.S. First you fill out a form and then you are accepted according to the club rules.

Their first project of the year is to make red and blue clowns that sell for one dollar. These clowns are being hand-made by the members and sold to the student body. If you don't know who is selling them, go to one of the business teachers and they will be glad to help you. If you are interested in getting in the club, contact Mr. Vernon Hall, sponsor.

Hialeah Teens Express Views on Herald Panel

Functioning again is the Miami Herald's Teen Panel, consisting of outstanding seniors from the high schools of the greater Miami area. Among the first selected this year, are Susan Charles, Dan Harbolt, Donna Hermansader, and Bob Tafel, of Hialeah High.

Beverly Paulson, Herald staff writer, is the moderator for the panels and supplies the participants with pertinent topics.

Articles taken from the actual inter-school discussions are published each Sunday in the Herald. The column features teen-age problems solved by teen-agers. Two of the topics published, Smoking and Drinking, and "Should A Girl Ask

a Boy For a Date?" were the products of discussion between Hialeah's representatives and students from Coral Gables.

From the girl's viewpoint, the concensus was that the panel was great. Donna Hermansader claims, "I developed several new opinions that I didn't have before. I found it easy to talk to these people and had no trouble expressing my ideas."

Susan Charles added, "I enjoyed sharing the views of the other students. I feel the whole purpose of the panel and column will be more beneficial if the ideas discussed are promoted in the schools."
