

# Volleyball Champs Retain Top Honors

The air of expectancy was all around. With the defeat of Edison under their belt in both the A and B brackets, Hialeah's teams wait with hope and with confidence. Hope of playing a good game, and confident that they will do their best in the final game against Miami Jackson.

The members of the A team are a little bit more nervous than the others. They keep remembering the title that they are defending, the title of Bracket A Champions won the previous year. They have gone this far undefeated, but can they take the one last and biggest step; the step of becoming champions and keeping their title.

In the final games the A team swept to victory to add another title to their already "gotten" one. With the "A" team's win still in mind the B team matched their sisters by gaining their B Bracket Championship. Winners and still champions are Hialeah High's Volleyball Sports Day Teams.

## Popular Game Attracts All-- Young & Old

Tennis is growing by leaps and bounds in popularity every day. If learned as a youth, the game will stay with you and be a favorite pastime or hobby. It is played by adults as well as beginning youngsters.

Tennis is one of the oldest games played with a ball. It began with the Greeks playing with a crude ball, but the French began the modern game in the Middle Ages. Through the years it has progressed and bettered itself until we find the modern games played on well kept lawns or smooth hard concrete courts.

The game may be played by two or four persons. It is played with a ball and rackets. The balls are usually white, as is all tennis attire, and the racket frames are usually made of ash or hickory netted with nylon or cat gut.

The object of the game is to knock the ball over the net so that your opponent cannot return it. The server starts the game and continues to serve the whole game. He gets two tries to get the ball into the serving box. If he fails, it is a double fault. At the end of the game the receiver becomes the server and continues to serve until the game is over.

A game consists of points scored 15, 30 40, game. A set is six games and a match is the best 2 out of 3 sets.

Once a player lays the foundation of tennis and knows the fundamentals of playing, he can enjoy tennis and have a game that he can play after he is no longer a high school student.

## Racket & Club Used in Sports

The leadership classes advance. Miss Alliene Swain's class is learning the fundamentals of tennis and are regressing to the origin by playing on the lawn. In the case of H. H. S. students, the lawn may be termed "football field."

It is also reported that as soon as Miss Swain learns to put the famous Thorobred bus into reverse, her group will traverse in style to the regular tennis courts.

Miss Quinn Kelley, alias "Sam Snead" is instructing the members of her class in the basic strokes of golf.

The girls will go to a driving range to insure the safety of the school windows.

## 57 Won Out of 60

The Physical Education Department has something of which we can indeed be proud. Since the time when the school officially gained its title of Hialeah Senior High their sportsdays teams have played 60 games. This in itself is an accomplishment.

The outstanding note of the 60 games is that the girls have won 57 of them! The teams in the past have given H.H.S. students something to be proud of now, and a standard for the future teams.

TOP LEAGUE FORM is displayed by Carol Albury as she lines up for a strike.

## A.J.B.C. Holds Hidden Advantages For League Bowlers at Low Cost

All Hialeah High students who bowl in one of the school leagues receive hidden benefits of which they may not be aware. Sometime during the league, a quarter was paid which entitled membership in the American Junior Bowling Congress.

The A.J.B.C., a branch organization of the American Bowling Congress is spread over the entire nation. It could be said that this league is "really big."

One of the benefits of Junior Bowling Congress is that you play in a sanctioned league. A bowler can gain recognition for doing outstanding things such as shooting an exceptionally high score, a high set (set consisting of your three games each week), a triplicate (three identical scores in one week), being on the first place

team at the finish of the season and other worthwhile bowling feats.

Membership in the A.J.B.C. entitles the bowler to compete in at least three handicap tournaments during the year. The first is the Christmas Tournament which has singles and doubles competition for both boys and girls.

At the end of the year the Miami News holds a city tournament to find the best boy and girl bowlers of the year.

A national tournament is also held with over 50,000 young bowlers competing yearly. Larry and Mike Karpchuk were two of the state champions last year.

The leagues are still open to those interested in bowling and good competition. Think of all the benefits of membership in the American Junior Bowling Congress for only a quarter!

## HHS Students Get Benefit From Instructor

Hialeah High students are receiving the benefits of having Mr. Fred Valentine of the Hialeah Recreation Department give them lessons and helpful pointers on their game. Mr. Valentine is available every Wednesday from 3:30 to 6:00 for interested parties. He is also at the Municipal Courts on Saturdays and Sundays for those who wish extra help.

Mr. Valentine is helping the Hialeah Tennis Team to get organized this year. The instructor watches over the team with an eagle eye to catch any defects in their strokes, grips, and service. He is helping the team until Mr. Jack Kasper, H. H. S. tennis coach, can take over.

All persons interested in the tennis team or just the fundamentals of the game are invited out to a "learning" session on Wednesdays at 3:30.

## H. H. S. Holds Mass Pep Session

With the feeling of victory in the air and school spirit disseminating everywhere, the 3000 students at Hialeah High attended a huge pep rally on October 23. This was the first pep rally of the year where the whole school cheered together.

Being held the day before the Edison, Hialeah football game and the day of the Girl's Volleyball Tournament, all of the pupils really showed their true colors, RED and BLUE! Our visitors were shown what our rallies are really like!

## Grin, Grin, Grin For Friendship Backed by GAA

Smile! It doesn't cost a thing, was the motto coined by the G.A. Club.

The Girls Athletic Association (G.A.A.) is sponsoring a Friendship Week, November 10-14.

A school wide selection will select a Mr. and Miss Friendship. The nominees will be put up by the different service clubs around school. The nominees do not necessarily have to be a member of the club that nominated them.

A bulletin board of the candidates' pictures will be shown. Their pictures will also be in the feature section of the Annual.

A fee of twenty-five cents will be required with each candidate. The money will be used to buy trophies to present to the winners.

Nominations are to be in to the Girls' Physical Education Department by November 5.

## Girls Play Hockey

Girls' Physical Education classes, 10th grade, are learning field hockey, one of England's most popular sports. In the six weeks that they will have it, they will be expected to master the rudiments of the game and have developed some skill in playing it.

The 6th period class might have some trouble as they will have to dodge the marching band as well as the football players, as well as their own class mates.
