

ADDING THE SPECIAL TOUCHES to the trophy display window is Charlene Gould, president of Y-Teens.

N. F. L. Debates At Tournament

Hialeah High National Forensic League once again played host to the local chapters of N.F.L., when it sponsored a debate tournament last Thursday, November 20.

The tournament ran from 4:15 to 8:00 P.M. with the various teams debating the pros and cons of the American educational system.

It consisted of novice, as well as varsity competition, which allowed many applicant members to earn points toward membership. Each student is required 25 points for membership into N.F.L.

The major purpose of N.F.L. can be summed up in the following statement by Angel Simonetti, "The debates allow us to make new friends, develop our speaking abilities, and discuss a topic of worldwide importance. Besides, it's fun."

MMM Flag Contest

MMM invites the entire student body to participate in a contest to design a flag for HHS. This would be another first for HHS. It is to be standard size, and is to fly each day beneath the state flag.

Entry blanks for the contest are available in the chorus room and from members of MMM. The final entries will be selected by Mr. Everette Pease, Miss Janie Long, Mr. Bill Inglis, Mr. Marvin Goff, and an official committee, before Christmas.

MMM will invest the necessary funds to have the flag manufactured.

Honorias Serves TB Association

Busy! Busy! Busy! These are the familiar words that describe any HONORIA girl or sponsors, Mrs. Jean Lugo and Miss Shirley Wright. The month of November held many fun-filled and hard-working hours for new pledges and old members. With the committees officially organized and projects planned, Honorias sets a firm grasp on the year with the idea and hope of becoming one of H. H.S.'s most outstanding, friendly service clubs.

The sock-hop after the football game and offering club services to the P.T.S.A. set the wheels in motion for a busy and enthusiastic year. During the past P.T.S.A. meeting, a welcoming committee made name cards and helped with the serving of refreshments. Girls were also sent to the Tuberculosis Association to help address and stamp cards, as well as the weekly visits to the Children's Cardiac Home.

A formal initiation combined by Wheel (brother) club and Honorias has been planned for December 8 to be held in the school cafeteria. Sixteen Honorias pledges and 20 Wheel pledges will reverently accept the vows of membership assisted by the officers.

For those of you interested in having your car washed, Honorias is having a car wash, December 13 at the Miami Springs Recreation Center.

Future Nurses in District Meet

Future Nurses Club attended a district meeting held at the Beaumont Hall in the University of Miami on November 15.

Members who attended spent the morning registering and touring the University's new dormitories. They had lunch in the cafeteria, as a guest speaker gave a talk on the field of nursing.

Quiet!

Y-Teens at Work

Blend service, smiles, school spirit and an endeavor to understand people of all nations together, and you will find the outcome of Y-Teens.

Many activities are planned for the year of 1958-59, most of which are promoting school spirit. Y-Teens plans to cover the floor of the main trophy case with black velvet. H.H.S. trophies are its prize possessions; therefore Y-Teens feel they should be cared for in the finest way.

At the home games, Y-Teens will sell red and blue balloons to help students feel like cheering.

Hi-Y, the brother club sponsored with Y-Teens, has presented the school with the Library Boxes which hold library books for stu-

dents who are unable to go to the library.

In February, Hi-Y and Y-Teens will be very busy getting ready for the "Sweetheart Dance." This year it will fall on Saint Valentine's Day. "Everyone who attends this dance always enjoys himself tremendously," exclaimed Sigrid Tobiason, Vice-President.

At present Y-Teens of Dade County are planning a World Fellowship Organization. Money made from this dance will go to needy people all over the world.

Just recently, 40 girls from HHS were chosen to join Y-Teens for 1958-59. Wilene Porter who is membership chairman, said, "It was a very difficult task to choose the members, but I'm sure they will all be an asset to the club."

Wheel to Sell Pep Ribbons

With an enthusiastic smile and twinkling eye, Bill McIver, president of Wheel Club, states humorously, "Certain other service clubs are going to have to run in the race for the outstanding school trophy."

Starting the year off with a chain reaction of events, this boy's service club gallantly offered their noble services to the cheerleaders by building a large wooden, cheering platform located in the patio behind the Home Economics Department. This enables the cheerleaders to be seen and heard much better, by the students, during the pep rallies.

After tapping new members, Wheel, and sister club, Honorias, are considering plans to hold a formal joint initiation complete with music, candles and formal attire.

Another important school service event of the year by the two clubs will be the completing of the signboard located in the northeast section of the school grounds.

During basketball season, Wheel, also in the school spirit mood, plans to sell pep ribbons to the students. Every other football game, Wheel members donate their artistic touches to master the paint and brush, from which is created a "Beat Central Catholic or Jackson" sign.

A new American flag was recently given to the school and senior parking lot is now being patrolled,

by these industrious Wheel members.

Under the careful supervision of Mr. Bob Eskew, sponsor, and guidance of their adult club, Rotary, the officers and members of Wheel are striving and working together to make H.H.S. one of the finest schools in Florida.

Other newly chosen officers for this year are: Phil Giberson, 1st vice-president; Jack Whicker, treasurer; Randy Harper, corresponding secretary; Mike Nickolas, recording secretary; Mike Little, sergeant-at-arms; Paul Donaldson, parliamentarian and Otis Pewitt, chaplain.

Dramatics Class Presents Play

"Trusting Place", a comedy, has been chosen by the students in Mr. Joe White's third period dramatics class to present to the student body of HHS, at an assembly, the date to be decided.

This is Mr. White's only class which decided they wished to present a play, so far this year. Because this is a class project, roles in the play are restricted to that particular class only.

Those students who aren't in the play will work on different committees, having some connection with its presentation.

HIALEAH HI-JINX

FROM THE GRIDIRON

I hear from the grapevine that Coach Lannom has a new football prospect shaping up. It's Joyce Grassman at five foot 95 pounds — could replace Tafel at half-back!

It seems that the junior members of the "Big T's" are accident-prone, particularly Larry Camp and Bill Mainor, who have cornered the market on bandages.

PIGSKIN AND POTATO SALAD

A group of animated athletes were just about to dig into large bowl of Bob Tafel's delicious (?) potato salad, when a flying object smashed into it, splashing said ingredients all over poor Dickie Krt-

ausch! Luckily the situation was remedied by the use of Mike Little's shirt and the capture of the culprit, which was not a flying saucer, but Bill McIver and football.

FOR THOSE IN ORBIT:

Keeping up with our current "cool jazz" trend, Bunny Williams has a new sound. If any of you cats want to be sent way out, lend an ear to Bunny!

BITS N' TIPS

Unknown to many at H.H.S., the sports editors of Dell magazine's Basketball Edition have named Bernie Butts the Top High School Basketball Player in Florida. It's quite an honor for Bernie and for Hialeah High.

Hey, Pat, (Deese, that is) what's this I hear about you chasing boys into the telephone booths? (Any poison-pen letters can be sent to room 313).

HOW COME: the journalism students are the most quoted in the whole school, Bill Hamilton is the way he is, Bill Halfacre doesn't buy the other half, Susan Charles IS the wonderful way she is, and why, oh, why do people want this to be a "Who-was-holding-hands-with-who-in-what-hall" type of column??

Anchor Supplies Sewing Baskets

"Oh, my goodness, my hem is coming out," screamed Lana Benhn, a junior. "What will I do?" I guess Lana hasn't noticed the neat little sewing baskets in the girls' restrooms.

These baskets were placed there by the Anchor Club. The contents of the baskets are: thread, needles, straight pins, safety pins, and scissors. This is a very helpful little item because out of all the girls at Hialeah at least one of them has a falling hem, a ripped sleeve or a broken zipper everyday.

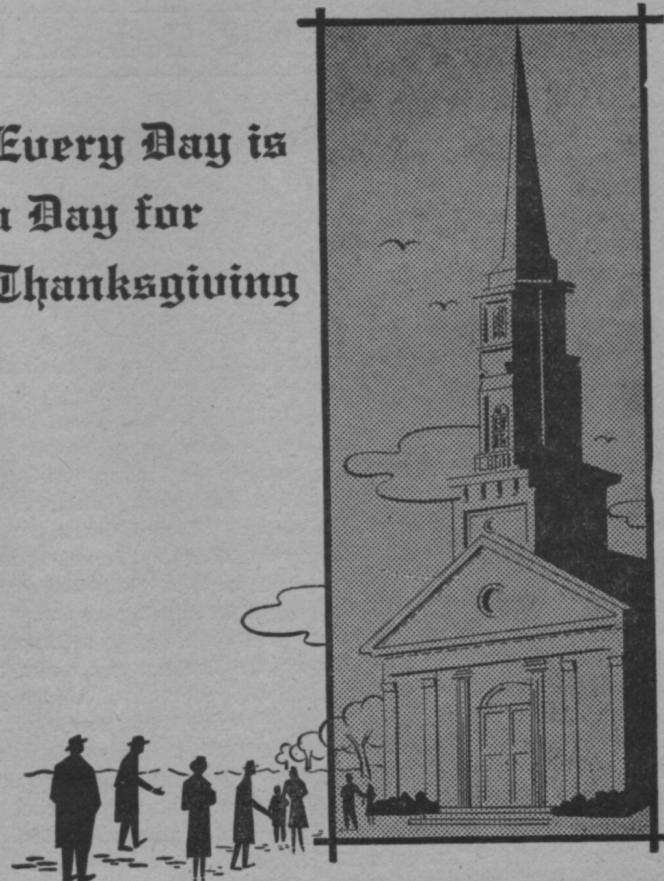

In the past years when a repair is call for the Home Economics Department has been the place of refuge. But now the HHS girls who just can't seem to stay glued together do not need to bother Mrs. Lois Deerman, Home Economics, but instead may go to the restroom and take advantage of the convenience offered by the Anchor Club.

Tri-M Selects Music Students

Many memories will linger with the passing of the month of October. But outstanding memories of great importance, such as the first grading period, and tappees for the various organizations of H.H.S., linger on.

Modern Music Masters, the International music honorary, Chapter No. 192 of HHS, selected and approached 100 music students, who achieved an average of B in academic standing, and an A in the music area in which he or she serves.
