

# 2,700 Thoroughbreds Begin 1956 Second Semester

You have passed the half-way mark. You have completed half a year's course. Now you stroke your brow and sigh with relief, for one half credit is in the bag.

Just because you've carried the ball this far, to the fifty yard line, doesn't mean you have made a goal. Neither do you ride a horse into the middle of a stream and then quit.

You no longer have that sick feeling about exams. They're done and over with. But stop and think! Those exams would have been a lot easier if you hadn't been worried that you might not pass.

If you start to work today with the attitude that you can't be defeated, that your grades will be good, that the school is yours to get the most out of, you cannot help but

have a happier life the rest of the year.

If you make good grades, the whole year through, you won't have to worry about the final exams at the end of the year. If you study during the last semester, you can't help but have a thorough knowledge of the entire course. With knowledge, comes self-confidence, an important factor in education.

YOU and only YOU can make yourself buckle down with those books which seem a dead weight.

You cannot expect to learn anything if you shove your books in your locker every night, and leave them there to collect dust. No, now is the time when you make that all-important decision whether to pass or fail your course.

It is only through hard work and persistent studying that you or any other student can make this a better semester than the last one.

Now is the time to make that resolution and now is the time to improve yourself, your grades, your work thereby making yourself a better and more useful citizen of your school and your community.

## Learn Regulations Needed for Large High School

### 17 Bandsters Receive Their Letter Jackets

Members of the Advanced Band and eleventh graders are now resplendent in shining jackets embellished with six-inch letter H's. The letters are white with the word BAND printed in bold blue letters across the middle line of the H.

Qualifications for the letters were that the student should be in the eleventh grade, a member in good standing, one who is loyal in all performances, and has shown co-operation.

Those who received letters were Joe Wall, Katherine McGee, Marleen Bowen, John Heisel, Robert Newman, Richard Brice, Arlene Browde, Mike Davis, Roger Dewhurst, James Edwards, Judy Ertle, David Goodwin, James Harvey, Edward Harvey, Glinda Rice, Danny Thomas, and Lynn Wright.

### Lindsey Hopkins To Sponsor H. H. S. Classes

Lindsey Hopkins Vocational School is sponsoring classes at the Hialeah High School, 251 East 47th Street. Registration fee is only one dollar per semester. The new semester will begin on February 1 for the Monday and Wednesday evening classes and on February 2, for the Tuesday and Thursday evening classes. Classes meet from 7:00 to 10:00 p. m. and the schedule is as follows:

Art, Mr. Myers, T-T; Bookkeeping, Mr. Podray, M-W; Shorthand, Mrs. Pringle, T-T; Typing, Mr. Hartzell, M-W; Typing, Mr. Nederveld, T-T; Industrial Arts, Mr. Bailey, M-W.

### Salek's Class Invades Earnest's

Jerry Salek's English 11 students came in to teach Charles Earnest's American history 10 classes, third and fourth periods on January 10.

The topic used was the relationship of American literature to American history, and the importance of one to the other.

Those who taught the fourth period were: Chairman, Sue Fickling, Ann Smith, and Jean Tyler.

Those who taught during fifth period were: Chairman, Marilyn Martin, Leonard Pardue, and Linda Thomas.

Each student talked and taught on two topics. They asked and answered questions on their topics. Classes were given a chance to comment.

Topics under discussion were Colonial times, 1607-1775; Revolutionary times, 1775-1800; Flowering East, 1783-1800; the Westward Movement, 1800-1950; Civil War, 1861-1865; and Realism, 1900-1956.

# HIALEAH HIGH RECORD

VOL. 2, NO. 8

HIALEAH HIGH SCHOOL, HIALEAH, FLORIDA

JANUARY 30, 1956

### Get Registered

All schools of Hialeah were notified last week by the Hialeah Juvenile Aid Bureau that bicycle registration is required by law. Parents may be fined for any bicycle found on the streets after February 29, which is not registered or does not bear a current (1956-1957) plate.

If a plate is lost, a new one must be secured within one week. Plates will be good for two years and will cost 25 cents. These plates should be attached securely, preferably with bolts through the two holes punched in the tag.

Bicycle owners must have proof of ownership for registration. New plates will be issued on last year's copy of the registration slip, for that same bicycle.

Since 267 bicycles were stolen in Hialeah last year, these steps are being taken to reduce the number. Most of those reported stolen did not have a tag.

Plates are available at two bicycle shops: Bauer Bicycle Shop, 17 E. 8th Street, Phone TU 8-3234; and Hialeah Cycle Shop, 4086 E. 4th Avenue, Phone TU 7-2516.

This information applies to owners of bicycles who live in the city of Hialeah and not to Miami Springs or Opa-locka areas.

### Hialeah High Has Thespians At Long Last

If everything goes as expected, during the last week of January, nine of Hialeah High's students will be initiated in Thespians, a national dramatics organization. They are: Patricia Bain, Charles Castellucci, Ray Charles, Pat Claar, Robert Clavier, Ailon Hall, James Harvey, Ray Martinez, and Robert Page.

Troup No. 1576, as they are to be known, will be sponsored by Mrs. Angeline Skipper.

If plans go as expected, students from Miami Jackson High School will conduct the initiation one afternoon at four o'clock.

The charter has been received. As soon as a frame can be purchased, it will be hung in the Little Theater where everyone can see it.

The nine charter members have worked for quite some time to be eligible for Thespians. They have not only been in plays, but they have worked back stage on properties or helped with make-up, they have sold tickets, and helped clean up after the plays.

### Duke Wants To Hold Forum

Byrd V. Duke, City Councilman at Hialeah and Chairman of School Committee, remarked in an interview recently that he hoped in the near future to develop better public relations with the student body and the city.

B. V. Duke said that he plans and hopes to have a Bar Association Forum in which the students can understand more about the laws that affect the citizens of America. It is expected that if this forum is brought in to effect it will consist of a group of prominent lawyers of the state of Florida presiding in the discussions and subjects discussed.

Mr. Duke also remarked that the forum might be presented here at an assembly at Hialeah High.

This project should promote further interest in the Civic program of the City, state, and nation.

The School Committee also has other plans for the schools in the future here at Hialeah High, but are not at liberty to speak of them at the present date.

### Sorry, Our Mistake

The Record is sorry that the name of Larry Castro (8-9) was left off the Dean's list for both the first grading period and the second.

Now that the first semester has ended, and the second semester has begun, don't you think perhaps that everyone has had an opportunity to get acquainted with Hialeah High?

But new students have been coming into our school constantly, and many are bewildered by our school. It seems that they never can get straightened out. We've set down a few facts that might help you.

Take, for example, the fact that Mr. Everette G. Pease is principal. His secretary is Mrs. Mary Walton. The other workers in the main office are Mrs. Ruby Harris, Mrs. Mildred Hillard, and Mrs. Phyllis Johnson, Registrar. They are always willing to help you.

The deans are Mr. Charles Ashworth and Mrs. Alice Shepard. Mrs. V. Anderson is their secretary.

When your parents call the school it's usually Mrs. Hillard who answers the switchboard.

Mrs. Dorothy Phlorn, better known to the students as "Casey," runs the bookroom. If you lose a book, you go to see her. If you lose a coat, sweater, fountain pen or purse you go to room 119. Mr. Thomas Heaps is in charge of this Room and all school activities.

Hialeah High has 40 classrooms.

The coaches' office is located in Room 814, newspaper office room 311.

The Little Theater is in Room 804.

When you are sick and want to go home, don't just head for the clinic. Check in with your teacher first or you might be put down as truant.

After you return from an absence go to: Room 311 if you are a seventh grader; Main office if you are an eighth grader; Library if you are a ninth grader; Room 507 if you are a tenth grader; Room 119 if you are an eleventh grader.

Thirty minutes is allowed for lunch with five minutes between classes for passing.

### Are We Taking Easy Way Out?

This is a report for all the people who are continually saying that the students in the Dade County School System always take "The Easy Way Out" in selecting their subjects. These percentages are from an interpretation of the 1954-55 statistical report on the Dade County schools:

Of the 21,208 students in grades 9-12, 68% took algebra, and the other 32% took basic or functional math.

Of the 14,557 students in grades 10-12, 37% took geometry.

Of the 4,975 students in grades 11, 28% took chemistry.

Of the 3,910 in grade 12, 17.3% took physics.

Another interesting fact is that only 400 out of the 21,208 students quit school but a sizeable number of these returned to school later on. This then, will prove that students today are industrious and hard-working in school as ever before.

Coach Jerry Salek's third period class practices up on their teaching methods for the "real thing" which they tried on Mr. Charles Earnest, head of the Social Studies Department, third and fourth period history classes. The teachers at the board are (left to right) Marilyn Martin and Sue Fickling. The teacher at the desk is Leonard Pardue.

### Salek Announces '56 Track Schedule

Coach Jerry Salek has just announced the 1955 track schedule. The meets which Hialeah will participate in are as follows:  
 Feb. 24—Hialeah-North Miami—Moore Park—Afternoon.  
 March 2—Riverside Military Academy—Miami High—Hialeah—Moore Park—Night.  
 March 16—Miami High Relays—Moore Park—Afternoon, Night.  
 March 24—University of Miami Relays—U. of M.—Afternoon.  
 March 29—Hialeah-West Palm Beach—U. of M.  
 Miami Jackson-S. Broward at S. Broward—Afternoon and Night.  
 North Miami-Lauderdale—S. Broward—Afternoon and Night.  
 April 6—Miami High Invitational—Moore Park—Afternoon and Night.  
 April 20—Hialeah-Curley-Miami Beach at Miami Beach, Afternoon.  
 April 27—Hialeah-North Miami-Curley—Moore Park—Night.  
 May 4—Regional Meet—Moore Park—Afternoon and Night.  
 May 12—State Meet—Gainesville, Florida—Afternoon.  
 The returning lettermen who will spark the team this year are Ed Gray, Jim Whitten, John Knight, and Ralph and Ray Morris.

### Hialeah Surprises Riverside Military Academy, 71-63

Starting with a bang the Hialeah Thorobreds defeated Riverside Military Academy 71 to 63 at the Thorobreds' gym before a small crowd of about 150.

Don Goodman and Skip Van Luit paced the winners with both scoring when the Thorobreds needed it. Goodman wound up with 27 points. Van Luit had 19. Dick Brashear played a wonderful game for the Riversiders from Hollywood. He scored 34 points and was the only thing that kept the Hialeans from running away with the game.

This was the first game for the Riverside players since before the Christmas holidays. They are originally from Georgia, but they spend the winter at the Hollywood Academy. They had only a week's practice before the game.

In the Jayvee game the Thorobreds came back after a losing first quarter to score 67 points in the final three quarters to the Riverside team's 27. The Thorobreds won the game 75 to 42. Fred Grimes, Bob Guarino and Dick Krtausch each tallied 14 points and Bruce Walton scored 11 points for the Hialeah team.

Richard Dienst scored 15 points for the losers.

Here is the varsity box score:

DICK VAN LUIT goes up for a layup in the North Miami game. The shot was good but North Miami won 53 to 38.

Hialeah's basketball team just couldn't get started against the Pioneers of North Miami who forged ahead at the first break. The Pioneers' Dick Maureau and Vennie Pent hit for 13 points apiece backed by Gray North who racked up for 11 points put their team out to an early lead with the score 18-23 at the half finishing with the score 53-38 North Miami.

Don Goodman and Larry Woods who were getting mostly all of the rebounds for Hialeah hit high for 11 points followed by Jerry Askowitz with 6 points.

### Elevator, Elevator, We Got the Shaft

Hialeah's full court press in the final minutes didn't quite pay off as the Thorobreds dropped a 49-45 decision to St. Patrick's at the winner's gym.

In the first meeting of these teams the Hialeah five edged out a three point victory winning by using a full court press. The same thing was tried in this game but the rally failed.

Jerry Askowitz was high scorer for the Hialeans with 11 points. Don Goodman tallied 9 while Larry Wood hit for 8 points. Joe DiMare was high scorer for the 'Rocks' with 18 points.

Roy A. Brawner, Hialeah coach, and the St. Patrick's coach argued with the referees during the whole game. This proved to make the referees conscious of their calls.

## Are You Getting the Most Out of School?

Today it is known that there is a tremendous need for more and better schools and classrooms, also more qualified teachers.

But some students are letting this knowledge ruin all chance of a good education. You know that there are many schools that are highly qualified to turn out students of better learning.

The attitude of many students is lackadaisical. Many students want to take the "easy way" out. It is such a simple, unmeaningful way to take. Seeing that very few important courses are required of a student to graduate, he takes electives that may be useless to him to fill out his time and meanwhile he warms a seat in his classroom. At the end of the year he has

another credit. This elective was probably for entertainment and credit rather than for work after he graduates.

Why aren't more students interested in taking up courses in physics, chemistry, or majoring in a specific scientific field?

Hasn't this generation any interest in the future of the country they are to live in. Maybe they don't care, or they are too preoccupied in their social life.

There must be a reason for this don't-care attitude. There must be an answer and something should be done.

As a student, as a citizen, of this great country, what are you doing?

## Your Club Has A Job!

By WAYNE ARNOLD

Your own club and the others of Hialeah High as well as those throughout the land are the foundation and the real strength of our school.

Your club is not a fraternity or secret organization. It should avoid cliques and its meetings are open to the public at all times. If your club is properly operated, it will bring all the other school organizations in closer co-operation with each other through its service program.

The value your club can render to the faculty, the student body, the school, and the community is

unlimited. On the other hand, it can be important or of little value. The tools are there. It must be your responsibility to make your club the worthwhile organization it potentially is.

Your club must seek out and develop the activities that will be of the greatest value for the greatest needs, and your club can indicate its initiative by developing projects to take care of those needs.

Work to make your club the best by endeavoring to promote interests in your activities and projects. In doing this you can serve yourself while serving others.

## Polio Is Not Licked, Yet!

By MARLEEN BOWEN

Polio, commonly known as poliomyelitis, is a dreaded disease to humans of all ages. It may strike any time, any place, or anyone. This disease is one which attacks the muscles of the body, causing a temporary or permanent paralysis. The result of polio in the case of a small child means slow and painful process to the recovery of his tiny diseased body. If the paralysis is permanent, the child is compelled to be the companion of heavy unattractive braces needed to support his sick muscles.

If polio attacks the adult, the pain and suffering is still there, but with it, an added worry of how he can feed his family while the disease runs through its lengthy course.

Half the battle of polio was conquered by the discovery of the Salk vaccine which produces immunity,

to most cases, when injected at intervals.

Polio is not licked, but it's on its way through great discoveries such as the vaccine.

There is only one major hospital in Florida that handles polio cases, the Variety Children's Hospital. It has both adult and children patients. This hospital has a research laboratory and a rehabilitation center. In its entirety, it is a modern and complete medical center for all victims of polio.

The financial problems of polio is an important one. It costs thousands for one patient to be treated. The problem has been aided to some extent by drives and campaigns, but this problem is still a growing and lasting one.

Help the polio fund and help those afflicted.

Polio is not licked, yet!

## Do You Cheat? A Fishy Story

Are you a cheater? Do you have difficulty in keeping your eyes on your own paper? If any of the above questions apply to you, you are in serious trouble.

In the good old days the custom was to study for a test. But nowadays students don't seem to be able to pass one without a cheat-sheet.

Students are really just hurting themselves for later years. Maybe you are getting by with it now, but not for long.

Now more than ever before a person is graded on his honesty, as well as good conduct. If you want to get along in this world, live up to expectations.

Study hard and do your best. Forget your old cheating habits, and really go to work and study. Remember often cheating is a crime, and "Crime Doesn't Pay."

Betty Jesse of section 10-13 has for her assignment in biology an aquarium. At the beginning the aquarium had six fish. About two weeks after the project had started, one of the scavenger fish died! This then left five. Over the Christmas holidays one of the fish was eaten by the other four fish. It was eaten because no one was there to feed them and they were hungry. This then left four. Thursday, Jan. 12, Betty sought two catfish to put in the aquarium. That night she put the fish in water and put blankets around them so they wouldn't freeze. But to her dismay she woke up on Friday the 13 and found her fish frozen to death. They were so stiff you could have stood them up straight, and they wouldn't have fallen down. The ones at school are still living, that is, until they get hungry again.

## Shakespeare Has Revenge On Students

By BONNIE CLARK

"Friends, Romans, Countrymen, lend me your ears . . . will ya shut-up and quit laughing at me?! Now let's see, where was I? . . . Oh, yea, . . . I come to bury Caesar, not to praise him . . . So let it be with Caesar, the noble Antony . . . no, I'm Antony, the noble Bruto . . . Oh what's the use? I guess I'm just not a Shakespearian. Do I have to go on, Mr. McDavid?"

Yes, many of these victims of Shakespeare are whining out their excuses to Caesar . . . ahem (blush). Mr. David, but somehow they just don't work. With a forlorn look they turn to go back up front and start again. Let's try another quotation.

"Romans, countrymen, and lovers? (what corn). He . . . ar me for m . . . y cause and be silent! that you may hear me."

"No, No! Noooo!! In heaven's name not that way!"

After a brief instruction he tries again although many wish he hadn't.

"Friends, Romans, Countrymen, lend me . . . Hazel Rohr, stop talking. You're very impolite!" (Sniff, snob, snuff).

"Mr. McDavid, I want to go to the library."

"Let Nell finish her poem first. Proceed, Nell."

"Well, wait till I catch my stomach. I think my butterflies are having a rat race with each other.

At the end of the period, pale, green, icy fingered creatures make a bee-line for the door, wide-eyed and dazed. If such a creature runs around the school like a guy just out of Chattanooga, yelling "Hail Caesar," shoot him and say he broke his leg.

## Marcia Sounds A Warning to All

Have you ever checked a book out of the school library? Well, even if you have here's something to keep in mind when you decide to get a book.

First, always check to see what the return date is. This is the voice of experience speaking. When you have an ordinary book such as a biology or fiction story, the amount of time allowed on the book is seven days. But when a book of poetry or such is checked out, they are called "overnight" books. And here is where it is important to be cautious and observant. Why? Because every school class period that you have this book over the time allowed, each student is obliged to pay five cents each period or 30 cents a day.

In one of my classes I was required to have a poem for an assignment. I went to the library to borrow a book on poetry. Not realizing that most books like this are "overnight" books, I kept it for four days.

When I discovered that it was marked in this way, I asked one of my teachers what the dues would be. She told me the shocking truth and facts. On the double I went to the library, asked the librarian what the cost would be, and much to my surprise it amounted to \$1.20. After learning the hard way, I guess I'll always be a little more careful.

Now, I'm not arguing with the library rules; I just want to keep the rest of the school "in the know."

Anybody got a dime for lunch?

## From the Horse's Mouth

By BONNIE CLARK  
MODERN HIAWATHA

He killed the noble Mudjokinins,  
Of the skin he made him mittens,  
Made them with the fur side inside,  
Made them with the skin side outside.

He, to get the warn side inside  
Put the inside skin outside  
Put the warm side fur side inside  
That is why he put the fur side inside

Why he put the skin side outside  
Why he turned them inside outside.  
Excuse, please, Mr. Longfellow.

TWIZZLERS

If a woodchuck could chuck wood,  
how much wood could a woodchuck chuck if a woodchuck would chuck wood? If a woodchuck could and would chuck wood, how much wood could a woodchuck chuck if a woodchuck would and could chuck wood?

HOTTENTOTTED

If a hottentot tot taught a hot-

tentot to talk e'er the tot could tot-er, ought the hottentot tot be taught to say aught, or nought, or what ought to be taught her?

Had enough about hottentots? If not, try this one? If to hoot and to toot a hottentot tot be taught by a hottentot tutor, should the tutor get hot if the hottentot tot hoot and toot at the hottentot tutor?

FOR AUTOGRAPH BOOKS

A doctor fell into a well  
And broke his collar bone,  
The doctor should attend the sick  
And leave the well alone.

BOYS ONLY READ THIS

Out of two thousand four hundred and seventy four girls, there will be two thousand four hundred and sixty-eight who will read this. The other six will be blind.

"I want to know how long girls should be dated?"

"Dopey, the same as the short ones, of course."

## Oscar Finds New Home

By AILON HALL

Quick! Call the little men in the white coats! Hialeah High has three slightly cracked goofs running around loose. They see, talk to, and talk about animals that don't seem to exist.

Take for example, one day in physical education, Beverly Larson, Judy King, and Ailon Hall were sitting in the girls' locker room. This isn't the usual procedure. Ordinarily there is a great variety of activities going on, field hockey, basketball, archery, but since the cold weather has set in the physical education teachers have taken pity on the gals. They meet in the locker room to dance. Some real jazzy bop tunes were playing, but Beverly, Judy, and Ailon had better things to do with their time. They talked about their pets.

Oscar Finds A New Home

Beverly has a dog named Geronimo. He's white, but Beverly doesn't always keep him clean; in fact, most of the time he's a dirty black.

Judy has a dog too, named Hercules. He's really very smart. You should see him!

Oscar, Ailon's pet, is different. He's a flea. Oscar has always made his home on Geronimo, but last week Beverly washed Geronimo and forgot about Oscar. He went down the drain.

Ailon had an ingenious plan though. She put Draino in the drains and Oscar came back up. A little bit damp, but up, any way.

Judy decided that if Beverly was getting so forgetful that she couldn't remember to tell Oscar to get off Geronimo before she washed him, and Geronimo evidently didn't care, then Oscar shouldn't be allowed to

## What A Purse!

Girls are noted for stuffing everything imaginable into their purses. If the purse is small it still seems to contain just as much if not more than if it were big.

Let's look into Joan C. T. Swimm's purse after it had been cleaned out. The purse which is only 6 1/2 inches long and 4 1/2 inches high contained the following articles:

A neck scarf, a head scarf, gloves, comb, a mirror, a bottle of cologne, tube of lipstick, two eyebrow pencils, scissors, a rabbit foot, and five picture holders. A wallet containing nine cents, an emory board, two identification cards, three advertising cards, Home Economics notes, a piece of notebook paper, 10 Kleenex, 84 pictures and a Red Cross membership card. Also in the purse were a pair of socks, two pencils, and a ball point pen.

## Are You Different?

By JOE MILLER

Are you different? Does your nose look like a banana? Are your eyes crossed? Do you comb your hair with a wash cloth? If any of these or other differences apply to you, don't feel hurt.

Look around you. Do you see a perfect boy or girl? Oh, Sally has a beautiful figure, but look at her feet. She wears a size ten shoe. Although her feet aren't the most beautiful in the world, she has other outstanding features. She is always smiling. She has a nice personality. She does very well in her school work and takes part in school sports. You see, even with big feet, you can be well liked.

What about Bob? He has to wear glasses. What's so different about specs? There's nothing different except Bob's are an inch thick. But he happens to be going steady with the most beautiful girl in school.

Take a hint from these people. Even though you have an inferior feature or two, take a look at your good features. You'll get a surprise. Remember, good features generally overshadow the bad ones. P. S. If this article doesn't give you any comfort, you can always shoot yourself.

return to Bev's Geronimo. Oscar should go to live on her Hercules!

That was an excellent suggestion, and it was soon decided that was best.

Geronimo used to attend school, but now he stays home to keep an eye on General Custer, the cat.

Oscar has a new girl friend, whose name is Maggie; and she's a gold digger. We know she is because she lives in Judy King's wallet.

Judy thought she saw Maggie crawling on her sweater, but it was Gertrude. Gertrude lives on Joyce Adam's mink dog that she wears on her sweaters.

What's that about little men in white coats? Call them? Why? Can you prove Geronimo, Hercules, and Oscar aren't real?

# HIALEAH SPORTLIGHT

By DAVID RYAN

In the next two weeks the Hialeah basketball team meets five opponents. They play Tech High at home on January 31, travel to North

Catholic on February 10.

Miami Tech's record is not very good this season, but they have played some tough teams. They pulled an early season upset over Archbishop Curley, winning by two points, 37-35. They then traveled to Key West and dropped two straight games on consecutive nights, the first 41-36 and the second 46-40. They then dropped three games in a row, one to Miami Beach, one to North Miami and one to Fort Lauderdale. The Thorobreds will have to watch out for guard Charlie Finney and forward Jose Pearcey, who are Tech's high scorers.

North Miami defeated Hialeah in their first meeting but the Thorobreds will be out for revenge when they meet on the Pioneers' court. North Miami defeated South Dade,

another Hialeah opponent, by a 38-28 score.

Seacrest is considered one of the best class A teams in South Florida. They have won seven games in a row including one against Hialeah.

In one of the biggest upsets of the season Hialeah defeated West Palm Beach in their first clash. Since then West Palm has won three and lost one game. They defeated Jacksonville Lee, Daytona Mainland, and Riverside Military Academy. Their lone loss came at the hands of Coral Gables.

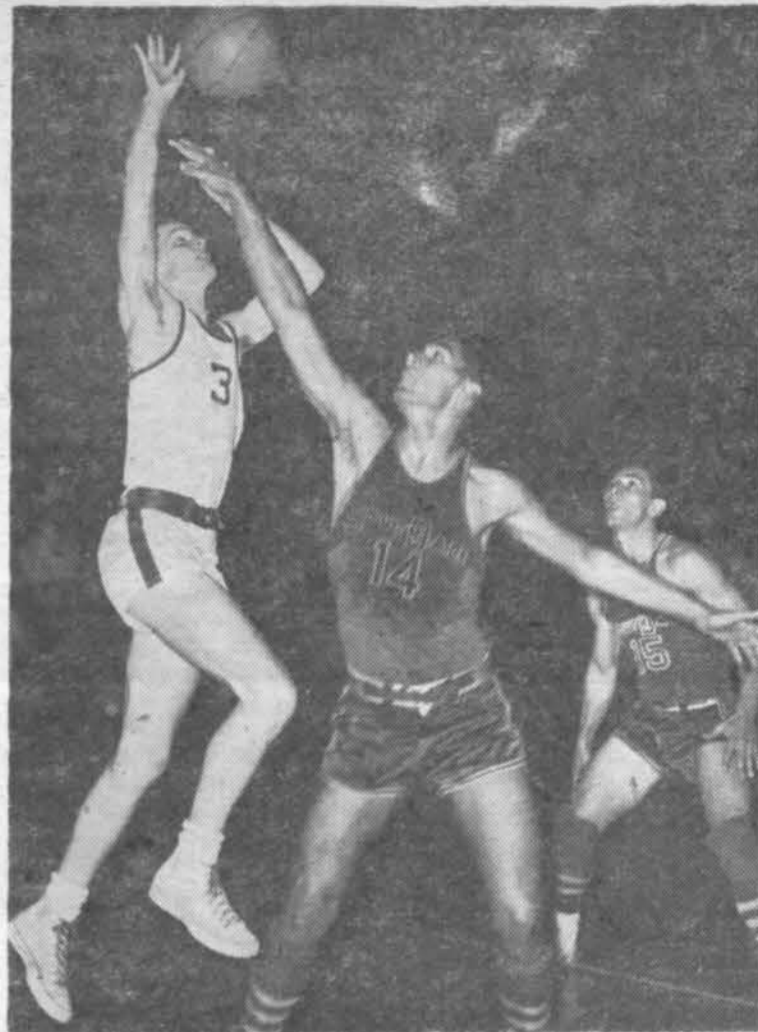

Central Catholic has won two and lost one since they defeated Hialeah. They lost to Pompano and defeated St. Theresa and Sts. Peter and Paul.

Hialeah has been rated fifteenth in South Florida by a poll of sports writers. Four of the opponents are above them and six below. Comparing those ratings I'd say that Hialeah should have a better record or should be further down in the ratings.

Hialeah's Dick Van Luit and Don Goodman are among the city's high scorers at this time. Van Luit is averaging 11.5 points and Goodman averages 11.4.

## TRACK

Head track coach Jerry C. Salek said "Our track team isn't shaping up—it's getting in shape." The first track meet is on February 24 at Moore Park where the Thorobreds face North Miami.

DON GOODMAN shows off his legs in a losing cause in South Dade game. The Rebels won.

## HIALEAH DROPS THRILLER TO SOUTH DADE

South Dade proved to be a little too tough for the Thorobred team when they topped Hialeah 42 to 41.

Hialeah was leading at the end of all three quarters by consecutive scores of 10-8, 22-17, and 27-25. Both teams scored freely in the last quarter with South Dade tallying 17 points to the Thorobreds 14 and edging out a one-point victory.

Wayne Garrick paced Hialeah with 11 points. Larry Woods and Lyle Charles each had eight points. Bob Stewart scored 15 points to help South Dade win.

In the Jayvee game the Hialeah ponies topped South Dade 45-39 in another real tight ball game. Al

Tacon scored 14 points and Bob Guarrino tallied 12 points to lead Hialeah to victory. Bruce Walton also played a nice game. Ted Williams led the South Dade scorers with 12 points.

Hialeah	fg	ft	tp	S. Dade	fg	ft	tp
Garrick	5	11		Stewart	7	15	
Wood	4	8		Williams	4	9	
Charles	4	8		Kelfert	0	7	7

South Dade	8	9	8	17	42

## 8th Grade Skirts Are Made

The 8th period Homemaking class, under the direction of Mrs. June Senior, is planning a style show.

In class when Mrs. Senior mentioned the subject of exams, all smiles disappeared. But she also said the class could display their finished skirts in a style show and that would serve as an exam. The class had a choice. Obviously the girls decided on the style show!

The skirts are of every color and print. Room 422, at the sign of the 2:00 tardy bell, is a mixture of buzzing sewing machines and slight voices. Through the air you hear strains of "Ouch, that needle!" or "Mrs. Senior, is my zipper in straight?" and sometimes "Do I have to rip it out again?"

Now that it is nearing the time of the end of the semester, it is time for the skirts to be graded. They are graded on seams, hems, pressing, waist band, and zipper.

## United States Propellor Club Sponsors Contest

Word was received by Mr. E. G. Pease, principal, that the Propellor Club of the United States, Port of Miami, Florida, is sponsoring the 21 consecutive Harold Harding Memorial Annual Essay Contest for High School Students. Both boys and girls are eligible to write on the topic, "The American Merchant Marine, Key to Trade and Defense." Essays must consist of 1,000 words or less (approximately four type-written pages, double spaced), neatly written on one side of the paper only.

The authorship of this essay must be attested by the entrant's school principal or teacher.

The winning essay selected in each local contest will be submitted to the National Board of Judges to compete for Grand prizes.

Names of winners will be announced on May 22, National Maritime Day.

The Propellor Club is an international organization of American citizens whose cardinal objective is the promotion, furtherance, and support of the American Merchant Marine.

More particulars can be obtained from Mrs. Beatrice Anthony in Room 507.

## Banquet Given Pigskin Toters

Coach Harold R. Lannom, also Athletic Director of Hialeah High announced that on February 16, a banquet would be given in honor of the football players and the coaching staff of the 1955 season at the Miami Springs Villas Playhouse.

"It will be the most outstanding banquet ever to be held in Florida," promised the coach.

The dinner will start at 7:00 p. m. with an internationally known figure as the speaker. There will be 25 local sports figures that live in this area attending, such as Ted Williams and Doris Hart. Many local sports writers and persons famed in the world of baseball, Herb Score and Mayo Smith will be there. Since the Major League Golf Tournament is being held at the Miami Springs County Club at this time many famous baseball players will be on hand.

The tickets are five dollars apiece and there are only 800 tickets for sale. Parents of the boys who played football will get priority on the tickets as well as faculty members of Hialeah High.

The banquet is being sponsored by the many civic clubs of Hialeah and Miami Springs and it has taken a lot of work. This has been planned since December 1.

## Hialeah Watches Edison Hi Win Sportsmans Cup

A sportsmanship trophy was awarded the high school showing the best sportsmanship during the preceding year at the McAllister Hotel a few days before the Christmas recess. This is an annual event in Dade County and the outstanding event of the Orange Bowl Kick-off Luncheon sponsored by the Orange Bowl Committee of Dade County.

Representatives from Hialeah High honored by invitations were Wayne Molesworth, captain of the football team; Gail Shaughnessy, representing the cheerleaders; Dennis Baker, president of the Student Council; Mr. Hal Lannom, head coach, and Mr. E. G. Peace, principal.

The leading high schools of the county were all present. At this assembly the sportsmanship award trophy given by the Chamber of Commerce of Miami was awarded to Miami Edison High School.

Each high school was graded on its action to and from games, whether they showed respect and courtesy toward their opposing school teams or not.

After listening to the discussion and the awarding of this trophy, Gail Shaughnessy said that Hialeah had many of the qualities necessary to get this trophy, but hard work starting now was needed to have the honor.

Dennis Baker, president of the Student Council said that he hoped that students would start with the present basketball season to practice respect and courtesy toward the other teams.

If we do so and work very hard at it, he said, we then might be in line for winning this beautiful \$750 cup next year.

The Florida State Museum was established by law in 1917 as a department of the University of Florida.

## Game Commission Starts J. C. C. L.

In July of 1952, the Florida Game and Fresh Water Fish Commission, supervised the encampment of almost 70 boys at Lawe Julian near Auburndale, Fla. Although this encampment was little known to the public, it marked the beginning of one of Florida's biggest assets, the Jr. Conservation Club League of the state of Florida.

The boys that attended this camp were high school and junior high school students just like yourself. Two members from each individual conservation club throughout the entire state attended this camp with two things in mind: Have a good time and establish the J.C.C.L.

This was the beginning of "Florida Jr. Conservation Program." After Gov. Warren's address to the first delegates at Auburndale, years began turning wheels rolled, and all through the state. Information and Education men of the game Commission, began an all-out drive to interest the youth of Florida in conservation.

Now, four years after the program started, there are over 68 clubs

throughout the state, with from five to 200 boys and girls in each club.

In the northern part of the state is the only all-girls club, the Boys and County Girls Conservation Club. In the central division is the largest club in the state, the St. Petersburg Jr. Rod and Gun Club. In the Hialeah area are two active clubs: "The Conservation Club" here in Hialeah High and also one of the first clubs in the state, the Jr. Everglades Conservation Squad.

Now, nationally known, the Jr. Conservation Club League, is continuing its eternal work. It will always, no matter what, support the cause of conservation and the youth of Florida.

Remember: Conservation, like peace is everyone's job.

## Career Day Planned

Plans for a big Career Day Program to be presented for the student body in March are being arranged and worked out by the Key Club.

Some 60 occupations are expected to be represented and each student should have the opportunity to hear five of these careers explained. Career Day will be on a large scale this year including 9th grade through the eleventh.

### School Can Improve Some Students

**INQUIRING REPORTER**

Question: What do you think should be added to the school during the next semester?

**WAYNE ARNOLD (10-5).** There should be some method of creating more civic affairs in the community for students to participate in.

**BILL HOY (11-5).** Certain department heads should have assistants hired for them. The students should show more interest in school affairs and activity in Student Council.

**DAVID RAYFIELD (10-10).** 400 more subscribers added to the school newspaper.

**JERRY COLEMAN (11-3).** Hialeah High has an abundance of facilities and opportunities. What Hialeah needs though is not materialistic but spiritualistic improvements. The students need the breadth of purpose.

**JANICE BEAUCAGE (10-13).** There should be a 45-minute lunch period, and a jukebox in the cafeteria.

**BILL POLLOCK (11).** I favor tea in the cafeteria. Have class assemblies in the cafeteria instead of gym and a special smoking area during lunch.

**JEANIE WOODROE (10-4).** I think that the stairways should be changed back to the old way with the exception of the main stairway.

**DAVID RYAN (11-2)** More school busses and more good teachers.

### Students On The Ball

**By JAMES RICHLAND**

Think you work hard! Well, think of the boys and girls that have jobs after school.

**Ernie Gilbert (10-4),** has a job at the Northwest Boys Club. He's supposed to keep the place clean, and supervise the smaller boy's play. He plays basketball as soon as the boss leaves.

**James Richland (10-8),** has a job at Food Palace as cashier and stock boy.

**Pat Roberts (11-11),** clerks at Jackson's Department store in Hialeah, "May help you, please?"

**Armand Janelle (11-4),** sells shoes at Byron's Store. He got this odd job through D.C.T.

**Louis Pease and Herb Frazier (10-4),** deliver the SHOPPER. Lou doesn't think the pay is worth the work, but he will continue.

**Robert Mutzo (10-15),** commonly known as MUTZO, works at a nursery. Mutzo is a good boy.

**Richard Baker (10-4),** works at Food Palace, in Miami Springs. He sweeps the parking lot, and tends to the garbage house.

### Buckeye From Barberton

This five-foot-five-inch brown haired, brown-eyed girl is one of the most outstanding figures in girls sports here in Hialeah. Mary Buchanan has received a high honor in the city-wide Girls Athletics Association as Parliamentarian. She is also Vice-President of the Hialeah Chapter of National Honor Society. Mary is a Buckeye from Barberton, Ohio, and moved to Florida eight years ago. She likes to travel and once thought she would like to be an airline hostess, but decided not when she got air sick on her first airplane ride. She also thought of dramatics and was in a few plays, such as "Finders Creepers", but

this ambition seemed to fade away.

Her hobbies are sports, of course and collecting nicknacks.

Mary's most enjoyable moment was when she took a train ride with 200 United States Naval Reserve men who was on the same train. She states plainly, "I like boys, let's face it."

As a pet peeve she says she just can't stand students without school spirit!

Mary's plans for the future are to study at the University of Florida to become a physical education teacher, "for obvious reasons," she quoted.

### RRC for Students

Four hours of guidance; the testing of pupils as to their abilities; and the handling of one remedial

**MR. MOHR**

reading class is in the everyday routine of Robert C. Mohr, a member of the guidance department. Mr. Mohr has charge of the attendance and the registration of eighth grade students and the placing of them in home rooms.

"A remedial reading class is to improve one's ability to read and interpret what he reads" says Mr. Mohr. His class consists of students from the seventh through tenth grades.

For every hour spent in the guidance office, he is responsible for schedules worked out and problems attended to for 100 students.

As one can see, Robert Mohr is quite a busy man.

### Two More Contests

**Career Book and Career Paper Contest**

Sponsor: Miami Sales Exec. Club (Mr. James F. Richards)

Best career book by ninth-grader in white junior high schools. Prizes: 1st, \$50 savings bond; 2nd, \$25; 3rd, \$15; 4th, \$10; 5th through 10th, \$5. Honor mention to best paper on a career in each school. Dates: During second semester, 1955-56.

**Public Speech Contest**

Sponsor: Exchange Clubs of Greater Miami.

(Mr. Ray M. Earnest)

Oratory on Citizenship. Open to all students, grades 11 and 12. Local prizes: \$100 to each school (\$50, 1st; \$30, 2nd; \$20, 3rd). District award: 1st, \$1000 scholarship; 2nd, \$100; 3rd, \$75. Date due, April 15, 1956.

### Notes from the Newsfront

**By BILL HOY**

**Credited with Good Sense**—Convinced that "the majority of today's teen-agers are responsible, level-headed youngsters", a Chicago bank has set up a loan of \$1,000 from which high school students may borrow up to \$50 at 35 percent interest without co-signers or collateral. The fund will be administered by a board of three students, advised by the bank president.

**Scholastic Stumbling Blocks**—Every student, be he first grader or college senior, has his "hard" subjects, and presidents are no exceptions. President Eisenhower admitted recently that when he was a student at West Point his hardest course was French. Next most difficult was engineering drawing—because he couldn't "keep the ink from running under the ruler."

**Hitting the High Notes**—If the air seems to be filled with music these days, here are three reasons why: More than nineteen million people in this country play the piano. School bands have tripled in number in the past six years. And more Americans attend concerts than baseball games.

### On Some Days It Just Doesn't Pay To Get Out of Bed

**By DEANNE FINCHER**

Elouise knew the minute she woke that cold, crisp morning that it just wasn't her day. "Everything," she thought, "will go wrong."

First of all, she could not pull herself out of the nice, warm, comfortable bed. She rolled over slowly and reluctantly sat up. Her bare feet hit the freezing floor, and a chill went all over her from the unexpected shock.

Still drowsy, she staggered across the room and began the slow process of making herself presentable for school.

She went to the kitchen with the object in mind of fixing her own breakfast. She broke the yolk to her egg and ended with scrambled eggs instead of fried as she intended. Then she spilled her milk while she spent valuable time cleaning up.

Then Elouise grabbed her books and raced out of the house. She was certain that she would be late. When she reached the bus stop, it was deserted and Elouise's heart sank.

She set off at a brisk walk to catch the city bus. While walking those five long blocks, Elouise felt sure she was going to freeze to death.

At first sight of the school, there was no one around. "Is everyone in homeroom already?" Elouise asked herself.

She ran to her homeroom and started to open the door. It was

### Who's the Girl With the Satchel?

If you've seen a pretty, brown-eyed doll with a satchel full of

books, it's Lou Ann Polic. Lou was born in Pittsburgh on June 1, 1940. She has been going to Hialeah High only this year but is very well liked by everyone. (Which is her ambition).

When I asked her who her favorite teacher is, she answered, "Definitely Mr. Inglis." And of course her favorite subject is Music. When asked who her favorite singer is she replied, "Gordon McRae does something to me." Her favorite in food is raw oyster on half shell.

Lou is in Modern Music Masters and the Anchor Club. She recently went to the Tampa Clinic with Mr. Mr. Bill Inglis, Miss Lillian Myer and three other students.

### Ray Charles Speaks Mind To Newspaper

An 11th grader in Hialeah, Ray Charles, read in one of the major Miami newspapers about "Gangs of Delinquents at Hialeah," decided that the article could and would give people a wrong impression, and decided that they should know the facts. Calling the paper, he gave his feeling that "There are no gangs at Hialeah High," and that the whole thing was "Greatly Exaggerated." Due to his talk, another article was put in, giving his explanation and probably the opinion of all students of Hialeah.

Ray was born in Miami on May 6, 1939. After graduating from Hialeah, he plans to go to either the University of Miami or Florida, majoring in dramatics. Ray is in a great many clubs. Among them are Theplans, Dramatics, Variety, and DeMoley.

### Why I Like Politics

**By WAYNE ARNOLD**

When I first began to become interested in politics I felt as if it were the way to become famous and receive the limelight and love of the American public, but to my surprise a politician is considered the one man who can get away with stealing from the public, lying to

the public, and allowing himself to become vested in the power and domination of others. Also I understand that many of the American public officials are not vesting themselves in any dominating factions or controlling groups, but are attempting with the great assurance that we the leaders of tomorrow will play our role in government. That is my main purpose now in interesting myself in politics because the play cannot go on without a stage of actors who will contribute their efforts and render their ideals to the further service of this great nation.

I first began to develop in Arkansas where two candidates were making their bids for re-election for the state's highest office, governor. The year was 1949; I was 10 years old with little knowledge of politics. I went from door to door in my neighborhood and asked people to vote for my candidate. Know-

locked! Elouise began to bang on the door, but no one answered it.

In a few minutes a custodian came up behind her. She jumped when he spoke to her. "What are you doing here?"

"Why I am here for school, naturally," Elouise answered, surprised that he should ask such a silly question.

Then the custodian began to laugh. He laughed so hard tears came into his eyes. "What are you laughing about?" Elouise asked slightly aggravated at his reaction.

"Today is a holiday for you because of the end of the semester," he managed to say, between loud outbursts of laughter.

Then Elouise remembered. She felt awful, thinking of all the worrying and rushing around she had done that morning.

She turned slowly and began to walk back to the bus stop.

"Well," she said, "I had a feeling that this just wasn't MY DAY."

ing that it was slightly silly but I found more excitement in that than anything I had interested myself in before. My candidate was elected governor of Arkansas.

Shortly after, I moved to Tallahassee, Florida, and was elected to my first Student Council position.

Then I came to Miami, Florida, that I feel has done me more good in political gain and knowledge, and carried forward my ambition to participate in political elections. My first opportunity came after approximately a year's residence here in Miami. Through this year I was Vice-President of the Student Council of West Miami Jr. High, chairman of the Courtesy Core, Leadership organization, V.A.T.A. vice-president, selected touring speaker for Dade County to encourage schools of elementary grades to attend West Miami Jr. High. That same year I received the Lions Club Award for being the most outstanding student of the school, speech award, and finally Dramatics.

From West Miami to Hialeah High probably was one of the best moves in my entire life, although I did not feel that way at first.

Elections of 1955 were warming up here at Hialeah with a list of men all trying to get public support. Byrd V. Duke I will always feel was my first contact, for I met him one morning and during that period he invited me to attend one of the political rallies. After the group of Hialeans had seated themselves to hear the speakers, I shook hands with Hialeah's long-time mayor, Henry A. Milander. At the close of the meeting Byrd Duke acting as Master of Ceremonies invited me to speak. I did so, speaking out with as much as I could to think about how I felt about being a good citizen.

After my speech the Mayor asked that I assist him in the campaign by making speeches in his behalf. With this new thrill that had been granted me another was to come. I was asked to speak on the school bond issue over radio and at all political rallies. Through the course of the campaign I made approximately 100 speeches gaining much knowledge and understanding of why I want to be a politician as well as a lawyer. I decided first to serve my country; second to do justice to those who helped me to attain my position and third, to be a useful American to guard against the threat of dictatorships of this day and age.

# Hialeah Wins "B" Championship; Edison Snags "A"

A three-way tie among Hialeah, Edison, and Jackson had girls literally tied up at the senior high basketball tourney held in the Hialeah gym Friday, Jan. 13.

In the play-off Edison won over Jackson 2 to 1; and Hialeah won over Edison 3 to 2. Edison walked off with the "A" team championship while Hialeah took "B" honors.

Hialeah defeated North Miami High 11 to 8.

Edison "A" team and Hialeah "A" team tied a game 17 to 17.

Hialeah won over Edison and North Miami "B" teams. In the Edison game, Hialeah won 20 to 13. Margaret Diehl was high scorer with 10 points and Carol Todd followed with 9 points.

Jackson's "A" team was victorious over Hialeah "A" team with the score reading 20 to 9.

Hialeah "B" beat Jackson "B" 15 to 10. Carol Todd placed third in the free shot contest by getting 14 out of 25 tries.

Girls on the "B" team were Frances Rushing, Annette Pritchard, Nancy Hitchcock, Pat Devito, Diane Crawski, Virginia Bopp, Anita Bartlett, Carol Todd, Carol Rollinson, Barbara Hayden, Pat Doll, Margaret Diehl, and Carolyn Darby.

"A" team was made up of Louise Baughner, Jeanne Smith, Mary Buchanan, Penny Stanley, Dot Piehler, Rayette Allard, Harriet Burt, Janet Paasch, Ellen Etter, and Diana Wright.

Edison girl shoots for basket; Margaret Diehl and Carol Todd are awaiting the re-bounce.

The Junior High Basketball Tournament was held at Madison Jr. High Friday, January 20.

Madison High, Miami Beach, Horace Mann and Hialeah Jr. High were the schools participating. Girls who represented the "A" team for Hialeah were Nola Cole, Margaret Pontuso, Cecilia Bondra, Carolyn

Pritchard, Dot Hood and Sherry Dunn.

The "B" varsity girls were Barbara Ludwig, Nancy Lapidus, Ruth Lowden, Charlotte Keyes, Frances Maxwell, Sarah Parise, and Janice Voyles.

Substitutes who enjoyed the day with the regulars were Susan Kraft, Pat Somo, Janice Moore, Myrtle Miker, Sonny Hayes, Linda Law, Barbara Foster, Cynthia Ruggles, Betty Sarro, June Delgado, and Chris Burnside.

Hialeah sent their own officials over for the game: Mary Buchanan, Harriett Burt, Beverly Martin, Dot Peihler, Annette Pritchard, Jean Smith, Janet Paasch, Diana Wright, and Penny Stanley.

Hialeah "A" team was beaten in a close game by Miami Beach "A" team 12-11. This was the consolation for the "A" team.

Miami Beach "B" was defeated by Hialeah "B" 16 to 4.

In the finals Horace Mann won over Hialeah 21 to 15.

Therefore Horace Mann won the "A" and "B" plaque for more games won in the A and B teams. Hialeah was runner-up to the "B" team plaque.

Horace Mann featured entertainment after lunch which consisted of a game where the girls were dressed in costumes made of newspaper. Several other games were featured before they got back to playing.

## Everything Makes A Good Game

A basketball game! What fun! All of your friends plan to attend, and naturally you will. It's really a deep dark secret that you know nothing about basketball.

You all meet at your friend's house, and you're off. This game means a lot to your school; it should be very interesting.

The first quarter your team is lagging by a small margin. The students are bellowing and clapping for the team to come on and get ahead. But you sit there talking to your neighbor.

The second quarter your team is still lagging and you're still talking. Fifteen seconds till half time; the crowd is roaring with delight as the team advances the ball down the court to tie the score.

Between halves you run out and buy yourself a couple of cokes and some candy. When you return you find your seat is taken, so you roared for another which you discover right by your best friend after stepping on toes, climbing over feet and squashing a whole row of spectators. You sit and talk, talk, talk.

Third quarter you spend sitting, laughing, and talking, although you sometimes glance at the score board to see who's ahead. You think, when one player falls on the floor, "What is he wiping up the floor for. We have people to do that."

The game continues and so do you.

Fourth quarter the other team is right on the heels of your team. The whole gym is tense and very quiet, but in the second bleacher is a sort of buzzing. It is our friend still chattering.

The end of the game has come and our team won. Everyone is leaving happily, but Chatterbox goes by another way still babbling on to whoever will listen to him.

## Old Year Turns To New One

A new year, and a chance to redeem yourself. Some people will turn over a new leaf (as the saying goes) and some will drag along as they always have.

Let's talk to two people and see how they will start the new year.

First there's Jack Troublemaker—just loves to start trouble. You know the kind I mean, throwing spit-wads and shooting rubber bands when the teacher's back is turned. He is the king who complains about low citizenship grades.

Let's ask Jack how he is going to start the new year.

"Hello Jack, we want to know how you are starting the new year. Will you tell us?"

"Why sure, Daddy, O You bet man! Mmmm. Boy this year is going to be a dilly, a regular wing ding of a time."

"Jack," I said. "Are you going to turn over a new leaf this year, and start flying right?"

"Why sure, I'm going to, as you say, turn over a new leaf. What good is an old one?"

"Well, Jack, what are you going to do?"

"Look here, Dad," I promise I won't shoot as many spit-wads, shoot as many rubber bands, and I will try to make good grades.

Well, we don't know if Jack will start the new year in a good way. Only time will tell.

Now there, John Studios—"Hello John, we want to know if you are going to start the new year off with a bang. Improving grades and such?"

"Yes, sir, I am," said John. "I'm going to raise my grades to A's instead of B's and C's. I intend to make good."

## Hitchhiking and Grades Don't Mix

Rinnnnng—rinnnnng—rinnnnng. John comes out of that terrific dream to hear the loud ring of the alarm clock. "What time is it? Good Heavens! I'm so tired."

Does John get up? Of course not, he rolls over and goes back to sleep. Finally he opens one eye to discover he has fifteen minutes to get dressed and catch the bus. What a lot of noise as John goes tearing around his bedroom, throwing things around and protesting in the loudest voice!

He runs out to the dining room to find awaiting him a cold breakfast. Choking it down, he grabs his books with a piece of toast, and he's off to catch the bus.

He reaches the corner just in time to see the bus heading down the street. Missed it again! Now he has to depend on the old thumb.

He's at the light now and he asks a lady if she's going on down Fourth Avenue. No, she's going to turn. That's what she says any way.

The light changes to green and off she goes—straight down Fourth Avenue. John yells out, "Tell me more." After a couple or more tries he goes across the street for some gum and candy.

Now he sees one of his best friends. Surely Joe will give him a ride. He runs up to the car to find it already has 10 or 12 passengers. Too bad, John. Finally he gets a ride to school and it's already eight-twenty. He's late again without a good excuse.

His mother wonders why his grades in home room are below C level.

## Carol Todd Active Sophomore

Carol Todd, a popular sophomore is known throughout the school for her athletic abilities.

She was born in Miami, Florida, August 27, 1940. She is five feet seven inches tall and has brown hair and eyes.

Carol scored nine points during the "B" team game between Edison "B" and Hialeah, as captain.

She has been a member of the G.A.A. (Girls' Athletic Association) for two years. She is also active in the Glee Club and Bowling Club.

Carol likes all of her teachers and her favorite subject is physical education, of course.

"Teddy Babe" is a nickname that her friends know her by.

Carol would like to go to college, but she hasn't decided what she would like to be. Her choice is likely to be the University of Miami.

### Hi-Notes From Hialeah

By MARCIA ANN NEWTON

Did you ever notice: That natural curly hair is one of the lovely features of some of H.H.S.'s pretty girls? A few

MARCIA

of these lucky girls are: Connie Barnes, Pat Doll, Jo Ann Realmuto, (all of which have long, coal black hair); Gerry Fabitore, Sandra Donderville, Theresa Notari-

anni (who have dark brown hair); and Pat Franz, who has beautiful reddish color hair. Pat also has a lovely complexion.

**STYLE NOTE:** Gail Shaughnessy proved to be very patriotic one afternoon when she wore a charming, royal blue corduroy skirt and vest. Her blouse was of red and white stripes.

Betsy Davis wore an awfully cute dress that has a matching jacket. The dress was of navy blue and white.

**DID YOU KNOW:** that Joy Green broke her wrist while babysitting? Well, she did. She was walking across the room and she stumbled and fell.

John Knight had the cast taken off his leg after about 10 weeks of wearing it. John seems to be glad to be able to wear two shoes at the same time now.

**FASHION FADS:** Perhaps you have seen all of the football players lately proudly displaying their new sweaters. They are red knit and have the number of a year on the front. The number stands for the year that they graduate from high school. The sweaters and the jackets both cost them nothing. They received the jackets last year.

Members of the school band received jackets this year. These beautiful red silk, reversible jackets, with the big letter 'H' on the front really looked dashing. One of the first to wear this was Slug Harvey and his twin brother Butch. How handsome they looked!

**CLUBS:** The Miami Springs Teen Council has elected new officers for the year of 1956. Chairman is Linda Lott; Vice-Chairman is Bill Storey and Secretary-treasurer, Margie Southwood. The meetings will be held every Wednesday night from 8 to 9. This is Linda's third year on the teen council. She is also on the Student Council here at Hialeah.

### Debaters Team Formed

Mr. Joe White, Speech Teacher of Hialeah High, and the sponsor and organizer of the Debate Club that is being formed here this year, has stated that the club will have its second meeting on the 25th of January. At this meeting the Club's officers will be elected. Also on the agenda of the meeting the club's activities of the future will be discussed and some plans will be made. At a previous meeting of the club Mr. White encouraged students interested in debate attend future meetings and become members of the club.

Wayne Arnold, one of the first members of the club, stated that he felt the club could and will be an asset to the school in the future if through co-operation is given by club members.

It is expected that some of the club's activity this year will be learning the fundamentals of debating and watching other debating teams of schools of Dade County have debates for experience. Although nothing has been decided definitely it can be assured that the club will go into operations in the near future.

Any students interested in becoming members of this debating team should contact Mr. White or Mr. Heaps of the Activities Room.

### Marcia Reveals Club Plans

Miss Marcia Newton, President of the Y-Teens here at Hialeah High, has announced that the club, under the sponsorship of Miss Marjorie Johnston, will have the election of new officers for president and secretary in February.

Marcia also explained that the club's activities of the future will be making a scrap book for and about all of the members of the club. This book will contain all news clippings and pictures of the activities and accomplishments of its members.

The club is actually a branch of the YWCA. The YWCA is the Young Women's Christian Association, a group of women wishing to devote their services and abilities to promote the general welfare of all.

### D.C.T. Meets at McAllister Hotel

By BONNIE CLARK

The Hialeah High D.C.T. club is set for a wonderful time at the McAllister Hotel this month. The facts are that a county-wide meeting of all D.C.T. clubs are required to attend this meeting February 16.

Vincent Spiaggia who is the President of the Hialeah D.C.T. club, will take part on the opening exercise. Also on the program will be Jean Rae Smith, displaying her fine talent at dancing. Five members of this school club will be on the program as delegates participating in the Business Meeting. These students are specially picked if they can qualify: Vincent Spraggia; Jean Roe Smith, talent specialty tango tap dance; Mary Lee Spezieli, Edward McCormick, Barbara Burrel.

All D.C.T. students will be excused from all classes since the meeting will start at 8:30 a.m. through 3:30 p.m.

An exciting program has been planned from the beginning to the end. On the schedule will be, of course, lunch, which will be served right in the dining room of the McAllister Hotel.

This meeting will give the D.C.T. club members a chance to get out and fellowship with one another for as it was these students were literally tied down to their jobs day and night with little recreation or a chance to dress neatly with their best frocks and ties and really enjoy themselves.

This meeting is part of their regular school program.

### H. H. S. Student Council Plants

While most of Miami is celebrating Arbor Day by destroying trees, Hialeah High's Student Council and Key Club is planting them. Under the auspices of president Dennis Baker, the Council has purchased several mahogany trees to beautify the school campus. These trees purchased from Mrs. Daisy Mae Royer's Nursery, will be planted in appropriate places on Arbor Day.

Other service clubs have also purchased trees for the school. The National Honor Society, the Thoroughbreds, as well as the Key Club are also planting trees.

President Baker would like to extend his thanks to all of the service clubs which have participated in Hialeah's second annual observance of Arbor day. This project of having Arbor day in our schools is being carried over from last year.

### Future Farmers Futilely Fight Freezing, Fatal Farm Frost

Getting up at 2:00 in the morning when the weather is freezing isn't a pleasant task, but this is the ordeal the F.F.A. (Future Farmers of America) boys have been experiencing in order to save their crops from old Jack Frost.

Using irrigation systems, burning old rubber tires, and smudge pots were just a few of the futile methods of keeping the tender plants from freezing during the last cold spell.

All of these methods were successful until Sunday night, the last

night of the "big freeze" lasting from January 9 to January 16. Then the heavy frost caught the future farmers by surprise. On this night the thermometer plunged to a chilly, unofficial low of 24.

This last freeze proved to be very unpleasant as the frost damaged or totally destroyed more than half the crops, acorn and crooked neck squash suffering the worst.

Now the job of plowing under the dead plants and planting the new crops will have to be undertaken as a result of the long cold spell.

### Wayne Arnold Meets Democratic Leaders

At a dinner given by the young Democratic Club of Dade County, Florida, Wayne Arnold, an active student in civic affairs, met state and national leaders of the Democratic Party. Sen. George A. Smathers was the center of attention at this testimonial dinner. The program of the dinner consisted of introducing of such leaders in our government as Chairman James M. Milligan, State Democratic Committee; Chairman Paul Butler, National Democratic Committee; Senator Albert Gore, Tennessee; Senator Lyndon John, Texas, Senate Majority Leader; Senator John F. Kennedy, Massachusetts; Senator Warren G. Magnuson, Washington; Senator Mike Mansfield, Montana; Senator Stuart Symington, Missouri; Senator Richard B. Russell, Georgia; and Honorable Senator George A. Smathers.

Wayne was introduced to many of the leaders by Joe Boyd, City Attorney, of Hialeah.

Wayne received autographs from most of the leaders present at the dinner.

Entertainment was supplied by the Vagabonds and Maria Neglia.

At the closing of the dinner, Wayne talked with the speaker of the House of Representatives of Florida, Ted David.

### Skipper Presents Plays

Four one-act plays are being presented by the Dramatics Department at various intervals this week after school. They are being presented one at a time in the Little Theatre, after school. The audience will, by necessity, have to be limited to approximately 100, since the Little Theatre will seat only that number. Members of the Dramatics Club will sell tickets at 15c each. The plays to be presented are:

"Black Valise" — James Harvey, Ray Malschick, John Levitz, Ronnie Cyril, Sharon Ault, and

Student Assistant—Robert Page.

"One Happy Family"—Patti Lay Ray Charles, Wylene Ferri, Frank Hopkins, Mary Anne Collings, Tamara Thrall, Pat Claar, and

Student Assistant—James Harvey.

"The Red Shawl"—Barbara Garsik, Sue Leonard, Jane Crenshaw, Mary Lee Creary, and

Student Assistant—Pat Claar.

"High Window"—June Vina, Howard Koepka, Richard Chambers, Patti Lay, Patsy Bain, and

Student Assistant—Faye Taylor. Staging will be managed by drama students.

All plays are under the direction of Mrs. Angeline Skipper.

Tryouts will be held soon for a 3-act play to be given in March. Tryouts are open to the entire student body.

### Dade Scholarships To Be Given Away

Thinking about a scholarship? A report of the standings of the standings of those who are competing this year has just been released by the Guidance Department of the Dade County schools.

In the National Merit Scholarship Examinations of October 26 in which the top 5 percent of the seniors were permitted to participate, 28 Dade County students of 5,078 high school seniors in the nation passed the semi-final test and were eligible to compete in the second examination, College Entrance Examination Board, given January 14.

After this second examination and with subsequent screening, 500 nation-wide winners will be announced by May 1.

December 6 at a meeting of the State Board of Education, announcements were made of winners of the General Scholarship Loans for the Preparation of Teachers. A holder of this scholarship must be enrolled in a school, college, or division of education of an approved institution of higher learning in Florida. Each recipient may hold the scholarship till he receives his bachelor's degree.

He will be obligated to teach in a public school in Florida for each of the number of years for which he receives his scholarship.

### Now Shift Into First

Open the door, then adjust your mirror. Check to see if the seat is all right. Now shift into first, give it some gas and you're ready to start.

These minor adjustments were just a few of the things demonstrated by Hialeah High's first driving class on Monday, January 9. All six of the classes under the instructions of Mr. Louis Swezy were given their driving tests.

As each student anxiously awaited his test, some of the following thoughts ran through his head. Will I park right? Can I make turns smoothly? Will I be able to keep complete control of the car? Yes, this would prove whether or not you had learned your lessons well enough.

As you slowly bring the car to a stop, you began to wonder if you did your job well. The policeman sitting next to you adds up your score. Yes, you did pass your test, and now you are the proud owner of a driver's license.

### Students See Comedy

"The Rainmaker," a romantic comedy played at the Ring Theater, was enjoyed by students and their friends, last Friday night.

Mr. Joe White sponsored the trip to the University of Miami, and rented a school bus to take them.

This is just one of the trips they have taken to various places this year. If you are interested in attending a performance, contact Mr. White in room 804.

Mrs. Ben Hendrix, representative of the Daughters of the Confederacy, presented to Hialeah High a portrait of General Robert E. Lee in behalf of the Daughters of the Confederacy.

Mrs. Hendrix stated that once a year the Daughters of the Confederacy gives one of these portraits to an outstanding high school.

After summarizing the biography of General Lee, she made the presentation to Dennis Baker, president of the Student Council.

F. Jerry Coleman, who placed second in the annual Herald Essay contest, is shown here on the left, receiving his award from George Beebe, Managing Editor of the Miami Herald.

**GUIDANCE PERSONNEL** enjoy breakfast, and talk over problems with county administrators. Seated from left to right: Mrs. Gladys Keith, Mr. Richard Schaefer, Principal E. G. Pease, Miss Joyce Chick; County Testing Director, Mr. Loiselle; Mr. Bill Bolick; curriculum assistant, Mrs. Beatrice Anthony; Dade County Director of Guidance, Mrs. Catherine Fahrion; Dean of Girls, Mrs. Alice Shepard; seated at Mr. Pease right, but not shown, Dean of Boys, Mr. Charles Ashworth.

### Click, No Flash, Try It Again

By DAVID RAYFIELD

A while back, in one of my articles, I mentioned obeying the manufacturer's instructions on setting off flashlamps. In other words, rubbing the excess carbon off the bulb and maybe even wetting the base a little with your tongue. Well, I've found this highly unnecessary with a BC flashpack. In fact, sometimes when this operation is carried out, the bulbs don't go off at all!

In one of the earlier columns I also wrote about exposing Super XX at an A.S.A. rating of 1200 at football games without flash. I tried it at a basketball game a couple of weeks ago and it was a complete flop.

I exposed Super XX at 1000 A.S.A. and got about the flattest negatives I've ever seen. They were developed in the new F. R. chemical X-500, for 45 minutes at 60 degrees F. The best exposure turned out to be 1-125 at f:4, but it was still flat.

However, if anyone should want to try it for himself, I'll be glad to help you any way I can by giving the exposures I used. I would like to try again using a higher speed film like Tri X.

As for letting you know the new and rebuilt films on the market, I

can't. I could tell you at the time I'm writing this, but, by the time it's printed they would be changed again!

Last month I went to the National Press Photographers Association Photo Clinic. The clinic is put on by the NPPA, and designed to help amateur photographers in the field.

Lectures were given on chemicals, news photography, color work, and many other subjects.

Speaking of subjects, there were lectures given at 2:00 p. m. and 6:00 p. m. all three days on cheese-cake (with girls). Photographers were there to help pose the girls for the cameras.

On the last day of the NPPA queen was chosen to represent Miami in the National Competition. Bonnie Harrington won the title of Miss Miami Press Photographer this year.

Just a reminder to those of you who plan to enter photo contest, the deadline for the earliest closing one is January 31, and the latest is about March 31.

For information on the Super XX exposures or the contest, send your questions to David Rayfield in Room 311.

### Attention Boys!

Dean of Boys, Mr. Charles Ashworth, has just released some important information about reserve forces rulings being changed. Here is a new idea for serving the two years of required military service. Boys who are interested in working off this time before they are through school should read this carefully:

#### Reserve Forces Act 1955

Men, if you are between the ages of 17 and 18½, there's a new law which affects your military status: It's the new reserve forces act and it allows you to enlist directly into the Army Reserve and fulfill your military obligations by being a full time civilian and a part time soldier! Here's how it works:

You enlist in a unit of the United States Army Reserve right here in Miami.

You receive only six months active duty training, which you can complete immediately after high school graduation. You then complete the remainder of your military obligation as a member of your local Army Reserve unit. You learn leadership and gain valuable knowledge that will help you in your civilian career.

You'll want to know more about this new law and the advantages it gives you. Better check immediately with your U. S. Army Reserve advisor. Telephone MO 1-1641 or visit with him on Saturday mornings at the Armory on 5600 San Amaro Drive, Coral Gables.

Over 100 school classes visited the Florida State Museum, a division of the University of Florida, last year.

### Key Club Renews Sales

Hialeah High's Key Club will continue its bid for calendar sales this month by making a compromise price of 50 cents for each calendar. The reason of this cut in prices is for larger distribution as well as to make the prices more suitable for all persons wishing to purchase calendars. This information was given to the editor of the club page by Bill Hoy, member of the Calendar Publicity Committee.

Bill Dunstall, Chairman of the Publicity Committee, as of the Key Club meeting preceding the last meeting of the club, decided that a new batch of calendars would be the thing to really set the calendar sales moving more rapidly than before.

Wayne Arnold and Bill Hoy who attended the recent dinner of the Kiwanis were encouraged by one of its members to lower prices so that they (the Key Club) might receive larger distribution throughout the school and community.

### Fardig Gets Press

Mr. Glen Fardig has received a blue printing machine in his class. The boys will draw housing plans and then make blueprints to fit them.

The boys are starting to make hall passes. The large printing machine, which is now in operation, is turning out approximately 800 an hour. The passes will soon be in use.
