Pupils Named To Honor Roll Banquet Features Senator Kefauver

Lists for the third grading period increased with 27 on the Dean's list and 206 on the half and half honor roll.

Requirements for the Dean's list are high, for only those whose cards are all A's will have the honor of being listed. Those whose cards show a balance of A's and B's are enrolled on the Honor Roll.

DEAN'S LIST

Eleventh graders for high honors were: Judy Sholz, 11-2; Faye Bacon, 11-3; Beverly Martin, 11-3; Danny Thomas, 11-6 and Katherine McGee, 11-6; Tenth graders were noticeable for their absence on this list. Ninth graders having the same number as eleventh were: Sonja Jensen, 9-3; Don Harbolt, 9-4; Myrtle Meeker, 9-6; Charry Lane, 9-7; George Ricker, 9-9; Randell Bacon, 9-9; Sara Parise, 9-11; and Edward Jeannin, 9-11; In junior high, eighth graders had 7 and seventh graders, 6, for high honors. From the eighth grade were Francine Epstein, 8-4; Donna Bienstein, 8-6; Annette Beaubien, 8-7; Eileen Braner, 8-7; Jackie Weede, 8-8; Larry Castro, 8-9; Patsy Howe, 8-11, and Sybil Nored, 8-11.

Seventh graders who headed their grade were Judy Floretta, 7-10; Charles Hester, 7-10; Eugenia Bacon, 7-13; Kathleen Callaghan, 7-13; Ed Bullock, 7-15; and Roberta Yorba, 7-18.

HONOR ROLL

Eleventh Grade: 11-1, Marsha Phillips, John Cavalier; 11-2, Mary Buchanan, Judith Freeland, Mayo Holmes, Bruce Ickes, James Palmer, Leonard Pardue; 11-3, Jerry Coleman, Keith Crawford, David Frazier, Betty Harrigan; 11-4, Lynn Merrill and Gail Shaughnessy; 11-5, Annette Pritchard, Shirley Bacon, Judy King, Bill Williamson, William Hoy, and Clarence Phillips; 11-6, Janice Trite, Allene Browde; 11-7, Sue Fickling, Marilyn Martin, Dorothy Piehler, Jean Smith, Melvis Sweat; 11-9, Sandra Noel, Donald Connor, Pat Garrett; 11-10, Helen Cavalier, Marsha Weitzsacker; 11-11, Joe Wall, Danny Harris, Lillian O'Dell, Sheila Piper.

Tenth Grade: 10-2, Anita Bartlett; 10-3, Carol Binns, Sylvia Buck, Lanny Russ, Warren Smith, Bill Spruce, Carolyn Johnson; 10-4, Lyle Thomas, Ernest Gilbert, Robert Hungler, Benjie Lebow, Louis Pease; 10-5, Kathleen Coyle, Jean Dulin, Mabel Lowden; 10-6, Betsy Stoinoff; 10-7, Virginia Beasley, Loretta Rompot; 10-8, Carolyn Collins; 10-9, Ralph Morris; 10-10, Katie Emory, Stanley Hopkins, Leona Higdon, Sharon Miller; 10-12, Carl Barton; 10-15, Tony Davis and Edward Midgette.

Ninth Grade: 8-1, Dorothy Arrington, Paul Donaldson, Kathleen Shaughnessy, Ann Spiaggia; 9-2, Donna Jedlicka, Charlotte Keyes; 9-3, June Kacharko; 9-4, Cynthia Cone, Joyce Hall, Elaine Pent, Patricia Sams, Barbara Wolewski; 9-5, Jennie Fulkner; 9-6, Barbara Flatten, Darlene Macik; 9-7, Janice Voyles, Linda Steingerwald, Barbara Sellers, Eileen Lahman, Judy

Anchor Club Gives Dance Career Day Underway

Got a whale of a tale to tell you lads, and a whale of a tale is true. We swear by our tattoos.

At the 1st Annual Nautical Ball, an Admiral of the year for the Anchor Club will be selected.

He will be presented with the Anchor Club pin by Mrs. Loretta Powell, and will attend all the social functions of the club as much as possible.

The Senior High voted Monday, their choice of Admiral and the two runners-up will be shipmates. They chose from the following candidates: James Harvey, David Frazier, Leonard Pardue, John Grimes, Roy Charles, Gary Chamberlain, Ronnie Cyril, Howard Koepka, Ray Morris, Alan Stone, and John Cavalier.

Their qualifications consist of at least a C average in subject and citizenship.

The ball will be held February 24.

Career Day Underway

Miss Joyce Chick, Wayne Arnold, Howard Gold, James Harvey, Ed Harvey, and Mr. Byrd V. Duke, City Councilman of Hialeah met on January 23 to discuss Career Day Activity this year.

The main purpose in this meeting was to talk with Mr. Byrd V. Duke concerning possibilities of obtaining the Municipal Auditorium from the City of Hialeah. At the meeting Mr. Duke expressed himself highly in favor of obtaining the auditorium from the city for the Career Day Activity to house the seventh and eighth graders of Hialeah High. In explaining the proceeding in get-

(Please turn to page 5)

from 7:30 to 11:00 in the school cafeteria. Music will be provided by a dance band.

The prices for tickets will be 75 cents stag and \$1.00 drag. They will be sold by the members of the Anchor Club.

H. H. S. Plans First Valentine Tag Day

The STUDENT COUNCIL of HIALEAH HIGH SCHOOL is planning for its first annual VALENTINE TAG DAY, February 11. Members of the Student Council are giving up their Saturday to position themselves advantageously throughout the communities of Hialeah and Miami Springs for the purpose of giving VALENTINE TAGS to those people donating to their project fund.

The receipts of this campaign will be expended for such worthy and needed items for the school and student body as follows: arranging for free transportation by bus for a segment of our student body so as to represent our school at our minor sports events; sending Student Council officers to the State Convention; printing of club charters; printing of school club cards; redecorating the student's clinic outer office; purchase of bulletin boards for student body and club activities; purchase of officers' pins; and a major project of purchasing an illuminated sign board to be placed in the northeast section of the physical education field for the purpose of advertising school events to the townspeople and visitors to the city.

Also, being considered, is the possibility of purchasing additional gear to supplement activities of the school gymnastic team and physical education classes, it's a trampoline.

As the foregoing list would indicate, the STUDENT COUNCIL of HIALEAH HIGH has extensive plans for benefitting the school and student body. BUT, they need the expressed generosity of the commu-

Hialeah High School's first annual football banquet will be held in the Miami Springs Villa Playhouse next Thursday evening, February 16, at seven p.m.

Estes Kefauver, running for nomination on the Democratic ticket for President of the United States will be introduced by Ted David, Speaker of the Florida House of Representatives, as the guest speaker. Art Calvert, President of the Hialeah-Miami Springs Lions Club, will serve as master of ceremonies.

Eleven Hialeah-Miami Springs Civic Clubs are presenting this banquet in honor of Hialeah High School athletic program for the work the athletes have done, express their gratitude. Mr. Ernie Stamey, attorney in Miami Springs, was in charge of the steering committee. Art Calvert, a Hialeah business man, served in charge of publicity committee. Jack Hanks, funeral director, was chairman of the program and ticket committee.

Tickets are on sale at Hialeah-Miami Springs Bank, Hialeah Chamber of Commerce, Phil's Taxi, and Curtiss National Bank. The tickets will sell for \$5.00 apiece.

Trophies will be awarded to the outstanding football players of 1955. Awards will also be presented to the most improved junior varsity player of 1955. The banquet will be broadcast on WKAT locally and also on a national network. It will also be televised locally.

Forty invitations have been sent to sports celebrities including: Ted Williams, Jess Yarborough, County Commissioner and former Miami High Coach; Ed Parnell Miami Edison coach, Mayor Milander, Mayor Herrell, Herb Score, Mayo Smith, Ted Williams and many other baseball and sport stars.

Speeches will last through the dinner and music will be provided for those who will wish to dance afterwards. Football players and their dates were invited free of charge.

Two More Contests

ORATORICAL CONTEST

Sponsor: American Legion

(Mrs. Irene Redstone)

Ten to twelve-minute oration on "The Constitution of the United States." Open to students of the 9th, 10th, 11th, and 12th grades. State prizes: \$200, \$100, \$50, \$25. National Prizes: \$4,000, \$2,500, \$1,000, \$500. Date due—March 2, 1956.

POSTER CONTEST

Sponsor: Art Directors Club of Miami (John P. Kelly)

Any scene that is typical of Florida, to be entitled "Live in Florida." Open to students in grades 7, 8, 9, 10, 11, 12. School Prize: One year scholarship to special classes at the Lowe Gallery, including materials and transportation. Winning entries to be exhibited at Burdine's. Winners to be honored at a special dinner. Date due April 20, 1956.

nities involved. The members of the Student Council will be on posts from 9 a. m. until 6 p. m. Saturday, February 11. They will be recognizable by the "SANDWICH SIGNS" they wear.

Lyle Charles of the Hialeah High School Wheel Club presents Ray Charles with the club's donation of \$10.00 for the Polio Drive held in the Cafetorium, for 1956.

Subscriptions For The Record

Come on students, let's get with it. That is, subscribe to your school newspaper.

The HIALEAH RECORD was a highly rated paper last year, and this year it has two extra pages of news. The RECORD also has tried to help boost all activities that are going on around the Campus.

The school newspaper is made especially for YOU. It has YOUR

name or YOUR friend's stories on YOUR clubs and YOUR teams.

But this cannot go on IF you and your friends do not subscribe and back-up your paper.

Would you like to have a small, mimeographed paper? I'm sure you wouldn't like that. You want a paper to be proud of, not a "little" mimeographed sheet.

A Word to the Wise

They say a word to the wise may save a lot of lives. All students that are the proud drivers of automobiles should sit up and take notice.

How would you like to feel that you're to blame because some other innocent person is laid up and crippled for the rest of his life, or even worse know that you're the cause of his not having any life.

Have you ever stopped to realize that every time you get behind the wheel of a car, you're responsible for all persons in it, and all others

you meet going down the road.

You might just shrug it off and say, "Oh, that only happens to the other guys." That's what somebody else said too, and now he and his hot rod friends are six feet under.

What do you say, fellows? Let's slow down and live. Don't think it's smart to take that corner on two wheels or let the speedometer soar. It might seem stylish to be a cowboy, but they don't need cowboys in heaven. Don't end up like the "Terror of Highway 101."

Should Dictators Rule?

By WAYNE ARNOLD

Dictatorial government is, in the opinion of some, the best.

How can this opinion be changed? Why would any sincere American citizen be in favor of dictatorial government here in America? And how can these students be in favor of dictatorial government, whether it be of intelligent rule or any rule?

The beliefs established by this country in colonial times were not a dictatorial policy, but of a government that governs least is that which is best. And in proof that democracy is better than dictatorial government a person can look over the horizons of other countries and see that a dictator is a government that gradually falls. But, the government on which our country is established, it can be seen that America is truly the country of the greatest feeling of liberty and a cautious government that attempts at all times to represent the majority.

With continual democratic government in America there shall always be those who wish to set themselves up as dictators and rule. Huey P. Long, Mississippi's one-time dictator and also prospective president of the United States, tried to establish and almost did, a government of dictatorial form here in this great country of ours.

Any American who truthfully and honestly feels that a dictatorial government would be of advantage to the American people is certainly aiding the threat of communism. If a person with such feelings would only study the background of all dictators' countries, he as an American, whether intelligent or just

I Want One

By KAY ANDERSON

"Gee, they're keen." "I sure would love to have one." "How much do they cost?" These and many other questions are being heard around Hialeah.

The book room has never been in such confusion over any one object. Are you interested in knowing what it is? It's Hialeah High's first class ring.

All members of the junior class, have been flocking to the book room since the display first arrived.

The rings will be on display again next year at approximately the same time for the benefit of those students not purchasing one this semester.

common folk, would dispose of any such continual beliefs.

By remembering that a government that governs least is best and fighting for such a cause he would certainly fight against any possible chance of dictators invading the American government.

What A Character!

By KATHLEEN COYLE

"Pete! Get off the new furniture . . . Quit scratching the wall . . . Get off that table . . . Move your tail out of the way before I step on it . . . Eat what you got. This is my supper . . . Go sleep someplace else."

Who's Pete? Well, he is a boy with red hair and blue eyes. He stands about 11 inches from the ground and is about 30 inches long from the tip of his nose to the tip of his tail. In other words, Pete, is a cat. But not a simple common one. Oh, no; this cat has a personality. The way he walks around and demands your every second, he probably thinks he is Napoleon or somebody else important. And unlike any normal cat he talks, in his own language though. He'll look up at you, with face as long as a blood hound's, and let out a low, mournful, meow that means, "Please give me some loving." Or he'll let loose with a series of quick, high pitched cries which means, "Let me out, quick!" or "Hurry up! I'm hungry." At other times he doesn't say anything. He just sits there and looks at you as if to say, "What's that you're eating? It it good? Give me some!" He usually gets it, too.

And man, at night when he wants out he wakes up the whole house by jumping on the beds and meowing like mad. His eating habits make you think he's the queen . . . Oh, I mean the King of Sheba, the way he picks at everything. He doesn't like that. He wants what he wants when he wants it (the only trouble is, what does he want?)

Most people think he's a pest or a house wrecker. But not me. To me he's a good-natured friend who's always there to hear your sorrows. He's a playmate when you're lonesome. He's part of the male in the world . . . the world of cats in my heart and will always be in my memories.

Have You Grown Up?

By BONNIE CLARK

Have you grown up? Are your skirts still above your knees? Do you continuously giggle at absolutely nothing? In your mind, are you thinking you are so very small and like to prove it by trying to run under the person in front of you while making a bee-line down the hall to your next class? If this applies to you, read this little story.

Once upon a time there lived a girl named Nancy who was really a bright girl if you personally knew her, but just to take a look-see at her. She appeared as an over-grown baby. Her hair was in two pony

tails (which was usually messed up and hanging over her shoulders) and the dresses she wore were above her knees and always had a big bow sash tied in back. This would be quite all right for a girl of elementary grades, but Nancy was in the eighth grade! Nancy mustn't be commended for her appearance for many of her friends dressed just like her. She must have been suffering from the lack of self-confidence in herself because she always held hands with her girl friend while walking in the halls.

"Having a good girl friend to be with is nice, but let's not get sickening about this," many students would say.

One day Nancy was in the girl's locker room when she overheard a group of senior high girls discussing a topic which was quite embarrassing to her. Somehow Nancy knew they were talking about her. Not realizing Nancy could hear, the girls began their real strong throat-cutting topic.

"Would you look at that girl over by the corner! She must at least be 13, but look at her clothes! Her mother must think this is 1920. That's the trouble with this school. That Junior High is really lowering the rating of our school. It's people like her that causes rating trouble for the older grades."

Nancy's heart sank to her toes: She walked over to the mirror and took a good look at herself. She became even more mortified. "How could I ever have let myself go as I did?" she thought. The day was long for Nancy as she was so ashamed of her appearance.

Next morning Nancy walked into homeroom, but quite different. She wore a cute cotton jumper with a pretty turtle neck sweater to match. Her hair was cut, but not too much, and set in a pageboy manner with bangs in front. Nancy was really neat and quite pretty. Boys from not only her grade but from higher grades took notice to her also. She became eighth grade princess that year and was really on her way. As for the girls in the gym, Nancy didn't snub them (for the girls must have realized she had overheard them talking about her), but became good friends with everyone. She felt a part of the school instead of an outsider.

Ways To Kill Time

If you're ever puzzled about how to spend those endless hours in class we suggest:

1. See movies or hear records.
2. Ask for time to do homework.
3. Draw pictures in textbooks.
4. Keep teacher talking by asking questions.
5. Read comic books.
6. Eat food or chew gum.
7. Give long-winded explanations.
8. Talk to the person next to you.

From the Horse's Mouth

By BONNIE CLARK

A student studying engineering related to a friend: "I don't like to give up my rabbit wrench; I hate to split hares."

Mr. Joe White related a tale which many thought to be quite amusing:

"A man in a movie sat alone with two vacant seats next to him. The seats were soon occupied by a man and his dog, arousing the curiosity of the first man. Everything seemed to be all right until the dog

began to laugh at the picture with all his might. A laughing dog was strange enough, but when he started discussing the scene with his master, the man almost croaked. When the picture was over the poor mixed-up guy followed the two into the lobby and began to talk with the master of the dog.

"That's quite a dog ya got there, mister. He must have really enjoyed that picture the way he was laughing and talking all through it."

"Oh, he didn't like the movie as well as he did the book."

A neighbor of mine was burning leaves in the back yard. After a bit she chirped to her husband:

"What doesn't burn, we'll set fire to the rest." Aaaaah!

FOR GIRLS ONLY

I personally guarantee that every boy that reads my column will read

Leroy Makes His Appearance

By "ANDI"

Just about everybody has a pet. Some are common and some are a little odd. But you haven't seen anything until you've met LeRoy. He's my pet cockroach. I used to be terribly frightened of them; I still am for that matter, but Leroy, he's different. What a physique! And those beautiful brown eyes! They're so alluring.

The first time I saw him, I knew that we were going to be the best of friends. It was really quite by accident that we even met. I found him lying at the bottom of a bag of bananas where he crouched shaking with fear.

He told me that he had been smuggled into this country on a banana boat from South America. He said that the people over there were awfully mean and always killing poor innocent little cockroaches. That's why he wanted to come to this country where he heard that he would be free.

Already three people had tried to kill him. He was afraid that it was because he wasn't a citizen yet. But I told him not to worry because no one could possibly know that. I said that I would take care of him from now on and try to teach him the ways of an American cockroach. He was so happy that he just wiggled his feelers until he was exhausted.

The first thing to do, I told him, was to find a good American name. We thought about that for quite a while and finally decided on Le-

Famous Last Words

Charlotte Zeletes: "Oh! How tender!"

Mrs. Miles: "I wouldn't wonder."

Lou Ann Polic: "You have capital ideas, my boy."

Mr. Bill Inglis: "Yea, team!"

Helen Lamb: "I even care."

Mike Chaplin: "Large charge!"

9. Carve your initials on the desk.

10. Sing or hum.

11. Hide the teacher's textbooks. If none of these works, give up and study.

this. If you didn't, boys, let me know. An insane person is one who can look at a blonde and believe there's no black roots. (A Hialeah student.)

In a very serious play (neighborhood kids' play) I attended a while back, a certain scene became quite amusing although not intentionally.

A young actor was appearing for the first time in a play. Although his part wasn't but a run on, shout, "What ho! a pistol shot," and run off again, he became quite nervous just before his great entrance. When his part came he ran out on the stage as was rehearsed but became quite confused on his five words. With arm raised high he shouted, "What ho a shostal spit, I mean a shistal pot, a shotal shpfit? Awh heck, he's dead anyway!" (We lost a lot of actors that way).

These were told by an unknown student of a different school. Autobiography—life story of an automobile; suit of armor — Knightgown. A Mutt—a police dog in the secret service.

Little Butch, 7 years old, was taken to see his new baby brother. "Mama, he cried, "the kid ain't got no hair. It ain't even got no teeth. Somebody has gyped us. Its an old baby."

A celebrity is a person who works hard all of his life to become known, then wears dark glasses to avoid being recognized.

roy. It seemed to suit him just right.

Then there was the problem of finding a place for him to stay. He told me not to worry about it tho, because he felt he could solve that himself, as he knew more about such things.

Leroy is a well-behaved cockroach and he has such good manners. He usually finds his own food, but every night before I go to bed I give him a peice of cheese. Simply loves it.

At first he had quite an accent and it was rather hard to understand him. But he met another cockroach by the name of Danny, who lives next door. Danny is helping him to learn more English. I hardly notice his accent any more.

Leroy and Danny are outside playing now. I have to go and get him. It's just rained a little while ago and I promised him that I'd try to teach him how to swim. I hope he learns without too much trouble because it's pretty dangerous for a cockroach not to know how.

I imagine that Leroy will be around for quite a while now, and if you're really interested in his experiences, you'd better not forget to read more about him in the next issue of the Hialeah High Record.

Her Lucky Dime Has Strange Powers

By DEANNE FINCHER

"It must have been my 'lucky dime' is the firm belief of Penny Stanley, 14½-year-old sophomore. It seems Penny found a dime Monday, the first day of exam week, while on her way to school. Since then, Penny has had nothing but luck. She made A's on her history and Spanish examinations and a B on her biology exam. She was highest in her biology and Spanish classes. "It had to be the 'lucky dime,'" Penny says, "because I did not study for tests." The five-foot, four and three-fourth inch, girl is known for her sense of humor and unusual personality. Penny is a native Miamian but has lived in Georgia also. After

some deep concentration, she remembered that she had been farther north. She vacationed with some friends in New London, Ohio, a few years back. This hazel-eyed, dish-water blond, student is a definite sports enthusiast. Her favorite sport is softball and in her spare time she plays ball. She has been a member of both the volleyball and basketball senior girls' varsity teams this year. She is a member of the G.A.A. and is 10 grade point recorder in the G.A.A. "I'm dull and boring," Penny said about herself, but those who are acquainted with her, know that this is the understatement of the year. Penny skipped seventh grade in Junior High School. When asked why, she responded jokingly, "The teachers couldn't stand me." Penny has chosen an unusual occupation as her career. She hopes to attend the University of Georgia

and become a veterinarian. As can be expected, Penny has two pets, a dog which is three-fourths cocker and one-fourth terrier, Penny explained, and called Taffy because she is a honey-color. Also she has a parakeet named Skipper who can say "Party Pooper" and "Merry Chrisp." "A very educated bird," Penny added wittily. Physical education, chorus, biology, and Spanish are her favorite subjects and she tabbed Mr. George Sirianni as her favorite teacher. Penny is an expert pianist; with one finger that is, or if she plays chopsticks. The schools which were fortunate to have Penny enrolled before Hialeah High were: Highland Elementary, Ponce de Leon Elementary, Citrus Grove Elementary, and Citrus Grove Jr. High. It is very rarely that one finds Penny in a serious mood. Being this way, Penny has a carefree outlook on life.

She's A Real Doll

Anchor club has in its midst a real doll. Lynn Linkenheimer who this year has played somewhat of an active role in the Anchor Club as well as in her out-of-school activities. At present, besides her extra club activity and participation in school affairs she works after school until ten in the evenings. She is also recognized as one of the more outstanding scholars of Hialeah High. As far as ambitions go Lynn hopes to be the Sweetheart of the Senior group of students this year at the Valentine dance. Lynn is also a member of the Student Council and takes somewhat of an active interest in the affairs that effect the student body as a whole. One of the many charming Sweet Heart Calendar girls of the Key Club was Lynn Linkenheimer who proved to do an excellent job in representing her club. Lynn in all the different phases of school life hopes to contribute as much to Hialeah's growth and progress in school affairs as she can.

that he will stay for good. Fred didn't need much convincing that H.H.S. is the best school yet. In case the girls are wondering, this handsome blond is even better looking than he was last year. Welcome back, Fred.

Congratulations: May we congratulate Wayne Arnold, also a sophomore, in reference to his being elected to office in Key Club. He is the new President. The vote of the club was unanimously stay in office until the end of this year. Wayne has already made improvements in the club. He has given a few of the members a

notice of dismembership. They either do more work in the club and help a little extra, or, as president, he can ask for their resignation. These members have about two weeks to show and improve their interest in the club activities. Wayne was also elected to be assistant Editor of the school paper (the Hialeah High Record). Everyone is sure that Wayne is worthy of his "holdings."

Style Note: Either the boys in this school have good taste or they have girlfriends with good taste. Mickey Young is always turning up with a new shirt now and then. He has a lot of plaid shirts with flamingo pink in them. Mickey said that his sister buys a lot of his shirts for him.

Mike Danzis and Tommy Garrett are constantly wearing pretty shirts too. Mike has an especially good-looking shirt. It's a black-watch plaid, long sleeved. Tommy wore a bright red shirt one day that looked dashing. In case you haven't noticed, the boy teenagers of today at Hialeah are really dressing better lately, no more unshined shoes and sloppy shirts. Hialeah High is certainly building its reputation to higher standards, which everyone can be proud of.

Hialeah is full of "hep kats," including our principal, Mr. Pease. Perhaps you have seen him in his white-buck shoes. They always look nice.

Many of the students here are also wearing them. Only one trouble is that they are hard to keep clean.

Cute Brunette Reaches Only Five Feet Tall

Linda Herold, a five-foot, fifteen-year-old, brown-eyed cutie, says she likes Hialeah High and plans to stay. According to Linda, the school could be improved with a "longer lunch hour".

When asked if she would like to be a little taller she replied, "Sometimes—when I'm at basketball games and can't see over the person in front of me."

Linda was crowned the Queen of WITV's Bandstand about five weeks ago, and wore the crown for one week.

For an occupation Linda wants to be a model or an air line stewardess.

Linda was born in Columbus, O., but lived in New Jersey awhile before coming down here in the '55 school year.

Linda, a solid one-hundred pounds in weight, goes steady with eGorge Shaw. Her favorite teachers is Mr. White and her favorite subject is typing. In the field of sports she likes to swim, and watch basketball games.

Story of April

Sylvia Buck, known to her friends as "Happy Jane" recently appeared on the Key Club Calendar as April. Sylvia was born July 19, 1940, in Jacksonville. She has been going to Hialeah only two years but has accomplished much and is in many clubs.

She is vice-president of Modern Music Masters, assistant accompanist in fifth period chorus, student director in Music Directors, and is a member of Variety Club and Future Teachers. Her pet peeves are pizza and hill-billy music.

Her favorite teachers are Mr. Inglis and Miss Meyer. She says, "They're tops". Happy Jane's ambition is to be able to ride the Sky Wheel with her eyes open. By the way, boys, she's not going steady. (Line forms at the rear).

Club Holds Telethon

Mrs. Alfreda Miller's Journalism Club sponsored a telethon to raise subscriptions for the "Record." This took place in the cafeteria last Tuesday, Wednesday, and Thursday. Journalism group called on the choral and band departments for the entertainment. Ray Charles, Joe McAllister, and Charles Castellucci were masters of ceremony. David Frazier, and Sylvia Buck were pianists. The following were in the band: Lynn Wright, Danny Thomas, Slug Harvey, Butch Harvey, Gerry Chester, Kathleen McGee, and Richard Ensing.

In the trio were Patti Lay, Lou Ann Polic, and Judie Mason. Solos were presented by Diane Smith, Sandi Welgan, Fay Rotelli and Ronnie Cyril. Also pantomining were Linda Shipley and Francine Sapsstein.

Calvert Wins Title

Miss Roberta Calvert, an attractive blond, and a junior at Hialeah won the title of Miss Miami Springs at the Hialeah-Miami Springs Home Show on Tuesday evening.

She wore a pink nylon chiffon evening gown, white gloves, high heels, and rhinestone ear rings for the competition and presentation of her crown.

Roberta is a very active student at Hialeah. She is a cheerleader and takes part in most school activities.

Roberta said that this was the first honor that she ever won, and she shed copious tears of joy as she was crowned by Diane LaPrade, last year's queen.

Bobb, as she is better known by her classmates, intends to be a dancer. She likes any kind of dancing except tap.

Music Masters Pledge Six

At a closed meeting, held Monday night, January 16, an examination was given to nine pledges for admittance into the National music honorary, the Modern Music Masters' Society. Out of the nine who took the exam, which consisted of questions on the society's constitution, by-laws, and objectives, only six passed.

Some weeks before these pledges auditioned in front of an official board of review, which consisted of the officers and sponsors. They were also given a hand book containing the objectives, constitution, and by-laws.

At the beginning of each semester, the organization taps new members. After these pledges pass their exam and audition, they are then initiated.

The first formal initiation was held at the change of the semester and the officers will be installed by the Jackson High School Chapter.

The present M. M. M. officers are: David Frazier, president; Sylvia Buck, vice-president; Lou Ann Pollic, secretary; John Knight, treasurer; Judy Sholz, historian. Mr. William Inglis and Miss Lillian Meyer co-sponsor the chapter.

"The organization is nationally opened to the choral, orchestral, and band members, but our chapter is only open to choral, and orchestral members," stated David Frazier, president.

Regular business meetings are held every Monday night at 7:30 in the choral room.

Helen Sponsors Wheels

One of the vice-presidents of the Wheel Club has expressed to the Editor of Club page that Wheel Club have Helen Cavalier as its sponsor as well as teacher-sponsor. The purpose in having a young lady as one of its sponsors is to promote better relations with the female capital of our school.

Wheel Club has worked through the year that its activity be concerned with both the boy and girls of Hialeah High.

Over the past year Wheel Club has encouraged such activities as dances, and other such activities. There has been no announcement of Wheel Club Activity in the future only that it is expected that the Wheel Club will have several dances before the conclusion of the school year.

Ray Charles, one of the outstanding members of the Wheel Club and Student Council stated recently in one of his articles to the News that Wheel Club and Key Club were two of the clubs of Hialeah High which have aided in the fight of juvenile Delinquency.

Wayne Arnold Named Key Club Prexy

Key Club members of Hialeah High at a meeting held on February 1, elected a new president to finish out the remainder of the school year because of the resignation of Gary Diehl.

At the meeting Clinton Thayer, acting president in the capacity of Gary Diehl, asked that acting upon the resignation of Gary, a new president be elected. Wayne Arnold was nominated and elected by a unanimous ballot.

Wayne, after the meeting began, proceeded to outline his complete plans for the rest of the year. He plans to have a Student Government Day, Safety and Cleanup Committee, and Awards to be given to students of outstanding qualities within the school, all to be sponsored by the Key Club.

Butch Harvey has been chosen as the Director of the Key Club Committee and John Bartlett, his assistant. Each of these students have expressed his desire to run for office next year.

Elections for next year will be held February 8. It is hoped by the Board of Directors and the officers that all members be encouraged to attend next week's meeting.

St. Valentine Remembered

Have you ever wondered why Valentines have been passed on February 14? St. Valentine was a Roman saint and was listed so on the Roman calendar who was said to have been martyred in 306 A.D.

The custom of choosing valentines on this day has been accidentally associated with his name. On the eve of St. Valentine's Day, young people of both sexes used to meet, and each of them drew a name from a group of names of the opposite sex.

Each gentleman thus got a lady for his valentine, and became the valentine of a lady. The gentleman remained bound to the service of their valentines for a year.

The day is now celebrated by sending anonymously through the post sentimental messages especially prepared for the purpose.

Her Easiest Class

At least for one day Judie Mason, ninth grader, took it easy. Her homemaking class was studying home nursing and Mrs. Lois Deerman, instructor, was showing the class how to make and strip a bed with a patient in it.

They needed a patient and Judie was pooped. So for nearly all 4th period Judie enjoyed a siesta, legally.

A.V. Make Curtains

Did you see the curtain out in the West Patio last week? That was the Audio Visual groups stretching their curtains and putting holes in them so they could be hung in the rooms that have wire along the south transom windows.

Now all the rooms that have wire strung in them have curtains, with the exception of a few.

These rooms would have curtains too, if there hadn't been a mistake in the cutting of the material. However, more material has been ordered.

If you have seen movies in these rooms you will have noticed that the movies are not as good as they could be. This is because of the poor measures taken to black out the room.

This is because the windows on the north side have no protection from the blinder. Mrs. John Dobbins, head of the Audio Visual Department said that at the present time there was no chance of getting curtains that big for a school this large.

Mr. Dobbins also stated that a school this large ought to have certain rooms set aside that could be blacked out completely in order to get the full benefit of the movies.

Wayne Arnold, Senator George Smathers, and Joe Boyd, City Attorney of Hialeah, Fla.

This picture was taken in the course of the Testimonial Dinner for Sen. Smathers. Wayne here is conferring with Smathers in students' participation in civic affairs.

Inter-Club Council Is Proposed

Bill Hoy, Chairman of the Constitutional Revision Committee of the Student Council, has stated in the previous Student Council meeting that the constitution committee will introduce a new constitution—a plan to establish an Inter-Club Council.

The purpose of this council would be that of assisting the clubs in building and promoting better relationship between the clubs in the school. Each club will be given equal representation when it comes to giving out such jobs the Refreshment Stand which is now handled by the Key Club, and many other useful activities in which all clubs should have their part.

In explaining the Inter-Club Council there is a representative from each of the school clubs, and it has been suggested that the sponsors attend all of the council meetings so that fair and equal feeling will be shared among the clubs.

If the Student Council supports this movement to establish and create the Inter-Club Council, it will be of sound and advisable leadership for future club activity.

Chairman Hoy met much oppo-

sition to some of his proposals to the new Student Council Constitution by Ray Charles who objected to a change from corresponding secretary to second Vice-President.

Ray Charles also objected to a movement by Hoy to establish a higher grade level for all students in the Student Council, for all students aren't scholars, but are good leaders was Charles' argument. President of the Student Council Dennis Baker, also stated that any person that is in the position of leadership must keep in good grades at all times.

Calendar For \$1.00

Key Club President Wayne Arnold announced that the Sweetheart Calendar is not being sold for 50 cents, as rumored, but instead it is still being sold for the original price of \$1.00.

Any Talent?

Variety Club is looking for talent for the school dance, floor shows, and such. This club has about 30 members but needs more. If any Hialeah student knows of persons in school who can dance, sing, play musical instruments, etc., please have him come to Room 215 any day after school.

Student Council Plans Tag Day, State Parley

To raise money for the Council, and to thereby help the school, is the never ceasing problem of the Hialeah High Student Council. Many projects to raise money have been launched in the past, but never has there been one on such a grandiose scale as the one now being launched. The Council has purchased 10,000 Hialeah High tags which will be sold, via strategic spots in Miami Springs, Hialeah, Opa-locka, and the general Miami area, to all people who are interested in supporting the school and its functions. These tags will also be sold at school, and the Council urges the student support.

The Council is planning to send a few of the most important officers to the State Convention of Student Councils which is to be held in March.

At long last, the Student Council Constitution is being read, after being rewritten by the committee headed by William E. Hoy, to the Council for their discerning approval.

CAREER DAY

(Continued from page 1)
ting the auditorium from the city, Mr. Duke stated that as Chairman of the School Committee he would gladly recommend to the City Council to allow the school to receive the Municipal Auditorium rent free if Key Clubbers would assist in the cleaning of the auditorium after the Career Day Activity.

Miss Chick stated during the meeting that the Key Club would certainly play a very active part in the carrying out of this most outstanding project this year.

At the conclusion of the meeting Miss Chick stated that this would be one of the best things to happen to the school in a long time if Hialeah High was allowed the use of the auditorium.

Annual Science Fair Opens Soon

The Second Annual South Florida Regional Science Fair will be held at the University of Miami, March 16-17.

Any student registered in a junior or senior high school may enter an exhibit of scientific nature. The entry may be concerned with insects or plant life. The student himself must prepare the exhibit.

The main purposes of the science fair are: one means by which future scientists are discovered; to give students a chance to express themselves and become interested in science and to encourage better work in science.

Each student entering the fair must fill out an official entry blank, certified by his science teacher and school principal and mailed not later than March 10, which is also the deadline set for entries at the University of Miami. However, the actual judging will not take place until March 16-17.

Entries shall be judged on a competitive basis considering the following points: creative ability, scientific thought, thoroughness, skill, clarity, and dramatic value with all science fair rules and criteria followed by all entries.

Further entries may be had in Room 121.

Hialeah High was allowed the use of the auditorium.

Youth Night Success

Over 100 youths responded to "Youth Night" Friday, January 20. In the musical part of the service Dr. Moberg, a celebrated pianist played "What a Friend We Have in Jesus." Lowell Liestner and nine girls sang a song written by his wife. He then sang "Stand Up, Stand Up for Jesus" to the tune of "On the Road to Mandalay." Rev. Daniels spoke then on the subject Samson and Dallah, using as his theme "In love with and married to the wrong woman." The dynamic message of Rev. Daniels will long be remembered by many. He spoke with sincerity and authority. Afterwards a social was held for the young people.

PTA Finances Frames For Art

At the last Parent-Teachers' Association a 35-dollar check was awarded to the art department, to frame 30 paintings. These paintings will be the beginning of the program to exhibit the art talent of the student body.

The oil paintings are painted by the following students; Ed Barber, Janice Trite, Dinah Hucks, Kathleen Coyle, Mary Todd, Barbara Flatten, John Grimes, Johnny Cavalier, Margaret Bullock, F. Jerry Coleman, Joanne Denton, Gall Frazier, Charlene Rawlins, Phyllis Togle, Bob Page. Some of the students above have done two paintings which will be framed.

By RAYFIELD

Hi, there, I guess everyone has thoroughly gotten over their Christmas and New Year spending and have a little money saved up on your own for spending, so I have listed below a few of the new products put out by the various companies.

F. R. Corporation has put their X-500 developer on the market just recently. With this new high speed developer you can expose films like Tri X (200 A.S.A.) at a speed rating of 1,000 to 2,000 A.S.A. and develop for 16 minutes at about 70° to 75°F. At the North Miami football game in November I met one of their school photographers who was exposing Tri-X at 1,000 A.S.A. without flash and getting good results. On the back of the bottle of X-500 you'll find directions for using this new method.

Eastman Kodak has put the "Medallion" on the list of new products. It's a new 8mm magazine-loading cine camera weighing only about 1 1-2 pounds, and measuring 4 1-4 x 3 3-4 x 2 inches. Featuring a 13 mm 8/1.9 lens it has rating ranging from 16 to 48 frames per second, and is priced by Eastman at \$144.50.

Polaroid has introduced a 1,000 A.S.A. speed film for using as black and white transparencies. The new film can only be used in the Polaroid cameras.

Burleigh Brooks, Inc., of New York have offered to 120/ owners of Roliflex and Rollicord camera a Super-Slide. The slide binders are for making 2 1/4 x 2 1/4 color transparencies a bit smaller (2x2) where they will fit the standard 35mm projector. A kit can be purchased from Burleigh Brooks, 10 West 46th Street, New York 36, N.Y. The kit is contained in a leather slip case and is made up of a viewing and focal plane mash together with

Juniors Buy Rings

"Man, they're the most!"
"You said it, kid. I'll bet these are the neatest class rings in the state of Florida." These and many other exclamations were heard by Mrs. Casey Plomm in the bookroom last week, when the Junior Class had their first chance to order class rings.

Six rings were shown to the students out of which they could choose. Three of the rings had stones set on the crown while the other three had a beautiful design set in yellow and white gold on the crown. On the side of the rings the students will notice a beautifully finished replica of the school seal.

Also available are a necklace with a stone set in the emblem and a yellow and white bold pin. Some students are buying a ring and a lapel pin. The boys sometimes get the pin to give to a girl friend instead of giving her his ring.

A five-dollar deposit was asked by "Casey" at the time the rings were ordered. The balance will be paid when the rings are delivered in May. Although the students will not be seniors when the rings arrive, permission has been given by Mr. E. G. Pease, for students to wear their rings when they get them.

Juniors who don't get their rings this time will have another chance next year about this same time.

Out of a class of 409 students, only—bought their rings this year.

CALLAHAN'S
BOOT and SHOE
REPAIRING
691 PALM AVENUE

25 mounts.

The viewing mask goes into the focusing hood to give the correct negative size and the focal plane mash fits inside the cameras to mask the film for right negative size. Extra mounts can be had for 25 for .69c. The complete kit sells for \$3.95.

Burleigh Brooks is also distributing the new German-made Rolleiflex 2.8 D along with Ponder and Best.

If you would like to know of any more products or have any photography questions, let me know: David Rayfield in room 313 or 311.

Inquiring Reporter Asks

By VIRGINIA COLEMAN

What Is Your Favorite Song and Why?

Virginia Coleman 10-2 — "The Great Pretender" — because it reminds me of a boy I know.

Betty Jessee 10-13 — "The Great Pretender" one reason is memories I can't tell but another is "I Love the Platters."

Janice Beaucage 10-13 — "Only You" and "The Great Pretender" the first; I'll never tell the second because it's got a pretty melody.

Louis Palladino 10-13 — "Pepper Hot Baby" because I like chili sauce.

Jackie Chandler 10-4 — "The Great Pretender" because it has real neat neat words and meaning to me. "Band of Gold", "I'll Tell You Sometime."

Jeanette Turker 10-10 — "The Great Pretender" because it's a real neat song, especially the way the Platter sings it.

Virginia Bopp 10-11 — "The Great Pretender" is my favorite because it puts you in a mood and sounds so "cool", "neat", and "catty"!

Hialeah Gets Teachers

Hialeah High School welcomed two new members to the staff. Starting this semester Geo. Kollias, who was born in Marianna, Florida, and attended the University of Florida. At Hialeah he teaches social studies to seventh graders. Before coming to Hialeah he taught in the Air Force and at P.K. Younge High School at the University of Florida.

Miss Barbara LeJeune, born in Maywood, Ill., attended the University of Fla. During her first semester at Hialeah, she is teaching eighth grade basic education and English. She enjoys teaching in Florida and likes the Hialeah student body for their courtesy and behavior.

Let's show these new teachers the welcome they deserve and help them until they have become more at home at Hialeah.

Books Checked Out

Did you ever wonder how many books were checked out of the library everyday?

Every day, between 175 to 300 library books are checked out by just the eighth, ninth, and tenth and eleventh graders. The seventh graders have use of library books in their class rooms.

Besides that many books being checked out, reference books are always in use by teachers and students.

The library has 3,000 new books on order and have a \$2,500 order for the middle of March.

Although they received 21 boxes of books recently the books will not be ready for checking out for quite some time, because of all the work that must be done with them.

HONOR ROLL

(Continued from page 1)

Casey, Linda Conger; 9-9, Michael Willis, Fred Gramos, Susan Kraph; 9-10, Pasquale Alterio, Carole Ann Benditt, Judie Mason, David Mower, Marjorie Osterburg; 9-11, Robert Gray, Joe Godfrey, Robert Egan, Gary Bennett.

Seventh Grade: 7-1, Nancy Chase, Linda Flanigan, Mildred Hopkins, Eileen Ochandarena; 7-2, Marcia Messner; 7-3, Tana Hord, Brenda Brooks, Carol Stephens, Betty Felton; 7-4, Barbara Rapchik; 7-5, Marion Painter, Connie Yogh, Kathy Zitto; 7-6, Madeline Barber, Geraldine Borowski, Paul Schoenfeldt, Nancy Wissman, Helda Peterson; 7-7, Barbara Ackerman, Charlotte Adams, Frances Fulkner; 7-8, Katylee Shunk, Barbara Klenschmidt; 7-9, Lois VanDuzee, Marian Schnieder, Julianna Parker; 7-10, Marie Godfrey, Eva Ruth Hart, Susan Duncan, Michael Stone, Ruth Boles; 7-11, Sharon Bagwell, Janice Fischer, Marcia Fossett, Diana Menendez; 7-12, Margo Schiller, Clair Wiltsie; 7-13, Jean Benton, Jane Flowers, Karen Maher, Mary McAdams, Kevin Morahan, Dorothy Fuller, Terry Williams; 7-15, Kort Frydenborg, Ed Bowen, Louis Alexander, Karen Feldman; 7-16, April Bachert, Wayne Conger, Fred Rinch; 7-17, John Garcia, Jean Deptula, Maggy Torres, Bonita Justinger, Theresa Sellers, Nick Sonzogni, Sandra Beasley, Joseph Varon, Roger Stone; 7-18, Betty Lowman, Carol Hawkins, Ben Childs, Arthur Williams, Harold Kerr, Betty Scott; 7-19, Charles LeDoyen, Mary Patricia Moore, and Eddie Bradham.

Future Drivers Learn

About 90 students have enrolled this second semester in Hialeah High's Driver's Education course. An accurate count cannot be made as there are students signing up every day.

The only requirement is that the students must be 16 years old before the end of the year. They will then be eligible for their driver's license.

This course consists of 30 hours of classroom work, six hours behind the wheel, and 12 hours in the car observing. The course begins with two weeks of studying the Florida State Highway Handbook.

A patrolman came February 10 to give these students written tests to receive a restricted license.

About 95 per cent of the students taking the course receive their official license.

Baseball Begins

Hey, girls! Do you like to play baseball?

Well, if you do here's your chance. It's not too late to come out for girls intra-mural baseball teams. The girls will organize teams to play against each other to see which is the team.

Then if you want to, you may continue your road of baseball right to the varsity team.

Remember, Hialeah High will host the Junior High Baseball Tournament although it's to be played at Moore Park.

The Senior High tournament will take place March 23.

Hurry out and sign your name for intra-mural girls' baseball.

Political Forecast For Hialeah High

By WAYNE ARNOLD

Hialeah High's prospective candidates for school offices are beginning to become a much talked of subject here within the student body.

Clubs, classes, and particularly the Student Council are the trends of conversation concerning who might and will be candidates for school offices.

Clubs, classes, and particularly the Student Council are the trends of conversation concerning who might and will be candidates for school offices.

Student Council is that which is attracting the greater majority of attention. For president of the Student Council no person has announced himself as a candidate. Bill Hoy, junior, is planning to contest himself against whoever might run to succeed President Dennis Baker. Bill was asked if he would consider conceding to a more forceful candidate. His reply was absolutely and definitely no. Ray Charles, junior, also has been asked by friends to enter the race, but no reply from him concerning his candidacy has been received as of yet.

One of the outstanding features of Ray Charles is that he speaks out on the issues within the Student Council as he sees them.

Helen Cavalier is another of the juniors who has given some consideration toward running for office, and it might be president, but at present she is Wayne Arnold's unofficial Campaign Manager if he runs for the vice-presidency this year.

Other offices of the Student Council have not received as much recognition as president has because of the earliness of the campaign.

In the clubs of Hialeah High the only to give any discussion of candidates for club office is that of Key Club since the election of Key Club officers will be on February 11. Clinton Thayer who has acted in the capacity of president often because of absences of the president will certainly be counted on as being a candidate for president of Key. Another of the possible candidates will be Butch Harvey, who served actively on the committee to sell Key Club calendars.

With assurance of good candidates this early in the year there should certainly have many more state their intentions to run for some office in the school as the election draws closer.

SPORTS CLUB

The Sports Club sponsored the annual Valentine Dance, held Friday, February 10.

They made the decorations and promoted the advertising for the dance.

Money will go to the uniforms for the girls junior and senior varsity teams.

G. A. A.

The G.A.A. (Girls Athletic Association) is in the midst of fixing up the girls locker room. The idea was hit upon to post pictures of the varsity teams and cheerleaders above the lockers all the way around the room.

Be My Valentine

"Will you be my Valentine?" Who would you like to ask this question to? Let's take a look at the student (boy or girl) you might like to ask this question to.

If you were a girl maybe you'd like to ask that cute boy who sits in front of you in algebra, or maybe that football player you admire through football season.

How about that eleventh grader who never looks your way. You have tried so many things to make him sit up and take notice. Drop your books right in front of his face; walk in front of him, and like tactics.

If you're a boy, you might like to ask that cheerleader that you see at every game; or that girl who works in the library a certain period each day, and of course that girl who passes you every day in the hall. She certainly is cute. You often wonder if she's going steady or if she's shy around boys. Oh well, some day you might meet her.

Or maybe that blonde with the black roots is your favorite. She's cute as far as you're concerned.

There you have a glimpse of people who are in great demand by other people. To whom would you like to say, "Will you be my Valentine?"

Notes From the Newsfront

By BILL HOY

Rainbow at Work: Black office typewriters are depressing, a color psychologist claims. In fact, they're depressing enough to cut a typist's speed by several notches. For added pep at the keyboard he suggests bright-colored machines. Yellow, he says packs the most zip.

The TV View of Life: Daddy and his five-year old daughter were at the breakfast table chatting away at a great clip. Sitting with them, mother sipped her orange juice in drowsy silence. Finally the little girl, puzzled by her mother's unusual quiet, inquired casually, "What's the trouble, Mommy? Is your sound off?"

Legal Sanction: The attorney general of Georgia recently ruled that marriage is not grounds for expelling high school students from classes. Said the attorney general: "Marriage is a domestic relation highly favored by law."

Indispensable: Self-effacement was frankly absent from the dedication one author wrote for his new book: "To myself, without whom this book could not have been written."

Workbench Marvel: The do-it-yourself movement is working out in some extraordinary directions. You can now buy a kit, complete with plans, wood, hardware, finishes, and glue—for making your own antiques.

Eleventh Grade Visits Motorama

Eleventh graders of Hialeah High had quite an unusual experience on February 6. The entire eleventh grade student body took a field trip to the General Motors Motorama. Free transportation was provided by General Motors to Dinner Key Auditorium.

At 8:35, the eleventh graders, having returned permission forms, assembled in the Gymnasium according to homerooms. At 8:45 the groups were organized into respective bus loads, and were assigned sponsors.

Many very interesting exhibitions of new experimental dream cars of the future such as Pontiac, Chevrolet, Buick, Cadillac, and Oldsmobile claimed the attention of excited juniors.

Students were able to view themselves in one exhibit. Jerry Ashley, Nick Capella, Don Cagle, and Gary O'Brien really got a charge out of this exhibit.

Some of the students' eyes almost fell out when they saw an interesting exhibit consisting of the Hope Diamond and other valuable jewels — well over one million dollars worth of jewels on one gal.

Some of the students were amazed at the size of the tremendous GMC truck with the swimming pool.

The kitchen of tomorrow was a very beautiful thing of many push buttons.

Some students listened to 3-D sound at one exhibit.

There was a television camera on the trunk of one car with a small television screen on the dash board to see cars coming from behind.

It was a peek into the future for Hialeah juniors.

College Is Possible

By MARLEES BOWEN

If you are college minded, take heed to this article.

The mere desire to attend college is not enough. One has to consider a great many factors which are involved such as the following: "What college is best skilled in the particular field I wish to obtain a further knowledge. Can I afford the financial responsibilities that accompany the college student? Can I pass the entrance examinations when presented?" These are just a few of the many questions students everywhere are asking themselves.

Colleges are to be found all over the world, most of which are noted for being a specialized institute in one particular field. For instance, the Ohio State, Columbia, and Florida State Colleges have outstanding schools of Journalism; while Engineering is offered with a high standard at Yale and Harvard. When the time occurs to decide upon a place to further the powers of the mind, the best way to go about it is to investigate the pamphlets and books found in the school library or by writing to the colleges.

The financial problems of going to college can be a discouraging one if the student is unable to pay his way through. This problem has been remedied to a great extent through the aid of scholarships. Getting a scholarship does not necessarily mean that the student is in great need, but the presentation of scholarships are with the idea of awarding the student for his eminent achievement in a certain field.

Information concerning scholar-

First Aid Starts Trouble

After a fine lunch, I strolled down the hall to the gym. All are smiles and ready to meet anything and everything. I put my books in the bookshelf and got out my First Aid book.

At the sign of the tardy bell, about 50 girls rush to squad places as one friendly chap says, "Teacher's coming!"

Mrs. Laura Fieldale greets us with a smile that could only mean trouble! After she waits 10 minutes for quiet, she says "First, you will practice Artificial Respiration, and then we will go to bandages" . . .

ARTIFICIAL RESPIRATION . . . nothing to it!! Let's see back pressure—arm lift. My partner, Pat Deese, prepares herself for this operation which she is going to perform on me . . . You know how? . . . Begin with hands on back . . . Push forward . . . Ohhh, watch out, I'm going through the floor! . . . Now raise the arms . . . slowly . . .

WHOA, girl! If this is supposed to help a person breathe, I'd like to . . . OHHH . . . know how!!!

BANDAGES . . . Let's start with the arm sling . . . VERY SIMPLE . . . Just put this here and this there and tie that there. Square knot, you know! Did you know that this deee-lightful bandage is used for a sprained or broken collar bone? "It feels more like it's BREAKING it," says Pat! "Let's see right over left, left under right . . . THERE! ALL TUCKED IN. Come on kid, let's get you graded!"

We finally reach Mrs. Fieldale. "Oh cut it out, Pat, those boys aren't laughing at you! After Mrs. Fieldale runs down a list of mean little mistakes, she comes out with a grade. What? An A! (you know, I'm beginning to like this . . .

At the sign of the warning bell, we once again fall into squad order. "Tomorrow, girls," says Mrs. Fieldale, "we will try the carries of injured people."

All Jump Up and Never Come Down

Hialeah High will send a group of boys and girls to Miami Edison, on the evening of February 17, for a demonstration on square-dancing. Hialeah will also participate.

Several others of the high schools in the county will also send students.

The boys will wear blue-jeans and long-sleeved sports shirts. The girls will dress as peasants, wearing full skirts, and blouses.

Some of the students representing Hialeah are: Harriett Burt, Linda Parker, Dick Powell, Ronnie Carey, Joan Snead, Bob Dazexedo, Joe Kelley, Beverly Jones, Ann Bizzell, Bob Reynolds, Dick Chambers, Tish Grover, Carolyn Nichols, Fred Matthews, and Renee Laguatea.

Red Cross Fills Boxes

Junior Red Cross began a new task this last month. They have assigned each homeroom a certain percentage of items to fill Red Cross boxes which are to be sent overseas to the millions of needy families.

Miss Lillian Meyer's homeroom whose responsibility it was to bring tooth paste has already filled their quota.

The Red Cross hopes that members for the homerooms will contribute either money to buy things to fill the Red Cross boxes or give the items.

ships may be had through writing to a college, contacting organizations within the community, and writing to the philanthropic foundation.

The college entrance examinations are standard tests prepared by the College Entrance Examination Board. They are prepared by testing authorities to allow the secondary school seniors to apply to more than one college without taking more than one exam. There are two tests given: The Scholarship Aptitude Test which is a combination of a general information exam and an intelligence test. The Achievement Test which contains questions on English composition, and two sections elected from language, science, history, and math. In some colleges, however, only the Aptitude Test is given.

Anyone who has the will power to work for the college education he wants can have it regardless of the odds.

Being Educated

By JUDIE MASON

Saturday morning I went to the Youth Fair (very unwillingly) thinking all I would see would be plants, cows, and such. After listening to a band I was wandering about when I passed a small trailer with a man outside saying something about a two-headed baby. After paying I walked in and saw a baby bed with a nurse standing by. In the bed was a large jar of some kind of fluid. In this was a human baby. This baby had two heads and three legs and feet. This condition was caused by the twins not separating. He weighed sixteen pounds at birth and died at two and one-half days. They have preserved him for nearly three years. On his middle foot are eight toes and on one of the middle toes there are two nails one resembling a claw. This baby had two hearts and livers. They are not Siamese. Parents are two very normal people and had two other very normal children.

Classroom Quips

By DEANNE FINCHER

Mr. Paul Plotts was talking to one of the Day twins when he came up with this clever quip, "Did you ever get your days mixed?"

An ingenious remark was heard in Mr. Joe White's first period speech class. Bobby Jackson was kidding when he said, I have a horse named Swaps." To this, Danny Kavanaugh proposed, "I have one called Nashua. Drag you after school."

Found on the board in 313 were ten sentences, the last of which read: Have you ever eaten dried apples? John Marshall added his comment: Yes, and they were all wet.

Mrs. Alfreda Miller broke the news to her journalism class that all copy must be handed in typed. Louis Palladino went to the board and wrote an ad: "All copy typed. Five cents a page."

HIALEAH SPORTLIGHT

By DAVID RYAN

A Hialeah student came up to me a day before the Hialeah basketball team played Tech High and asked me, "Why can't our basketball team stand up under pressure?" I thought the question over and then answered, "I think that they have been playing as well as any team against their opponents but

perhaps they haven't played teams that apply too much pressure. Maybe they will before the season ends. The Hialeah cagers found out what pressure was in the Tech, North Miami, and Seacrest games.

The Tech game was a brawl to see who could stay in the game the longest without getting kicked out for fighting or fouling. Any game that goes into overtime puts a lot of pressure on a team. If there have been a lot of fouls called, you must be more careful in the overtime. This was the case in the North Miami game.

In the Seacrest game there was an extra goal for the Thorobred team. They wanted to break their 18-game winning streak. But, when you've got a 6'5" boy to compete with it makes it extra rough. Seacrest had one but luckily enough instead of staying under the basket this boy liked to shoot from the side and he didn't make many shots.

I believe that the coach of the Seacrest team lost the game for his boys. The players depend on a coach for guidance and when the coach lets you down by having a technical foul called against him for arguing with the referees, it takes some of the spirit out of the boys. Seacrest only used five men

in the game. They didn't send in one substitute. Hialeah used only one sub.

I have come to the conclusion that the Hialeah basketball team plays very good under pressure, or in fact, at any time.

HIALEAH WINDS UP SEASON

There are only three games remaining for the Thorobred team. They meet Sts. Peter and Paul on February 14 for their last home game. They then travel to Homestead to play South Dade on February 17, and then play Tech High the following night at the Jackson gym.

Hialeah took an easy victory from Sts. Peter and Paul last game. South Dade topped the Thorobreds by one point in their first meeting and have rolled on to defeat a powerful Curley team who are two-time winners against Hialeah this season. Hialeah dropped Tech 53-43 in their first meeting.

The RECORD'S photographers were not present at the two spectacular games with Seacrest and North Miami, so there are no pictures of those games in this paper. This was not the photographer's fault.

TRACK STARTS THIS MONTH

Head track Coach Jerry Salek gave some of his members a chance to practice when they ran against a group of Mr. Quaranta's sixth period physical education class. The track team ran the 440-relay in 50.5 and their opponents consisting of Jack Reynolds, Nick Capello, Jerry Ashley, and Gene O'Brien were one second off the pace. Their first track meet is on February 16 against Riverside Military Academy at Moore Park.

Under the direction of Coach Charles Wychunas, the baseball team has been getting ready for the coming season. Practice for pitchers and catchers has been under way for a couple of weeks.

ANDY LAPICOLA and JOHN KNIGHT demonstrate their starting stance in the starting blocks. Both are members of the Varsity Track team.

Track Team Ready For Coming Meets

Hialeah's Varsity Track team has its first track meet of the 1956 season this Thursday against Riverside Military Academy at Moore Park. The starting time is one o'clock.

Leading the team are last year's lettermen Ralph and Ray Morris, Jim Whitten, John Knight, and Ed Gray. Andy Lopicola is a candidate for top honors this year also.

The three large meets that the

Thoroughbreds will compete in are the University of Miami Relays on Saturday, March 24 at the University field, the University of Florida Relays the following Saturday at Gainesville, and the State finals on May 12, also at Gainesville.

Here are the other meets the team has: February 24, North Miami at Moore Park; March 2, Miami High and Riverside at Moore Park; March 9, Fort Lauderdale and South Broward at the latter's field; March 16,

Miami High Relays at Moore Park; March 29 at South Broward, a six team meet between Hialeah, Fort Lauderdale, Miami Jackson, North Miami, South Broward and Palm Beach; April 6, Miami High Invitational at Moore Park; August 20, Curley and Miami Beach at Memorial Field; and April 27, Hialeah, Curley and North Miami also at Moore Park.

On Friday, May 4, the Class A, Group 4, meet at Moore Park.

Jr. High Track Team Makes Mark

Hialeah High's Junior High Track team has been doing very well in the Junior High Track Meet at Moore Park.

In the division finals on Tuesday, January 31, Hialeah's "A" relay team consisting of Paul Kalchthaler, Otis Pewitt, Joe Migone, and Buford Selph took first place and the "B" relay team also took top honors. The boys on that team are Benny Rose, Ronnie Caylor, John Rogosky, and Jack Whicker. Otis Pewitt won the class A high jump and Paul Kalchthaler placed second in the shot put in the same class. The "C" relay team also took second in their division.

In the semi-finals on the following Friday, once again the fast Hialeah "A" relay team won. The "B" relay team placed second. Otis Pewitt once again won the high jump with a jump of 5'5". He

probably could have gone higher but he was stopped since everyone else had dropped out and it was getting late. Paul Kalchthaler placed fourth in the senior shot put.

There are 18 junior high schools participating in the meet, all the junior high schools in Dade County. A junior high team helps to develop material for the varsity track team in future years. Mr. Tony Quaranta is in charge of the boys and he says they are doing a fine job.

Three of the boys are members of the varsity track team already. They are Paul Kalchthaler, Joe Migone, and Otis Pewitt.

The County finals were played too late to make this paper. Hialeah had a good chance to win the finals.

Hialeah Jaycees Beat Coral Gables

Hialeah High's "ponies" defeated a challenging Coral Gables JV team on February 4 by a 58-55 score. The game was played as a warm-up for the Hialeah-Seacrest varsity game following it. Hialeah also won that one.

Hialeah found little trouble taking the lead from the Cavaliers and they led 32 to 16 at halftime. Hialeah also doubled the Cavaliers' score in the third quarter as they led 48 to 24. The baby Thorobreds almost lost the game in the last quarter as Coral Gables started stealing the ball and the Hialeah players started shooting wild. The Cavaliers scored 31 points in the final quarter to Hialeah's 10.

Bob Dreher went on a scoring spree to pace the Thorobreds with 20 points while Fred Grimes tallied 10. Dick O'Brien hit for 12 points and Bill Williamson scored 11 to lead the Gables cagers.

The members of the Hialeah JV squad are: Dick Krtausch, Bob Dreher, Fred Grimes, Carl Simmons, John Venables, James Dixon, George Rogers, Terry Jackson, Roger Averill, Buddy Ashworth, Bob Ellis, and Billy Spruce.

Free For All Won By Curley

Fran Curley's sharp-shooting and Jon Mirilovich's rebounding led Archbishop Curley to a 51-42 victory over Hialeah at the Thorobred Gym. This game was turned into a free for all in the last quarter.

Curley paced Curley with 25 points, sinking 10 field goals and making five out of five at the foul line, and Mirilovich who pulled down the major percent of Curley's rebounds, had eight along with Art Signore. Don Goodman was high for the Thorobreds with 14 points while Lyle Charles and Larry Wood each tallied 10. Hialeah at the foul line made 8 out of 13 shots.

The Thorobreds kept it close all through the game but Curley was too tough at the end.

The "Baby Thorobreds" won the Jayvee game 37 to 23 by using some brilliant defensive play. Their shooting was good but they missed many shots right under the basket.

Hialeah had the lead all through the game and was never threatened.

Hialeah Cagers Top North Miami and Seacrest

Winning Streak Broken

Seacrest High's basketball team came into Hialeah with an 18-game winning streak and looking for its 19th with great pleasure. The pleasure disappeared as the mighty Thorobred five downed the Seahawks 59 to 53 to give them their first defeat of the 1955-56 season. This was the Thorobreds' third straight victory.

Seacrest had defeated Hialeah earlier in the season 62 to 47 at the Seacrest gym. They were favored to win again.

Hialeah started off fast when Skip Van Luit made four straight set shots. In spite of this the Seahawks led 19-18 at the end of the quarter. Seacrest wasn't as lucky at halftime as they walked into the locker room trailing 33 to 28.

With the help of some nice teamwork Seacrest came back to lead at the end of the third quarter 43 to 42. This didn't last long as Hialeah stood up under pressure to slowly move away scoring 17 points to Seacrest's 10 in the final quarter.

Van Luit again was high with 19 points while Jerry Askowitz tallied 16 and Wayne Garrick hit for 12. Max Cole scored 21 points to lead the Seacrest scorers.

Wychunas Announces Baseball Schedule

- March 20—Curley, home.
- March 22—South Dade, away.
- March 27—Miami High, home.
- April 3—North Miami, away.
- April 6—Edison, away.
- April 10—Coral Gables, home.
- April 17—Tech High, away.
- April 19—Beach, away.
- April 24—Miami High, away.
- May 1—Jackson, away.
- May 4—North Miami, home.
- May 8—Edison, home.
- May 11—South Dade, home.

"The City of Hialeah has promised that the home games will be played at Benny Babcock Park," Coach Charles Wychunas announced last week.

Hialeah Wins 53-43

Hialeah's basketball team took the lead in the first quarter and held it to down a tough Miami Tech team 53-43 at the Thorobred's gym.

The Thorobred cagers led 18-9 at the quarter, 27-18 at the half, and 37-27 at the end of the third quarter. Hialeah's tall men, Don Goodman and Larry Wood controlled the backboards for the Hialeah team.

Goodman was high scorer with 13 points while Wayne Garrick and Dick Van Luit backed him up with 12 points each. The latter only played the second half of the game. Charles Finney led Tech with 15 points. Garrick hit with shots from the outside while Goodman and Wood dumped them in under the basket.

It was a rough game and a lot of plays developed into brawls. The court was also very slippery and players lost the ball several times because of the slickness.

Hialeah took the JV game 38-27. Al Tacon led the Thorobreds with nine points.

The box score:

HIALEAH	Fg	Ft	Tp
Van Luit, f	4	4	12
Wood, f	2	4	8
Goodman, c	3	7	13
Askowitz, g	1	4	6
Garrick, g	5	2	12
Charles, g	1	0	2
Totals	16	21	53

Hialeah copped the Jayvee game 33-26 as Carl Simmons tallied 12 points for the Thorobreds.

Class Debates

8-10, Mr. Reynolds' basic education class, debated the question: Resolved: That this is a man's world.

The girls on the negative won over the boys 11 to 9.

Thorobreds Win Thrilling Overtime

Hialeah defeated North Miami in a three-minute overtime period, 60 to 59 when Skip Van Luit scored on a short set shot from the left side of the court with about ten seconds left in the game. He had been making this shot all through the game.

The score was tied 55-55 at the end of the regular four quarters. With one minute left in the fourth quarter the Thorobreds led the Pioneers 55 to 51. North Miami then scored on a shot by Dick Maureau. Hialeah then had a chance to control the ball and run the clock out but decided to shoot, missing three shots in a row. North Miami got the rebound and once again Maureau drove through and made an underhand layup with only a few seconds to play. Hialeah had no chance to score before the time ran out and the game went into overtime.

North Miami got the jump at the beginning of the extra period and scored two points right away. Hialeah then took the ball hoping to be fouled. This proved to be successful and the Thorobreds made three out of four foul shots to take a one point lead. North Miami came right back when Vennie Pent made a one hand push shot. The Thorobreds took the ball with a little less than one minute to play and held onto the ball for awhile without shooting although they were losing by one point, apparently gambling for one shot and not let North Miami have the ball again. This also proved successful when Van Luit made his shot. Two boys fouled out in the overtime period but Lyle Charles and Bruce Walton did a fine job replacing them.

Skippy also was high point man

for the Thorobreds with 25 points while Don Goodman tallied up 20. Maureau was high for the Pioneers with 22 points.

North Miami took the Jayvee game 54-33 to help ease the pain of losing the Varsity tilt.

Quaranta's Class Takes First Place

An inter-class track meet was held during the sixth period physical education period on Wednesday, Thursday, and Friday of last week. The classes competing were Mr. Tony Quaranta's, Mr. Sampson's, and Mr. Jack Kasper's.

In the first day's competition, Mr. Quaranta's relay team of Jerry Ashley, Kinnoyer, Jack Reynolds, and Nick Capello took first place over Mr. Kasper's. Mr. Sampson's boys dropped their baton on the first round.

Joe Burns was first in the high jump and Willard Lee was tops in the broad jump. Mr. Kasper's musclemen took first place in the shot-put.

Riverside Tops Thorobred Five

Led by guard Dick Brashear, Riverside Military Academy topped the Hialeah basketball team 58 to 46 at West Hollywood.

The Thorobreds kept the game close all through the first half. They were losing 14-12 at the quarter and behind 28-27 at halftime. It seemed as if RMA couldn't miss in the last half. Hialeah was forced to shoot from the outside. Riverside drew away to lead 43-38 at the third quarter.

Hialeah held Brashear to only 10 points. He had been averaging around 26 points a game. Dick Kinnison also paced the Academy with 17 points. Don Goodman tallied 14 for the Hialeah quintet.

In the first meeting of these two teams, Hialeah topped Riverside 71-63 at Hialeah.

Hialeah won the Jayvee game by a 29-28 score.

Go, Thorobreds, Go!

Hialeah Loses to Palm Beach

Hialeah High's basketball team got off to a fast start but couldn't hold the lead as they lost to West Palm Beach 53-44 at the losers' gym.

Skip Van Luit scored Hialeah's first eleven points, but despite this the Thorobreds were behind 15-13 at the end of the first quarter and behind 31-25 at the half. Palm

Beach also was in front at the third quarter, 41-36. Both teams looked exceptionally bad with their shooting. In the second half West Palm tried to stall as long as they could. Jerry Askowitz tried to wear them down but this was to no avail.

Van Luit was high scorer with 21 points. Don Goodman hit for 12. Don Barry was high for Palm Beach with 15 points.

Hialeah copped the Jayvee game 33-26 as Carl Simmons tallied 12 points for the Thorobreds.
