HIGH RECORD

VOL. 2, NO. 11

HIALEAH HIGH SCHOOL, HIALEAH, FLORIDA

MONDAY MARCH 12, 1956

Boys', Girls' State Nominees Selected

Five junior girls and ten junior boys have been selected as nominees for Florida Boys' and Girls' State. The students who are the final representatives will be sent to Tallahassee in June to represent the school for one week at the State Capital in the study and exercise of governmental processes.

The nominees were chosen on their qualities of: leadership, courage, character, scholarship, cooperativeness, and physical fitness.

The girls who were nominated are: Mary Buchanan, Helen Cavalier, Annette Pritchard, Gail Shaugnessy, and Melvis Sweat.

The boys who were chosen are: Dennis Baker, John Cavalier, Ed

Harvey, Jim Harvey, Bill Hoy, Bruce Ickes, Jim Killough, Bob Page, Leonard Pardue, and Danny Thomas.

The representatives' expenses are financed by the local service clubs. Each service club will be asked to sponsor one representative. The boys will be in Tallahassee for one week and the girls will be at the Capital for one week.

According to many of the students who have previously attended these conferences, they are the most beneficial and interesting conferences offered to high school students.

After returning from the conference the various representatives will report to the clubs which sponsored them.

school programs the following subjects: English, social studies, mathematics, foreign languages, and the natural sciences.

High school graduates who do not meet the above requirements may apply for special consideration. In each case the application will be considered on an individual basis, and any, or all, or any combination of the following types of evidence may be used in appraising the eligibility of the student for admission to the University: a personal interview; reference to the student's cumulative high school file; recommendation of the high school principal; and/or review of the results of tests already given or requested

(Please turn to page 5)

Mr. Pease States F. S. U. Requirements

Hialeah High's principal, Mr. E. G. Pease, has received from Mr. C. H. Walker, registrar for Florida State University, new admission policies for entrance into the college. They are:

Graduates of accredited Florida secondary schools who stand in the upper three-fifths of their class will be admitted.

Students expecting to apply for admission to the University are advised to emphasize in their high

Career Day Set For April 3rd

Many Vocations to Be Represented

Hialeah High School students will participate in one of the best vocational guidances sponsored in the previous two years for Hialeah High School on the 4th of April with many activities to be carried on through the course of Career Day activity.

Career Days over the nation's schools are gaining wide popularity with many schools. In the type of vocational guidance that will be given by members of various occupations, trades, professions, and representatives of colleges and trade schools are invited to help in the establishment of booths containing materials and displays of their particular interest. These booths are arranged in the Municipal Auditorium and in various parts of the school.

Prior to Career Day, it is hoped that some groups will take the initiative in making studies of vocations. Some vocational displays will be made in the library, and will be available to classes. Usually there is an assembly to open Career Day, conducted by the principal and the school's vocational counselor.

It is expected that parents will be invited to attend the exhibits too, so that they can become familiar with the vocational opportunities open to their children.

There will be any number of variations that will be made in the Career Day Activity. Its chief assets as explained by leaders of Key Clubs is that students may learn about many vocations, and they can actually see the tools and skills needed to fit themselves for the field of their choice.

THESPIANS: The new charter members are, left to right: (back) "Butch" Harvey, Pat Bain, Ailon Hall, Charles Castalucci, Bob Clavier. (Front) Bob Page, Ray Charles, Pat Claar, Ray Martinez.

NATIONAL CLUB INITIATES CHARTER MEMBERS

Hialeah High School has a new club! Initiation for National Thespian Groups No. 1576 was held Thursday afternoon, February 23, at 3:45.

Nine students were initiated: Patsy Bain, Pat Claar, Charles Castellucci, Roberta Calvert, Ailon Hall, James "Butch" Harvey, Ray Charles, Ray Martinez, and Robert Page.

The initiation was conducted by students from Miami Jackson High School. Those who participated were: Maureen Dickson, President; Rita Russell, Joe Enriquez, Ray Mathis, Vice President; Phil Guerra, Betty Stewart, Mary Smith, Nancy Saunders, Raymond Land, Ruth Fordum, and David Rogers.

Other students from Jackson and interested students from Hialeah High made up the audience.

Mr. Jim Baugher also took part in the ceremony, a typing teacher at Jackson and honorary Thespian.

The National Thespian Society is non-secretative, non-social and is devoted to the advancement of the dramatics arts in the secondary schools.

Mrs. Angeline Skipper is troupe sponsor. The new Thespians hold in high esteem the standards and ideals that have earned for them the privilege of membership.

"Dramatics" magazine is being sent out to the new members. It is an educational magazine with many fine features.

Maureen Dickson and Phil Guerra, ex-Hialeah students, attended the initiation. Both were very active in Dramatics and speech at Hialeah.

H. H. S. Band to Be Very Busy in Coming Months

In the months to come, the Hialeah High Band will be quite busy working on musical pieces for the Dade County Musical Festival which is on the agenda for the latter part of the school year.

Every band who wishes may enter either a music festival or a band contest. A music festival is a program in which a band is required to play five selected numbers and sight-read one; by sight-reading, one has to play music he has never before played. In a program of this type, judges are present, but no ratings are given. Participation in a contest requires that those numbers be played; two overtures and a march. Judges are present and ratings are given.

Members of the advanced band were permitted to vote as to which program they would like to enter. After much discussion the festival rated as the preferred choice.

Today the festival is set to be held at Hialeah's cafeterium, but the final word has yet to come from the programs administration.

Eugene Cranther (right) and Richard Johnson (left) help the janitors by picking up paper in the school yard. The boys are from the school's special class.

"LITTLE OSCAR," of Oscar Myer Meats, arrived at Hialeah High School Wednesday to give a talk to the school's Key Club in Room 808. The little man arrived here by means of his "Weiner-mobile."

Editorials

Teachers Are People

How many times have you said, or heard your friends say, "Boy, I don't like that teacher of mine, she gave me a low grade, or made me come in after school? Why did she give you a low grade or make you stay in after school? Only because you didn't do your school work or you just didn't listen to her in class.

All teachers are people just like you and me. The word "teacher" means "instructor" or "instruct." That's what she is there for, not to rule over you or act like a policeman, although in some cases she, too, in order to keep the class under control. Teachers usually hate to stay after school in most cases more than you do. They have more important things that they could be doing than baby-sitting for you.

But why do they lower your grades or punish you in some way? you may be wondering. The teachers do it because they are interested in you, and wants to help you. If you had a teacher who gave out A's to everyone who came to class, and the one's that worked real hard got an A just like the ones who sat around and did nothing, it sure wouldn't be fair for anyone.

From now on think of teachers as your friends, you very best friends, as they are here to help you get the best education you can possibly get. If you try to get along with your teachers, (and there isn't a teacher in this school that is hard to get along with) your school days will turn out much happier. In later years you will appreciate them.

Coming Council Elections

With whom will you entrust the functions of the Hialeah Student Council? In but a short time, this question should have some prevalence in your mind, as it involves your immediate school future as well as the welfare of your school.

Sadly, few people realize the importance of holding office in the student council. It is a most honorable position, and it should not be regarded as merely perfunctory. Also, many students have the misconception that running for office is nothing more than a popularity

poll. It should be something much more. You should vote for those whom you feel would have the capabilities and sincerity which are the requisites for public position.

"Student Council election's near, and with them, should arrive many people seeking office who are worthy and still a few who cannot quite come up to the standards which are necessary for public office. Your duty will be to discriminate, in a somewhat erudite fashion, the one whom you believe will be best suited. Your duty is no light one.

How To Do Anything in School

By TISH

A set of pamphlets are being prepared for the reference of the students in H.H.S. These pamphlets deal with the every day problems of the average student. To secure one of these pamphlets you merely send in: three hairs from the head of your favorite teacher, and two pieces of used chewing gum. (The gum must be put back into its original shape and placed in its original container for easy filing). Here is a list of a few of the contents:

1. How to get out of staying after school.
2. How to hide funny books in class.
3. How to eat potato chips in class without rattling the paper. (This takes a lot of practice).

Sue Tries Out For Play

The three o'clock bell rang at last!

"Hey, Sue, are you ready to go home?"

"I'm not going home right away this afternoon. The tryouts for the new play are this afternoon and I think I'll give it a try. Why don't you?"

"Aw, not me—that stuff's for the birds, and anyway, I would be terrified!"

"Please don't talk about that! I'm scared enough already!"

"Well, okay, I'll see you later. Good luck!"

"I'll call you when I get home and tell you how I made out!"

With those few priceless words, Jeannie turned and started home leaving poor scared Sue all alone. Slowly she walked to the Little Theatre, and peeked in. "Gosh, it's crowded in there. I just as well go home. With all those kids, I don't stand a chance. But I promised myself and I am going to go through with it."

"Come right in." It was the voice

4. Should you or shouldn't you "sass" the teacher? (This deals with both sides of the question but gives 999 reasons why you shouldn't).
5. How to get out of homework.
6. How to get out of class.
7. How to get through the halls without getting trampled. (This is still in the research stage. We haven't found a way yet, either).

of the drama coach.

No backing out now, he had seen her, so she pranced in proudly. No one would know that her stomach was full of butterflies, and those butterflies were turning somersaults.

"Sue, you can be first. Let's try you out for the part of the maid. (This was disappointing to Sue, because deep down inside she wanted the part of Julie, the heroine.) Begin on page 18."

"Did you ring, Madam?" "It's time for your nap, Master John"; "Dinner is served"; and so it went.

"That fine, Sue, in fact that's excellent! Now will you read some of Julie's lines?" Sue was in seventh heaven as she read Julie's lines, and you know what? She got it!

Intolerance, and racial and religious discrimination, are not the by-products of any particular kind of working condition, wage-classification, or economic group. They are germs which do their damage in every type of human being, and they are just as contagious and indiscriminate as chicken-pox, while having a mortality factor more closely resembling that of cancer and tuberculosis—Chas. E. Wilson.

From where I'm sitting tolerance is just a big word for peace. War can't get going where there's a sympathetic understanding of nation for nation, man for man, and creed for creed. — Bing Crosby.

The Gambler And The Young Man

By DIANA BURK

He was young, he was keen, he was Christian, and he proved it o'er, and o'er, but he proved like he never shall prove it when he stopped in a saloon's welcome doors.

The young man's eyes grew wide with the strangest sight he had seen. There were men standing around a large table. Their eyes looked hard and so mean.

And then in one instant it was quiet, all the money the gambler had won. The men looked downhearted and tired as they started home one by one. The gambler looked up and stared at the man, the young so wide-eyed and keen.

He laughed, oh, so loud he laughed, and as quickly as the laugh had come it was gone, and his eyes were filled again with the mean. The Gambler asked the young man, if he would like to play some Jack. And the Gambler was astounded with what the young man answered back—he said "No," with a nod, and the last words he said were like music, "for in my heart lives our God."

The men who were left looked around them and upon each face they did gaze.

A young man so wide-eyed and gentle, had taught them a lesson of days. Oh men, men of God, please be fearful of men and Gamblers like these.

It's wrong by the law of the Bible and if we do so, we shall wither like leaves.

Classroom Quips

By DEANNE FINCHER

Found on several blackboards around school were these words of wisdom:

"Fail now, avoid the June rush." To this Mr. George Sirianni replied, "I think there are a few who don't need any encouragement."

One day a large retriever happened to wander into Mr. Sirianni's fourth period Spanish class. Penny Stanley tried her best to remove the stubborn dog but to no avail. The whole class enjoyed the amusing situation. Finally the canine left after being pursued by six students.

A biology student was talking about dissecting worms when she said, "You know, it's really interesting after you get into it!" (No one is quite sure how she meant it.)

Joe Miller, a sophomore, reported his grades on English test as being, "G, D". When asked how this could be explained that it dropped one letter for not being in ink.

Tish Groover, of 10-13, asked everyone around her for an eraser. After getting all negative replies she responded, "Oh, well, maybe I have one."

During a discussion one day on the cost of college expenses, the point came up that it cost girls more because they have to buy lipstick and make-up which the boys didn't. To this Tom Campbell informed, "They get it free."

RAIN

Sharp staccato of pealing rain, Falling fermata and then again Full force resumed—gravely sustained—

Sharp staccato of pealing rain.

And lo, far off in dismal cloud, An arrow ablaze holds the length legato of pealing rain, To allow a white winged dove to raise his wings in ethereal flight.

We have committed the golden rule to memory; let us now commit it to life.—Edwin Markham.

From the Horse's Mouth

In one of my boyfriend's letters he wrote that he wants to go to a spaghetti house to see the expression on my face when they put a bib on me, of all the nerve. Me! With a bib on!

Mr. Louis Biskup, a biology teacher, has been guilty of condemning young ladies. He really goofed by saying women have a mouth just like the gills of a fish; always opening and closing. It was a miracle a book from the back of the room didn't come sailing through the air directed toward his head. (It's all in fun).

My cat sure played a funny role last Saturday. It seems He likes high places and usually chooses the top of my neighbor's car. As I was out picking up the morning paper I happened to see my neighbor driving away with the cat on top of the car! I was in my pajamas and barefooted, but still went flying down the next block yelling my lungs out to try and make the car stop. When she finally saw me in the rear-view mirror she stopped immediately. As I reached the car, there was my cat sleeping peacefully as if nothing had happened. As we were walking home I realized it had caused quite a commotion, for people were lined up on the side walk watching me as I carried my sleepy cat home. I keep wondering if they were watching the cat or my loud pajamas. Oh, those embarrassing moments!

Mr. Joe White was telling his class about the giant squid that climbed upon a ship and as the men were jumping off the side one quack sang "Put your arms around me, honey, hold me tight."

He resumed in telling them that it wasn't really a giant squid but a baby squirt. (Help!)

Pat Harris had a horrible moment of embarrassment when she went to play badminton here at school in rather short shorts and found the game had been called off for Coach Delaney to practice gymnastics with the boys. Pat said she walked right in the gym and by the time she found out the situation it was too late. The boys had seen her. She made it to the door, but crawled home with a red face.

This episode of that stinky fertilizer around the plants is really becoming a major problem with the students. Most of them will hold their noses as they pass by, but not Tom Hudson. He brought a gas-mask, to be sure.

Mr. White asked his 6th period class an important question that had troubled him for a while.

"If you call a person who tells humorous stories a joker, would you call a bad actor a hamster?"

Wayne Jackson piped up with this one: "Hey, Mr. White, have you heard about the crossedey teachers that couldn't control her pupils?"

Judy Balise gave a speech about her cat and the way he likes water. So much he likes water that he decided to take a swim in the bath tub while Judy was taking a bath. She said that when he was on the side of the tub playing, it was all right, but when he jumped in, her eyes almost popped out. Lately Judy doesn't have the privacy she did have, for now whenever she takes a bath her cat is right in there swimming to his little heart's content.

Leroy Does an Undercover Job

By "ANDI"

What Leroy did today really took the cake, now I know he's done some pretty silly things since he came to live with me, (and it's not his fault, poor cockroach, just my influence). But this was the craziest. Now when I say "took the cake", that's exactly what I mean, because sweet little LeRoy not only took it, but that bright cockroach of mine got mixed up in it.

I still can't say exactly how it happened, but I'll tell you all I know and LeRoy, although he's still pretty weak, helped fill in the blank spaces.

Well, I was in the kitchen making a cake for LeRoy and some of his little friends around the neighborhood. It was kind of like an anniversary party because LeRoy had

been here for two whole months.

I needed some more sugar and when I turned around to get it, that's when LeRoy, bless his little heart, got the bright idea that he was going to help me. He scampered up the side of the bowl and tried to get onto the spoon, but I guess it wasn't his day because he went right down again only on the other side and right into the sticky chocolate goo.

While he was struggling to get out, I, what a brain, poured it into the pan and put it in the oven. Just as I was closing the door, I heard a strange little squeak. I turned around and there to my surprise was LeRoy with his head sticking up out of the dish and looking like he was going under for the last time.

I pulled him out just in time and gave him artificial respiration until he was breathing normally again.

I told him now that I was going to be terribly embarrassed because I didn't have any cake for his friends. But he just looked at me with a conceited smile and said, "But you still have me and that's all that really counts."

Campaign Group Slated

Wayne Arnold, candidate for International Vice President, has announced that his campaign manager for Division II will be James Richland, secretary-elect of the Hialeah High School Key Club for next year. His International publicity manager will be Mike Davis, who is a member of the present Key Club Board of Directors.

Freshmen Elect

Paul Donaldson was chosen Freshman Class President over ten other ninth graders nominated by their homerooms in an assembly February 20.

Danny Harbolt was chosen vice-president; Charlotte Keyes, secretary; and Joann Macranie, treasurer.

The four ninth graders also running were Kathleen Barr, Sherry Dunn, Faydra Often, Wayne Coggins, Fred Graves, Judy King, and Sarah Ann Parise.

Blue-Eyed Blonde New Sophomore At Hialeah High

Something new's been added to Hialeah High, a cute blonde sophomore by the name of Judy James. Judy's favorite subject is History,

but she said that people will think she is c-r-a-z-y for liking it.

As of yet she has no favorite teacher but she likes Mr. Myers very much, which corresponds with her particular interests, art class and running after some certain junior.

When asked what her favorite hobby was she replied, "I love horseback riding."

Judy's main ambition is to get out of school and then maybe join the WAF's.

Wise Willie Tells Views Of Teachers

Hi kids, I'm Wise Willie and I've been noticing the many types of teachers we have around school. Also I've observed that each one must be handled differently. For the poor, struggling student I have made a list of the most prominent personalities and given my ideas on how to handle each one.

First of all there is the teacher who cracks jokes with a straight face.—I advise you to chuckle a bit but don't go overboard.

Then there is the teacher who sticks strictly to be subject no matter what! —This kind can be very discouraging, especially when you try your best to get out of the lesson. The only thing to do is give up and contribute to the class. Oh yes, be sure to nod a few times in agreement.

You will probably run across the teacher who is always cracking jokes. Some may be funny but the majority are corny. —Give off with a loud roar each time. It helps to pass the course.

Of course there is the teacher who really teaches an interesting lesson and is determined to teach you something by the end of the year. —With this kind it isn't too hard to just sit and listen, or at least look intelligent.

In most any school you will find a teacher that is a slave driver. —You better either do all the work or have a list of mighty convincing excuses.

And too, there is the teacher who is always sounding off and demonstrating authority. —Watch your step with these, I certainly don't advise wise cracking.

Then you have the small, harmless looking teacher. —Be careful! These usually have a temper.

I like the teacher that is forever contradicting himself and the book. —With these you can have some fun, if you can succeed in mixing them up.

Sometimes you will find a teacher from whom you learn and have fun too. —Don't cut-up too much or press your luck too far, but it is not

Who's Who?

By JAMES F. RICHLAND

Janenne and Janette Wills, were both born in Scorro, New Mexico, on September 2, 1940.

They have lived in Norfolk, Virginia, and in California most of their lives.

Janette is the oldest one of the twins by one hour. Her hobbies are painting and cooking and her favorite subject is biology, while her favorite teacher is Mr. Joe White. Janette goes steady with Johnny Hastings.

Janenne's hobbies are stamp collecting and cooking. Her favorite subject is biology and her favorite teacher is "all of them." She's still looking.

Even though they are identical twins they don't plan twin careers as Janette plans to be a model, while Janenne plans to be a secretary.

(By the way the one on the left is Janette. The other is Janenne.)

Hi-Yo Silver

As you have surely observed, Hialeah High has quite a few cowboys and cowgirls. That is, people who feed, ride, and train their own horses. It's about time someone gave these people a little encouragement.

To keep a horse fat and healthy is a lot of hard work. Yet these people chose to do this. Why? Because they love horses. They love to be near them, to feed them, and most of all to ride them.

Most of the cowboys and cowgirls in this school are well known. Their horses are frequently in Horse Shows.

Miss Jo-Jo, one of the best Quarter Horses around, is owned by Jerry McKinny.

Another fine Quarter horse is Crackerjack, owned and ridden by Skipper Whalen. By the way, Crackerjack just recently was ridden in the Greynolds Park Horse Show and brought home a third and two fourth place ribbons.

A few other horsepeople are: Judy Persons riding Little Trigger.

Irene Turner and her horse Ricocette.

Judy Pool, owner of Sugarfoot. Joe Miller is always seen on his horse Jingles.

If you have a problem with your horse, ask any of those people mentioned for advice and you'll be sure to receive the right kind of advice. They're always eager to help fellow horse owners.

absolutely necessary to be serious all the time.

Once in a while you will find a teacher who explains the lesson thoroughly. —You needn't hesitate about asking questions.

However, no matter how much students talk about them or make fun at them, they all have to agree, including me, they are really nice people.

Here's my piece of advice for the day, "Think twice before condemning your teachers. What an ignorant world it would be without them."

Incidentally, I think Hialeah High has one of the best collections of instructors in the faculty as any other school anywhere.

Hey You All, Let's Get Acquainted

By TISH

DEANNA GILLIS has only been going to Hialeah two and a half weeks. This five foot, four and one-half inch Junior was born on February 12, 1939. Although she originally hails from Denver, Colorado, she claims Minnesota as her home. Dee, as she is called, likes football, ice hockey, baseball, and dancing. Her favorite type of music is popular songs, and she thinks the Four Lads are the greatest. Lunch is Dee's favorite subject and her pet peeve is conceited people.

RENE LE GAUDIET, better known as Duke, is known to the students for his performances in the Gymnastics club. Originally from New York, Duke moved to Florida a year ago. He likes girls, fishing, basketball, hunting, girls, horseback riding, dancing, and girls. His pet peeve is little kids running down the hallways. Duke stands five feet five inches, including the hair, which is light brown. Rhythm n' Blues is his favorite type of music, and he likes the Moonlighters and the Moonglows. Biology, Phys. Ed, and Spanish are his favorite subjects. He is a member of the Cotillion and Gymnastics Clubs.

SALLY ANN AYDLETT—This blue-eyed blonde is a native Miami. She was born here on October 17, 1940. In the way of sports and hobbies she likes horses, skating, and food. In her opinion, "Hialeah is the best school in Dade County." Her favorite type of music is Rock n' Roll, in this field she likes Fats Domino. In the future Sally hopes to be a lawyer. Her pet peeve is, "People who try to be something they're not."

JAMES GEER, born in Akron, Ohio, on August 4, 1939, and he has lived in Miami since last June. He likes model railroads, tennis, and gardening. In the future he hopes to be an architect. As for music he likes semi-classical, and progressive jazz. The favorite subjects of this five foot ten inch blond are Spanish and art. His pet peeve is "people who think they're better than anyone else."

PAT ROBERTS—Dancing, Gymnastics, and basketball are all favorites of this five foot five inch brunette. She was born October 31, 1938 in Kansas City, Missouri, but she lived there only 29 days. Pat also is a Rhythm n' Blues fan, her favorites being the Moonlighters and the Quails. She has been to Canada and Cuba and her ambition is to travel all over the world. Her pet peeve is gym suits and dressing in Phys. Ed. Her favorite subjects are English and Art. Pat is also a member of the Cotillion Club.

Juniors! Pretty Up For Your Prom

While you've still time to spare you better shine up your shoes and slick up your hair, because Hialeah High's first Junior Class Prom will be held on Friday night, April 13, at the University of Miami Student Club.

This special event is expected to be the highlight of an entire school year. Members of the junior class may, if they wish, take students from other schools or outsiders.

Refreshments, flowers for the girls, and the promise of a wonderful evening are just a few of the things the ticket will include. En-

Blonde Reveals Graveyard Horror

Bonnie Clark a five-foot, real cute, honey blonde, wants to travel when the graduates from high school.

Bonnie was born in Columbus, Ohio, and moved to Miami when she was five years old. The schools she has attended in the past are Orange Glade Elementary, Miami elementary, Robert E. Lee Junior High and Hialeah.

Her favorite subjects are history and biology. By the way she calls her worm "Holmon." She says she likes all her teachers and can't class one above the other.

Some of her pet peeves are not having enough time to eat lunch, seeing the junior high kids walking the halls hugging each other

and kids saying she wears rouge when she really doesn't.

Tennis and swimming rank firsts in Bonnie's idea of sports although she likes almost all the rest.

Bonnie had to quit many of her outside activities as well as school ones because of health. Perhaps the only thing in which she is active is the Hialeah High Record, of which she is Feature Editor.

Bonnie says one her most unusual experiences was when her brother and some friends went to a graveyard—got a body, carried it to a trailer and invited her in. They had poured ketchup on it, skin on the arm and rotten on fingers, there was no light except for candles. When she ran her fingers over the body it was the scare of her lifetime. She had a nightmare for weeks. The body was really her sister.

Bonnie is known by many many nicknames such as shorty, bleachy, freckles, bunny and her family calls her B. J. small fry.

Bonnie has seven birds, a cat, and dog. She had two owls and some fish. For years Bonnie had a pet lizard that drove her mother crazy, by the way her mother isn't insane.

She thinks Hialeah High will be improved when the junior high is eliminated. When this is done she thinks the Senior High will have more concern for the school.

By the way, boys, Bonnie goes steady with Tom Bogard, who goes to Stetson. Too bad.

Junior Proms Approaching Soon

The Junior class of Hialeah High School will be having their Junior Prom this year in April. The eleventh graders especially, are looking forward to it. Let's listen in on a group of girls talking about the prom they hope to be going to.

"Hey, Jane, don't you think the boys should be asking the girls to the prom already?"

"I sure do. Why, they're making me nervous having to wait so long. And did you see Mary's formal, why it's beautiful and a new one at that, but she is going steady with John and doesn't have to worry about a date for the prom."

"How right you are. Boy, do I envy her sometimes, but not always."

We've listened to the girls' opinions, now let's see what the boys have to say:

"Did you ask Betty to go to the Junior Prom with you yet?" said Mike to Bill.

"I sure haven't, and the main reason is I don't know if I will have the money."

"That's too bad, Bill, but you know you still have about two months."

"I guess you're right, Mike, but I will have to get busy with some kind of a job—as I have to buy a whole new outfit of clothes."

"Same with me and girls just can't seem to understand that boys have clothes problems too."

All around the school if you haven't heard any of these remarks, you will before very long.

Boys, you had better hurry and ask your favorite girl to the Prom for some other fella may have his eye on your girl, and time goes by faster than you think.

tainment will be provided by a dance band from the University of Miami.

It is to be understood that only couples will be admitted to this dance. Absolutely no stag.

The hours will be from eight 'til twelve. This is for the convenience of those attending the prom.

So, if you want to have a wonderful evening, you can remember always, start making preparations to attend the 1956 Junior Prom.

Caught in Passing

By DEANNE FINCHER

James Cocoa, of 10-7, was talking one day when he remarked, "Mr. _____ is an old scrounge. He's falling me just because I make F's."

Aundrea Christopher, also of 10-7, was helping to sell the student directories when she discovered a slight mistake in her phone number. So-o-o, what does this brilliant student do? She changes her number in all the books she sold.

During an unusually bumpy ride one day, a Hialeah bus student was heard to say, "Now I know what a milk shake feels like."

Speaking of bumps, another student decided to count all the bumps on the way home from school one day. When one of her fellow passengers added another bump to what she had, she replied, "I'm not going to count that one; I didn't like it."

Now, that's logical isn't it? Or is it?

A Dear John Letter:

"Ain't It a Shame you, at Seventeen, had to take The Longest Walk in the world on that Same Old Saturday Night, just because It Was Time for Parting."

Arriving home when it was Almost Tomorrow you went to sleep dreaming about your Moments to Remember. The next morning you awoke to the sounds of the Shifting Whispering Sands. While you were getting ready for breakfast someone asked you What is the Secret of Your Success. Your answer, which Fooled everyone was A Gumdrop the first thing in the morning.

You were quite a Hawkeyed, Soldier Boy, but That's Okay with Me. Johnny, Be Smart for Love Is a Many Splendored Thing. Why Don't You Write Me, for You Are My Sunshine.

Thanks A lot, But No Thanks, Maybellene
P.S. Take It or Leave It.

Anchor Club Makes Admiral A Tradition

By WAYNE ARNOLD

The First Annual Nautical Ball, sponsored by the Anchor Club, was a big success.

Through the success of this dance or ball Anchor Clubbers plan to make the Anchor Club Admiral Ball a yearly project. As Lynn Linkheimer expressed "Anchor Club has done much toward the progress of Hialeah High School and we hope to do more by having the occasion each year. (Anchor Club Admiral) Other members of the Anchor Club also expressed themselves highly in favor of making this a yearly project because through this the school can attain a possible idea of who or what boy holds a large amount of popularity. Also this project will provide a large amount of interest within the student body.

Key Clubbers aided in the success of the First Annual Nautical Ball by selling the refreshments to the students who attended the dance. The Key Club supplied drinks only at cost, making no profit.

One success leads to another might be a phrase used in the program of which Anchor carries out, stated Hialeah High Key Clubbers.

Debate Team Elects Officers

The newly formed debate team of Hialeah High School under the leadership of Mr. Joe White held its third meeting on March 5, electing Wayne Arnold president. No other officers were elected.

During the meeting a discussion of debate activity was introduced and Mr. White suggested that the Debate Club Members decide if the club would like to enter the discussion and rebuttal of "The National Public Health Program" in a debate contest which is to be held in the month of April.

If the Hialeah Debate Club wins this contest, the prize to the winning team and coach will be an all-expense trip to Washington.

Hi-Notes From Hialeah

By MARCIA ANN NEWTON

Gosh! Have you seen the new hair cuts lately? All the girls seem to be having their hair cut even shorter than usual.

I don't know if it's the weather or not, but the purpose isn't too important. All I can see is that these cuts are certainly awfully cute. Leona Hidon and JoAnn Realmuto are two of these pretty girls who have had their hair trimmed to be even prettier than ever. Leona's hair really used to be very long and now it's a little longer than shoulder length.

News Bits: Perhaps you were one of the lucky students to see the gymnastics show, held in the gym on February 22, Monday. If you did, I know that you were well entertained and enjoyed the show to the fullest extent. Mr. Bob Delaney, and Mr. Jack Kasper had control of the show. The band and majorettes were the extras for the show which really enlivened the fun and excitement.

Maybe you saw earlier in the program, Jerry Chester, a sophomore in the band, chase Sandra Tierce, head majorette, across the gym floor and back. Only this time she chased him. The song that the band played, while the chase was on, was "Goofing." Sandra wore that lovely, red velvet outfit of hers, with the sequins at the sides and neck. Sandra has such a lovely figure. The tall brunette twirled for the awaiting and anxious crowd.

Clubs: Butch Harvey a very prosperous and popular junior at school was elected Key Club Prexy for 1956-57 (the elections are held a year ahead of time). Good luck, Butch, (James) as we know that you well deserve it. We all know that you will do a tremendous job for the coming year. Butch is a very active member in school as well as in Key Club activities. Butch did a wonderful job on the school calendar and will do just as well, if not better, in his office next year. Butch, by the way, was in the running for the Admiral of Anchor Club. He was in the top ten.

Two Boys Head Aeronautical School

John Kolodgy and John Bartlett, successful leaders in the Aeronautical School activity, in conjunction with the Hialeah-Miami Springs Kiwanis Club, have carried through three previous Aeronautics School activities.

Sergeant Bill Welch, of the Dade County police department, as chairman of the Kiwanis boys' and girls' committee, is directing the program, along with the president of Kiwanis, Mell Markham.

The Aeronautical School group has made three trips so far. Feb. 18, the group took a tour of Miami International Airport. The main point of activity in this was inspection of the control tower. The boys also visited Civil Aeronautics administration office and saw flight plans and communication facilities. This was a thrill for many of the boys because many of them are interested in taking up airflight as a vocation.

On Feb. 25th the trip for the Aeronautical group was even more exciting than that of the previous week because the group took the bus which is supplied by the Dade County Police Benevolent Association was used as transportation.

At the fire station of the Dade Port Authority, Capt. John F. Sharpe, station chief, and Lt. William H. McLaughlin showed the group different parts of the station interesting the students greatly.

The two fire officers illustrated to the pupils the various types of possible fires and told of the fire danger when dealing with gasoline.

After the illustrations the students were shown to a pit behind the fire station, where a fire was lighted, and firemen put it out with equipment on a big foamite truck and another engine. It might be added that only one fire truck was used.

After the activity at Aeronautical School students lunched at the police center before being returned to school.

On March 3, the United States Air Force cooperated in the tour of Miami International Air Depot.

Capt. Larry Ashley showed the students various types of military planes. A jet plane of the latest type was flown in by the date of March the 3rd, which allowed the students to inspect it.

"This program has been one of the most effective Key Club has undertaken to do this year," stated the Key Club sponsor, Floyd B. Boice.

Honoraria Visits Cardiac Home

On Sunday, February 19, Hialeah High's Honoraria Club went to the Cardiac Home and put on a program for the children. Much excitement and preparation went into the planning and success of this show.

To start off, four of Hialeah's cheer-leaders gave a hello pep cheer. This was enjoyed by all the children present. Anita Raulerson served as mistress of ceremonies, and entertained the group with several songs.

The whole program was built around the gay twenties. The Charleston was done by Janet and Judy Paasch, and was followed by Hialeah's majorettes, who did a dance to Rock Around the Clock.

The children liked the short skit put on by Helen Cavalier and Mary Buchanan best of all. This was repeated at least a dozen times before the girls went home.

Roberta Calvert did a dance to Alexander's Ragtime Band. Shortly following this Joyce Jacobs and Katherine McGee played a clarinet duo.

Setting the clock back a few years, the barber shop quartet did a medley of songs. The group was composed of Kathryn Tompkins, Marilyn Martin, Martha Orr and Shirley Bacon.

Wanted: Sweetheart

Future Farmers are looking for a sweetheart but they seem to be a bit particular. She must be from the tenth or eleventh grade, and have a talent for singing, dancing, or playing a musical instrument.

Any girl who can meet these qualifications should apply to Mr. Tom Heaps, activities director, as soon as possible and tell him what her talents are.

The lucky girl will then be selected by the Future Farmers group as sweetheart of the Hialeah Chapter.

Plenty of Plays Are Planned for Pupils

By MARCIA ANN NEWTON

Plans, plans, and more plans. Yes, Mr. White, one of Hialeah's speech teachers, is now in consideration of presenting some (four) three act plays for next year, and many years to come. He has stated that all these are "really worth giving." The ones for the first part of next year are: (1) "Seventeenth Summer," a three act play, and has a cast of thirteen. It was a big hit when done about five years ago at the old Hialeah High. (2) "The Patsy," also a three act play. There are nine in the cast. (3) "Nine Girls," another three act play, has a cast of ten. (4) And the last three act play is "Jane Eyre," which has thirteen in its cast. The story of Jane Eyre is one of a little girl, who becomes an orphan, and how she grows up, even though she has a hard time in life and that it's a constant struggle for her to grow up. Each and every play is certainly a fine topic and will hold the interest of everyone. These productions are open to anyone who wishes to participate in them.

"When we are fortunate enough

to be blessed with an auditorium, which we hope is soon, for H.H.S., there are three plays that I would especially like to present. Which are: (1) A Man Called Peter, (2) Meet Me in St. Louis and (3) The Song of Bernadette," stated Mr. White.

There are some one-act plays, favorites of Mr. White, that would be very interesting to do. They are: (1) "The Bishops Candlestick," from Victor Hugo's "Les Miserables," (2) "Mr. White's Lawn," a new play growing out of the Korean War, "The Monkey's Paw" which, in his description, is a real chiller diller. (4) And, "Which is The Way to Boston?" another weirdy, so Mr. White said.

With all these plays chosen and lined up, next year there won't be any trouble getting started. Except one thing, and that's the students, for the casts of the plays. So, after all this hard work on decisions, let's see those dramatic students, and all those interested, in after school for the try-outs. Remember, you don't have to be a pro. All students are eligible for try-outs.

First row, left to right: Fay Rotella, Sylvia Buck. Second row: Carl Barton, Barbara Beck, Elaine Conger, Judie Mason, Gwen Jones, Judy Scholz, David Frazier. Third row: Wesley Calvin, Bill Ferri, Becky Haslett, and Lou Ann Polic.

First Performance Given

The above 13 students gave their first performance for the Miami Springs Women's Club Valentine program, February 13, at the Miami Springs Library.

"The Lord's Prayer" was sung by Elaine Conger, who also took part in a trio with Fay Patella and Lou Ann Polic.

President Dave Frazier did the work of rehearsing and directing the group.

Carl Barton was narrator, while Mr. William Inglis, choral director, accompanied them on the piano.

Initiation Ceremony Held

The initiation ceremony of Modern Music Masters (Tri-M) took place Monday night, February 20, in the little theater. Tri-M is a national music honorary, of which David Frazier is president, Sylvia Buck, vice-president; Lou Ann Polic, secretary; Becky Haslett, treasurer; Judy Scholz, historian; Carl Barton, parliamentarian.

The program began with the "Lord's Prayer" sung by Elaine Conger.

Laura DeFonso (member of the National Advisory Council) read the Society's pledge. After membership cards and pins were received by the initiates, speeches were given

to the parents and students by Mr. William Inglis (sponsor) and Miss Lillian Meyer (co-sponsor). A program by the Tri-M Choral and Trio with Carl Barton narrating, followed.

Those being initiated were Barbara Beck, Wilda Brooks, Westly Calvin, Elaine Conger, Bill Ferri, Lana Friedly, Gwen Jones, Judie Mason, Frank Racz, Fay Rotella and the officers.

DCT Organizes New Programs

"Earn while you learn," is the motto used by all D.C.T. members all over Florida, and there is no exception in Hialeah. Yes, Hialeah is now offering Diversified Cooperative Training course. This course is set up for the benefit of boys and girls who are interested in obtaining experience in the field they choose and still remain in school. There is no other way to obtain experience, graduate from high school, and have a job waiting as soon as they graduate. There is no need to be faced with the problem of being turned down for lack of experience, and have little opportunity in receiving that experience.

If you are sure what your aim is in life, and want to obtain experience in that field, plus graduating from high school, inquire in the guidance room, or see Mr. A. M. Haft, director of D.C.T.

Many students of Hialeah are now taking advantage of this helpful course, such as Mary Lee Speziall. Mary is working at Jackson Memorial Hospital training to become a nurse. First and second periods she takes her two major subjects. Then she is in Mr. Haft's class for two more periods. At one she leaves for her job, at which she works for four hours. At this rate Mary is gaining much experience in her nursing career which will save her many unnecessary months if she hadn't taken D.C.T.

D.C.T. is offered for eleventh and twelfth grades only. If you are interested in taking D.C.T. sign up now, for all students are selected for enrollment in this course must be by application only.

MR. PEASE STATES

(Continued from page 1)
by the University Admissions Committee. After reviewing the evidence called for, the Admissions Committee may grant or deny admission.

Non-Florida students entering the University as first-time freshmen must have graduated from an accredited high school with standing in the upper half of their graduating class. They must also present recommendations from the high school principal or school superintendent.

Seniors of accredited Florida secondary schools who on the bases of their accumulative high school averages at the close of the first semester of the senior year, rank academically in the upper three-fifths of their classes are eligible to apply at that time for admission to the Florida State University. Their actual admission will become effective only if they graduate from secondary school. Seniors who do not meet these requirements at the end of the first semester of the senior year but who do meet them at the time of graduation are also eligible for admission.

Students who rank in the lower two-fifths of their classes and who wish to apply for special consideration should make application as soon after graduation as possible, but not later than August first.

Mr. Walker states that these new possibilities are "not formulated for the purpose of preventing worthy applicants to the University." Instead, these policies should help high school faculties in advising students as to college entrance.

By DAVID RAYFIELD

Now is the time! You can process your own Ektachrome color film by Kodak's color process E-2.

A processing kit can be purchased in photo stores everywhere for as little under two dollars. The first thing to remember in using these kits is to follow the directions step by step. If the directions say to immerse the film in a solution for 15 seconds do it for 15 not 20; in other words be precise. An example of this is the first developer.

The temperature of the first developer must vary only one-half degree! For this reason a good accurate thermometer is needed.

This kit by Kodak has been on the market for a few months, but since most of you haven't seen or read the procedure, I've worked out a short outline from magazines, pamphlets, and instruction sheets.

Beginning with the packages of powdered and bottled chemicals included in the kit, mix according to instructions. Now turn out the lights and load the film in your tank.

Develop the film in the first developer 10 minutes at 75 degrees F varying only one half degree. Agitate continuously for the first 15 seconds and then 10 seconds every minute in all solutions. All temperatures of solutions, from here out will be 73 degrees-77 degrees F.

Rinse the film for one minute in running water. Harden the film for 3 to 10 minutes, after 3 minutes the room lights may be turned on and left on for the rest of the procedure. Do not take the film from the hardener until just before the reversal exposure.

With a No. 2 photoflood lamp as a light source expose the film for 15 seconds by descubing a small circle with one end of the reel about a foot from the lamp.

The film should be washed film

for 15 minutes in the color developer, agitating as usual.

Wash the film again for five minutes in running water.

Clear the film for five minutes in the clearing and fixing bath.

Rinse the film again for 30 seconds or not more than 90 seconds in running water.

The next six steps will be continued in the next issue of the "Record." Any questions on the steps so far? Send them to David Rayfield in Room 311-13.

Opti-Miss Buys Tree

Opti-Miss Club has donated \$5.00 to the tree fund.

Mr. Vierling, head custodian, suggested they donate directly to the fund instead of buying a tree.

You'll be hearing more from this club.

History Classes Learn How American Courts Function

Groups of students from Mrs. Geraldine Cooper and Mr. Charles Adair's history classes have been taking field trips to the different courts in the Greater Miami area. On Friday, February 24, Mr. Adair took one such group on a very interesting tour.

Willard Ley, Peggy Lasseter, Pat Copeland, and Janice Trite acted as spokesmen for the group.

The group left the school after homeroom period and went directly to the Hialeah Municipal Court at the Hialeah City Hall.

Unfortunately the court was not in session but Judge Ruberia explained the functions of the court and the court procedure.

To help him illustrate the function of the court the judge asked Ann Bizzelle to act as the Court Clerk, Pat Copeland to act as the judge, Peggy Lasseter to act as the court reporter and Irene Turner as the prosecuting attorney.

Judge Ruberia explained that the court clerk reads the charges against the defendant from the warrant. Then the defendant is asked to state whether he will plead guilty or not guilty, and he is sworn in by the court clerk.

The city calls witnesses and questions them. The defense counsel has the privilege of cross-examining the witnesses.

If the city can't prove the charges the defense attorney can ask the court to dismiss the case right then.

The defendant is not compelled to testify against himself. When the judge reaches a verdict the court

clerk gives the judge a yellow card that states all previous convictions of the defendant. When the judge has looked at it he then hands it back to the clerk and the clerk enters the new charges. A policeman takes the defendant downstairs to a desk and he is booked and a new case is brought up.

Judge Ruberia gave the students an opportunity to ask questions. Then the students left for the Circuit Court downtown in the Court House.

Mr. Bill Carter, who is in charge of the court, talked to the group. He explained that there are approximately 600 to 700 cases on each trial calendar, and that it takes about six months to get a case tried. He also stated that the average case time is two days.

In the Circuit Court there is a six-man jury. One of the jurors was a woman. In Florida a woman is not compelled to serve on a jury.

The students had an enjoyable tour, but they were informed too.

O, Those Tests

Eighth grade students were given achievement tests to help them, and their counselors chose what type of math or English to take in the ninth grade. They have a choice between algebra, functional math, or basic math. These tests tell what type of math the student is qualified to take. For the same reason English has been given to these students. These tests were given February 21, and lasted through the 24th.

Not only were the eighth graders tested, but the eleventh grades also. Their tests were given for almost the same reason, except that the eleventh graders were tested to see what subject certain ones lack in knowledge in order to graduate.

By BILL HOY

Advice on Wheels: One driver hung on the back of his car a sign reading: "Walk safely and avoid that run-down feeling."

Time For Tears: A teacher who asked her pupils to recite their favorite mottoes drew from one little girl the slogan: "If at first you don't succeed, cry, cry, again."

Knock Knock: Have you ever tapped on wood to ward off bad luck? Did you ever wonder where that superstition got its start? A Los Angeles psychiatrist has an explanation. He traces the custom back to primitive times when men believed that protective gods dwelt in trees. By knocking on wood you could enlist the aid of these deities against harm and ill fortune.

Banquet For Bugs: Imagine, if you can, an annual building boom of two hundred thousand five-room homes. Such a construction project would certainly make short work of our present housing shortage. Yet the sad fact is that timber enough to build that many houses is destroyed each year by insects in the Pacific Northwest alone.

Professional Caution: "How much are two and two?" the teacher asked Tommy. Tommy, whose father is a weatherman, thought for a moment then replied, "Four—probably."

What's Your Opinion of Leap Year?

This time the Inquiring Reporters decided to ask the question: "What is Your Opinion of Leap Year, and Why?"

Here is the answer Jean Smith 11-4 gave: "Friends, Hialeahians, Schoolmates, lend me your ears. I am here to give you my opinion on Leap Year. I think it is a wonderful and jolly time for girls, but it is no reason why boys should take a vacation. Don't you agree, girls?"

Stephen Cohen 10-7 answered: "It should come more than just every four years."

Margaret Midkiff 10-4 said: "I think it's okay if the girl is brave enough to ask the question."

Bill Randolph 10-4 replied: "I think it STINKS because I like 365 days in a year."

Patricia Copeland 11-7 said, "I think it's a wonderful idea!"

John Patterson 10-17 answered: "I don't like it because it makes the year longer."

Rolanda Adams 10-10 said: "It is the time when the tune changes from 'Oh, I just can't ask her, to Oh, I just can't ask him.'"

Bob Jackson 10-4 replied: "It's okay, because it gives the women just one out of every four years to ask the men."

Shirley Dube 11-2 said: "I think

it would be nice because it gives the girl more opportunities to go out without any one getting the wrong idea."

Tom Novak 10-4 said: "I think it is a bad idea."

Sandy Cowern 10-13, answered: "I'm glad it comes only once every four years."

Boyce Glosson 10-6 replied: "It's okay since it comes only once in four years and in that way the boys can prepare for it."

Loretta Rompot 10-7 answered: "I don't like Leap Year because the boys just sit around and expect the girls to do all the chasing, and most girls would rather have the boys come to them."

Eddie Morris 10-5 said: "It's okay at times, but the times are very rare."

Jan Franse 10-8 said: "I think it's very nice except that it isn't practiced by very many girls."

Bill Van Duzie 10-10, answered: "There were so many Leap Years in the last decade the calendar is beginning to look like a frog."

Patricia Lang 11-4 said: "I think it's a good idea for girls with bashful boyfriends."

Margaret Molinari 10-7 replied: "I can't dislike it for it may come in handy some day."

End Of Six Weeks Girls Change Sport

"Throw the ball harder, it's not getting to me." "Come on, Robin Hood, hit the target." These are some of the sayings heard in the Physical Education classes as they change to another sport.

Miss Alliene Swain is switching her class to softball. They have been on basketball.

Mrs. King's classes are going to First Aid.

Miss Deloris Jordan's class is being entertained by archery.

You will probably hear in the near weeks about how sore your girlfriend is because she's not used to using her arm muscles so much. Or that girl that can't pull an 18 pound bow string back. How about that poor girl who turns green when studying about broken arms and legs.

These are a few of the comments you will hear as the six weeks progress and the muscles get tighter.

She's Kept Active in School and Out

"When I found my grandmother hanging from the rafters by her apron strings," was Frances Rushing's reply when asked her most exciting experience.

Frances, an eleventh grader, was born September 15, 1939, at Coral Gables, Florida. She is 5 foot 2 1/2 inches tall and has brown hair and blue eyes.

Frances is a member of the Girls Athletic Association where she is treasurer, Letter Club, treasurer; Student Council and Officials Club.

She is very athletic and has been on several athletic teams. She played on the senior volleyball team in the tenth and eleventh grades, basketball teams, in tenth and eleventh and has high hopes of playing on the senior baseball team this year. She earned an athletic letter last year through the G.A.A.

Frances said her pet peeve was students and teachers that don't have school spirit, also people that don't have a sense of humor. She said, "I believe in having fun while you're young, because you are only young once, so make the best of it."

She would like to attend Florida State University to take up nursing when she finishes high school.

New Sport Added

Across the net goes the birdie as badminton gets under way at Hialeah.

Badminton is being offered to senior high girls, Tuesday evenings. It is hoped that this sport will soon start being played after school.

Evening badminton is for girls who already know how to play. After school will be for 10th and 11th grade girls whether you have played or not.

Singles, doubles, and group teams will be chosen to represent Hialeah High at the Dade County Tournament in May.

Love Apples Lost Are Found in Hall

By F. JAMES RICHLAND

Mrs. Cooper, my third period history teacher, sent me down to the cafeteria as usual to get her a glass of ice water.

In front of Coach Lannom's office there were tomatoes all over the hall, so I picked up about a half dozen of the tomatoes, after I had questioned the monitor about them.

Since the monitor said I could have them if I wanted them I decided to take some back to Mrs. Cooper.

You should have heard the laughter as I walked into the room. The room nearly burst when I told her that "I had just picked them up."

Finding out where they really came from kept the class in stitches for ten minutes.

Finally she went with me to see for herself the tomatoes. After that the tomatoes lay in Mrs. Shephard's office for the rest of the day.

It was established that if nobody claimed the tomatoes, Mrs. Shepard and Mrs. Cooper would divide them.

Incidentally no one but they knew about the tomatoes; they made no effort to publicize the matter.

Typing Classes See Movie

The students in all business courses at Hialeah High saw an interesting movie and heard a very educational lecture from Mr. A. Ben.

Mr. Ben, from the Charon Williams Business College, talked with the students about their future plans in Business Education.

The movie was about the daily work of an average secretary, presented by the United Business Machines Studio.

Mr. Ben talked about various jobs graduates of business courses could enter, for instance, Mr. Ben stated "An apprentice to a Court Reporter could make 70 to 100 dollars a week.

Another interesting subject he talked about, were the shorthand typing machines which relieve a lot of the secretary's work.

He told about an experience that he had to happen to him at a college he attended. A professor that he was studying under based his tests on his lectures instead of the text. He took all the lectures down on shorthand, transcribed them and sold 150 copies at 50 cents apiece.

Teams Prove Themselves Best

For six or seven weeks girls have been battling each in class to see who had the best basketball team.

Well, Tuesday, March second, the best team in one class played the best team of another class to see who was the best.

Results were:

First period: The best team of Miss Alliene Swain's class played the best team of Miss Dolores Jordan's class, coming out with a score of 12 to 6 in favor of Braddock, the captain of Miss Swain's team. The girls who played for Braddock were Liz Jones, Phyllis Vozel, Mary Newby, Dotty Bush, May Weisman and JoAnn Boyd.

Second period: Miss Swain's team against Miss Jordan's put Swain in the lead 12 to 15. The captain was Anita Bartlett and the girls on the team were Jean Costello, Jeanne Miller, Penny Stanley, Eleanor Freund, Anita Bartlett, and Pat Hazelwood.

Third period: Miss Swain's team was defeated by Miss Jordan's team 12 to 11. The girls who played on the winning team were McKelvie, Earlette VanLooven, Callie Fowler, Dot Hood, Henderson, and Virginia Bopp.

Fourth period: Miss Jordan's team against Miss King's could not determine the winning score: Players, however, were Jeanette Wilks, Madeline Jeanell, Ellen Hunt, Sylvia Buck, Phyllis Jones, Mabel Lowden, Naomi Morales, and Joy Green.

Fifth period: Miss Swain's team against Miss King's put Miss Swain in the front 6 to 2. Winning players included Diane Kelly, Margaret Abernathy, captain, Judy Robb, Linda Law, Jacqueline Brower, and Betty Sarro.

Sixth period: Miss Jordan's team swamped Miss Swain's team 29 to 19. Players for winners were Gilles, Dot Pehler, Jean Smith, Dorothy Short, Cooper, and Deanna Wright.

Speech Contest Readied

Preliminaries in the annual speech contest will be held during the week of March 15, in the Little Theater before the combined speech classes.

The contest is open to all ninth, tenth, and eleventh graders. The contest is sponsored by the Speech department and will have its finals on March 21. Any students interested should sign up with either Mr. Floyd Boice, Mrs. Angeline Skipper or Mr. Joe White, in rooms 808, 806, and 804, respectively. The different speech events are as follows:

Original Oration: An oration written by the student, approximately eight minutes long. They must be memorized.

Prepared Oration: An oration written by some other author approximately eight minutes long, which must be memorized.

Poetry Reading: The reading and interpretation of poetry of good literary merit. This does not have to be memorized.

Dramatic Reading: Presentation of a dramatic selection, a cutting from a play or a short story, or any other material of a dramatic nature. It need not be memorized.

Future Chemists to Demonstrate Skill

By BILL HOY

Robert J. Lucas' 11th grade chemistry classes will present an auditorium program on April 9 depicting what they have learned while in chemistry. The program will be presented for the tenth graders.

The show will consist of some of the interesting experiments which the chemistry students have enjoyed and which they feel will be interesting and educational to the student body.

The classes have agreed that they will compete among themselves to determine who can give the most informative demonstration.

Watch for more information in the next issue of the Record.

Mayor Will Speak

By WAYNE ARNOLD

Hialeah's long time Mayor Henry A. Milander will speak to Hialeah High students on Career Day which will be held April 3 at the Hialeah Municipal Auditorium.

The Mayor will give the opening address to the students, talking of the service that we as Americans can give to the community through the youth's efforts of today to benefit the youth of tomorrow. Mayor Milander will also state his feelings toward the Career Day activity.

This is only one of the speeches to be given on the Career Day Program to the students. There will be speakers of all vocations that the Career Day Committee can enlist and that will interest the student body.

Seventh Win Over Eighth

7-10 defeated 8-9 in a spelling duel on February 20. Bill Dalley, the last eighth grader, had to be seated after missing *beguile*, while Sharon Joiner spelled it right.

Ten best spellers for the seventh graders were Judy Floretta, Marie Godfrey, Pat Hunt, Ruth Boles, Eva Ruth Hart, Odus Hampton, Jose Guerro, Mike Stone, and Rose Marie Holly. Besides the champions the ten best eighth grade spellers were Linda Law, Clarine Love, Nancy Kellog, Rose Awad, Karen Sjogren, Paul Dahms, Terry Fernandez, Karen Barkett, and Joe Gallagher.

HIALEAH SPORTLIGHT

By DAVID RYAN

Hialeah High's track team has been doing well in their meets this season. Many of the boys have set school and meet records when they take the track. Andy Lapicola is a specialist at the 440-yard dash, Ray Morris runs a nice mile, and his brother Ralph Morris is an expert half-miler. Jim Whitten has done well in the high hurdles and Ed Gray takes the low hurdles in stride.

Hialeah has defeated Riverside Military Academy twice this season but they have lost to North Miami and Miami Senior High. Both were good meets.

The next meet that the Thorobreds will participate in is the Miami High Relays at Moore Park on Friday, March 16. The meet will take place in the day as well as night with starting times at 2:00 and 7:00 p. m. Many of the teams in the Miami area will compete in this meet, including the Big Four—Coral Gables, Miami Edison, Miami Jackson, and host Miami High.

On Saturday, March 24, at the University of Miami Field, 18 schools from Florida will compete in the Miami U. Relays. Hialeah will participate and should make a good showing.

Hialeah High's basketball team finished a successful season last week in the finals of the Florida State Basketball Tournament. They

were't the only team from South Florida though, Miami High, Coral Gables, Seacrest and Okeechobee also represented District 8. Hialeah did real well considering that there are no seniors. The tournament was held in Gainesville.

The Thorobreds had a losing season this year but it was a lot better than last year. They finished with a 9-10 record this year but it was 5-15 at this time last year. The Thorobreds defeated several higher class teams, such as West Palm Beach, Seacrest, North Miami, South Dade, Tech, and Riverside Military Academy. Although they lost 10 games in the regular season, they did much better in the district tournament. They won three in a row. Hialeah gained a lot of respect this year with their fine team. Coaches Roy Brawner and Bob Eskew are to be commended for their fine job.

One sport goes out and another sport comes in. This time it is baseball. Under the direction of Coach Charles Wychunas, the Hialeah players are getting ready for their first game against Curley High at Curtis Park on Tuesday, March 20. The team is just about ready with almost every letterman returning. The other games in March are against South Dade, on March 22, away, at 8:00 p. m. and against Miami Senior High at Curtis Park on Tuesday, March 27.

Mr. Robert Delaney's gymnastic team will have its third match of the season on March 16, once again against Coral Gables. These two teams have split the other times they met, Charles Curry and Rene LeGaudier starring.

RENE LeGAUDIÉ shows the art of gymnastics on the parallel bars in the gymnastics meet against Coral Gables High.

Intramural Football Scheduled

Intramural football has arrived at Hialeah High, was the statement given by varsity Athletic Director Harold Lannom.

Four teams are competing for top honors of the intramural football league.

The season has already started as the Rams, coached by Bill Drew, defeated the Swaybacks 13 to 0 on the Hialeah High School field. The Swaybacks are coached by Leonard Pardue. The other teams are the Tigers who are coached by Leon Brooks and the Nags, headed by Frank Constantino.

"This is Hialeah High School's first year to sponsor an intra-mural football program. At the present time there are 103 candidates out for intramural football broken up into four teams. Each of the four teams will play each other twice; this amounts to a schedule of twelve games. The best team with the best won and lost record for the intramural schedule shall be declared the Intramural Football Champions for 1956. In the case of a tie there will be playoff games to decide the champ. The varsity athletic department hopes that each club in school will sponsor a team in the years ahead.

Intramural football letters and student coaching medals will be awarded to those who participate in the program. For further information pertaining to the program contact Coach Lannom in Room 816.

Intramural football schedule for Spring 1956:

- Wed., Feb. 29—3:30 p.m.—Swaybacks vs. Rams.
- Fri., March 2—3:30 p.m.—Nags vs. Tigers.
- Mon., March 5—3:30 p. m.—Rams vs. Nags.
- Tues., March 6—3:30 p. m.—Tigers vs. Swaybacks.
- Wed., March 7—3:30 p. m.—Nags vs. Swaybacks.
- Friday, March 9—3:30 p. m.—

Swaybacks vs. Rams.

Mon., March 12—3:30 p. m.—Nags vs. Tigers.

Tues., March 13—3:30 p. m.—Rams vs. Nags.

Wed., March 14—3:30 p. m.—Tigers vs. Swaybacks.

Fri., March 16—3:30 p. m.—Rams vs. Tigers.

Mon., Mar. 19—3:30 p. m.—Swaybacks vs. Nags.

Tues., Mar. 20—3:30 p. m.—Rams vs. Tigers.

March 21-22-23—Playoffs.

All games will be played on the Hialeah High field.

Look For This In Next Record

Starting in the next issue of the Hialeah High Record, Mike Davis and Ed Barber will write their first in a series of articles entitled, TWO YEARS OF GROWTH.

In each issue of the Record till the end of this term, Mike and Ed will write a new article on Hialeah High from the time when the first plans were made until the end of the 1956 school term. In the coming issue their article will be titled "A BUNCH OF IDEAS THAT BECAME A SCHOOL." In this article the boys will take the reader on a guided tour of H.H.S. from the time of construction up to the official dedication.

In each following issue a different phase of the Hialeah story will be put before the reader in type and pictures. The photographic work of David Rayfield will be displayed with each story as well as the art work of Bill Fisher.

Track Meet Finishes Second

Many meet and local school records were set as Hialeah was downed by Miami High in a track meet at Moore Park. Miami accumulated 90½ points, Hialeah scored 69½, while Riverside Military, the third team in the meet, had a total of 20.

Records were set by Jim Whitten, 120 yard high hurdles; Ray Morris, mile run; John Knight, J. Whitten, Jim Dorminey and Paul Kalchthaler, 880-yard relay; Andy Lapicola, 440-yard dash; Ralph Morris, 880-yard run.

High point honors went to Hialeah's Ed Gray with 10½ points. Hialeah took first place in seven of the ten running events.

Score board:

Broad Jump—Won by Lloyd, Miami High; 2, Gray, Hialeah; 3, Knighton, Miami High; 4, Traer, Miami High. Distance: 21 feet, 6 inches.

High Jump—Won by Smith, Miami High; 2, tie between Weeks, Miami High, and Corbitt, Hialeah; 4, Brook, Miami High. Height 5 feet, 6½ inches.

Sprint Medley—Won by Hialeah (Gray, Kalchthaler, Lapicola, Ray Morris); 2, Miami High; 3, RMA. Time 2:10.1.

220-Yard Dash—Won by Blanchett, Miami High; 2, Blake, RMA; 3, Dorminey, Hialeah; 4, Frohock, Miami High. Time: 23.4.

Mile Relay—Won by Miami High (Adams, Martin, Evans, Lloyd); 2,

Hialeah; 3, RMA. Time: 3:45.2.

Pole Vault—Tie for first between Mills and Crandon, Miami High; 3, McMahan, RMA; 4, Tulley, Miami High. Height: 11 feet.

Discus—Won by Moorman, Miami High; 2, Elk, Miami High; 3, Klein, Miami High; 4, Dunn, Hialeah. Distance: 55 feet, 4¼ inches.

Shot Put—Won by Moorman, Miami High; 2, Bisso, RMA; 3, Wert, RMA; 4, Elk, Miami High. Distance: 47 feet, 6½ inches.

120-Yard High Hurdles—Won by Whitten, Hialeah; 2, Knowles, RMA; 3, Gray, Hialeah; 4, Elk, Miami High. Time: 16.5.

100-Yard Dash—Won by Blanchett, Miami High; 2, Blake, RMA; 3, Dorminey, Hialeah; 4, Lapicola, Hialeah. Time: 10.3.

Mile—Won by Ray Morris, Hialeah; 2, Wohl, Miami High; 3, Connor, Hialeah; 4, Worley, Hialeah. Time: 4:56.2.

880-Yard Relay—Won by Hialeah (Whitten, Knight, Dorminey, Kalchthaler); 2, Miami High; 3, RMA. Time: 1:36.2.

440-Yard Dash—Won by Lapicola, Hialeah; 2, Lloyd, Miami High; 3, Baur, Miami High; 4, Martin, Miami High. Time: 54.7.

180-Yard Low Hurdles—Won by Gray, Hialeah; 2, Pollard, Miami High; 3, Knowles, RMA; 4, Starkman, RMA. Time: 22.1.

880-Yard Run—Won by Ralph Morris, Hialeah; 2, Evans, Miami High.

Hialeah Has Fine Gymnastic Squad

In the first official high school gymnastics meet ever held in Miami, Hialeah defeated Coral Gables 55 to 52 earlier in the year. Just lately, in a rematch the Cavaliers beat the Hialeah team 65 to 62. Charles Curry led Hialeah's team with 19 points, which he gathered in the rope climb and on the rings. Eugene Vaughn led Coral Gables with his outstanding work on the ropes and high bar. He amassed a total of 14 points.

Coach Bob Delaney would like to give special recognition to the following members of his team. Joe Kelly—17½ points for his outstanding work on the rings. Charles Curry, 38 points due to his work on the still and flying rings, Rene LeGaudier, 21 points on the parallel and high bars.

Here are the other boys on the team with their points in parentheses: Ernie Gilbert (13½), Ronnie Carey (6), Roger Whitaker (5), Freddie Mathews (40), Bob Busch and Tom Codrick each scored one point. Dick Powell and Eddie Metzler also compete for honors. Bob Reynolds has been doing a fine job on the parallel bars. Ernie Gilbert is tops in tumbling.

Here are the results of the meet at Hialeah when Gables won 65-62:

- Rope Climbing—Vaughn (CG), Curry (H), Brooky (CG), Kelly (H).
- Parallel Bar—LeGaudier (H), Reynolds (H), Benedetto (CG), Ceballes (CG).
- Trampoline—Kauney (CG), Penell (CG), Carey (H), Whitaker (H).
- Tumbling—Gilbert (H), Kauney (CG), Penell (CG), Carey (H).
- Still Rings—Curry (H), Benedetto (CG), Ceballes (CG), Mathews (H).
- Flying Rings—Curry (H), Benedetto (CG), Kelly (H), Mathews (H).
- High Bar—Vaughn (CG), LeGaudier (H), Logan (CG), Benedetto (CG).

Thorobreds Defeat Stuart and Saint Patrick's for District Championship

High Hopping Hialeah Beats Shamrocks

Dick Van Luit set a new school scoring record when he scored 30 points in the march to down St. Pat's in the second round of the district tournament at Hialeah.

After getting off to a fast start the Thorobreds were never headed as they led at the end of every quarter. In the first quarter Hialeah demonstrated some fabulous form shooting when they made their first 12 shots at the free throw line before Jerry Askowitz missed one. Larry Wood and Jerry Askowitz backed Van Luit up with 10 points each in the scoring column. Van Luit made 10 field goals and dumped every foul shot but one.

Joe DiMare, although not high scorer for the Shamrocks, again was the tough man to hold down. If any. He couldn't guard Van Luit, impressively enough. If Skip set, it would go in. If he didn't take a set

shot, he would drive around DiMare. This he also did successfully. Bob Brownlee was high for St. Pat's with 15 points.

In the preliminary game, Stuart High took an easy victory over an out-of-class Naples team by a 48-score. John Heaton was High for Stuart, with 14 points.

LYLE CHARLES sneaks around opponents for a Thorobred score in the district tournament against St. Pat's.

Hialeah Wins Decisive Game 63-62

Hialeah High's varsity basketball team held off a last period surge by Stuart High to defeat them 63-62 in the finals of the Class B—District 8 tournament.

Hialeah jumped to a 19-12 lead at the quarter and again led 39-32 at halftime. Skip Van Luit scored all of his 20 points in the first half and Larry Wood 14 of his 16 also in the first half. Of the 19 points in the first quarter, Van Luit and Wood had 18 of them.

John Heaton scored 30 points and Jim Stewart tallied 20 for 50 of their team's 62 points. Hialeah led by 12 points going into the last period, but Stuart threatened the Thorobred lead and with only one minute to play the score was 63-62.

Stuart had a couple of chances to win the game but they failed. Heaton missed his favorite one hand shot from the side and Jim Stewart threw a shot over the backboard. Wayne Garrick's cool court play saved the game for Hialeah.

By winning Hialeah gained the right to go to Gainesville to meet Mayo in the Florida State High finals. Last year's state champion is in the tournament also, this being Baker.

Thorobreds Take Practice in Stride

Baseball practice has started at Hialeah High with a turnout of about 30 young and eager ballplayers.

Practice is a lot more work than most of the players thought, because there is a lot of calisthenics and laps around the bases instead of the usual pepper games and regular infield practice, but there a little of that, too.

Most of the boys who have stuck with it know and feel that these fairly hard practice sessions will pay off when they play their first game against Archbishop Curley High at Curtis Park.

The roster of the ball club starts as follows:

*Eddie Little, *Billy Smith, Nick Cappello, Charles Maples, *Bob Rivera, Lester Wheeler, Dick Karvotush, Bob Guarino, Keith Willoughby, *Jerry Ashley, Richard R. Peurifoy, Terry Jackson, Paul Donaldson, *Dan Kavanaugh, Jerry Simcox.

*Don Goodman, Billy Spruce, Jerry Askowitz, Bob Ellis, Bob Lucas, Baxter Hill, Dave Williams, *John Grimes, Don Lyle, Jim Dixon, Skip Van Luit, *Bruce Walton, *John Cavalier, Allen Stone, Wayne Coggins.

The star by each name indicates they are returning letter men for their second season.

The great secret is not having bad manners or good manners or any other particular sort of manners, but having the same manners for all human souls.—George Bernard Shaw.

Ryan Tells Highlights Of Basketball Season

HIALEAH 45, ST. PATRICK'S 42—Thorobreds came from behind to win first game of season.

CENTRAL CATHOLIC 44, HIALEAH 28—Hialeah's cagers lost from inexperience.

SEACREST 62, HIALEAH 47—Undeclared team too fast and tall for Thorobreds.

HIALEAH 55, WEST PALM BEACH 39—Skip Van Luit got 23 points to lead Thorobreds in one of best games of season.

CURLEY 47, HIALEAH 40—Fran Curly proved to be too powerful for Hialeah.

HIALEAH 76, STS. PETER AND PAUL 32—Four Hialeah players hit for double figures in this contest.

HIALEAH 71, RIVERSIDE 63—Don Goodman tallied 27 points to lead the Thorobreds to victory.

SOUTH DADE 42, HIALEAH 41—Close game all the way. Wayne Garrick tallied 11 points.

NORTH MIAMI 53, HIALEAH 38—Pioneers took an early lead and kept it through the game.

ST. PATRICK'S 49, HIALEAH 45—Full court press didn't quite pull this one out of the fire.

CURLEY 51, HIALEAH 42—Thorobreds dropped their second to the Knights in a free for all.

RIVERSIDE 58, HIALEAH 46—Riverside gained revenge for an early season defeat.

HIALEAH 53, TECH 43—This game was more of a wrestling match than a basketball game. Hialeah proved to be more power-

ful.

HIALEAH 60, NORTH MIAMI 59—Most exciting game of the season. Thorobreds won in thrilling overtime.

HIALEAH 59, SEACREST 53—Hialeah gave the Seahawk's their first defeat of the season after they had won 18 in a row.

WEST PALM BEACH 53, HIALEAH 44—Coming around to form the Wildcats avenged an earlier season defeat.

HIALEAH 75, STS. PETER AND PAUL 32—This was the Thorobreds' second romp over the Saints. All players that dressed played four quarters.

HIALEAH 60, SOUTH DADE 52—Hialeah won their ninth game in another rough tangle with the Rebels.

TECH 65, HIALEAH 46—Hialeah this one at the Jackson gym.

HIALEAH 60, SOUTH DADE 52—Hialeah won their ninth game in another rough tangle with the Rebels.

TECH 65, HIALEAH 46—Hialeah this one at the Jackson gym.

HIALEAH 60, SOUTH DADE 52—Hialeah won their ninth game in another rough tangle with the Rebels.

TECH 65, HIALEAH 46—Hialeah this one at the Jackson gym.

HIALEAH 60, SOUTH DADE 52—Hialeah won their ninth game in another rough tangle with the Rebels.

HIALEAH 60, SOUTH DADE 52—Hialeah won their ninth game in another rough tangle with the Rebels.

TECH 65, HIALEAH 46—Hialeah this one at the Jackson gym.

HIALEAH 60, SOUTH DADE 52—Hialeah won their ninth game in another rough tangle with the Rebels.

TECH 65, HIALEAH 46—Hialeah this one at the Jackson gym.

Peter & Paul Three Time Losers to Thorobred Quintet

Larry Wood paced the Hialeah Thorobreds to their third victory over Sts. Peter and Paul in the first round of the Class B, District 8 competition by a 46-30 score.

Sts. Peter and Paul, led by Charlie Yoham, used freezing tactics to try and hold the score down and throw the Thorobreds off guard. This attempt was to no avail because Larry Wood was consistent in scoring 29 points, which at the time was a new school scoring record. Wood scored 11 field goals and made 7 out of 10 foul shots.

Because of the "freeze", the score at the end of the quarter was only 8-2, with Hialeah leading. They also led 19-9 and 28-18 at the other breaks.

On the same night Stuart High defeated Clewiston in an up-state contest. Stuart came down to Hialeah for the quarterfinals.

Here is the box score:

Hialeah (46)		Sts. Peter & Paul (30)	
fg	ft tp	fg	ft tp
Wood	11 7 29	Detrio	3 2 5
Garrick	2 3 7	Yoham	1 15 7
Walton	0 0 0	Barkat	3 1 7
Askowitz	1 4 6	Josza	2 0 4
Willingham	1 2 4	Alexander	0 2 2
