VOL. 2, NO. 12

HIALEAH HIGH SCHOOL, HIALEAH, FLORIDA

MONDAY, MARCH 26, 1956

Hialeah High Annual on Its Way

Hialeah High will have an annual next year. To many students this will be composed of an entire school year's work.

Members of the proposed annual staff are all ready working hard to make this year book one of the best.

Staff meetings are being held after school every Wednesday. At this time any future ideas and plans may be expressed.

Subscriptions for the annual will be taken the week of March 26 through the 30th. For those students wishing to make a down payment this year, a fee of two dollars and fifty cents is asked.

In the fall of '57 before the year book order goes in, a balance of

two-fifty will be collected. This makes the total five dollars.

If a down payment is not made until next year, the price of the annual will be six dollars.

The year book staff is finding it rather difficult to select the right name for the annual, so a contest is being held for the entire student body.

Suggestions of names by students will be carefully considered and the prize of a free annual will be given to the student submitting the winning name.

All you have to do is write your name and section on a piece of paper along with your suggested name, and give it to Mrs. Miller in room 313.

The picture above shows the future annual staff. Front row: Mike Davis, Kay Anderson, Barbara Ridgeway, Carol Romanick, Pat Proctor, Marilyn Martin, Peggy Lasseter, Joy Jessee. Second Row: Ed Barber, David Ryan, Julie Hathorne, Sylvia Woods, Mildred Helms, Wilda Brooks, Kathryn Tompkins.

2nd Career Day Brings Speakers To HHS Campus

Hialeah High will present its Second Annual Career Day Activity in the City's Municipal Auditorium.

Career Day is usually designed for the Senior high school and this year will include grades 9, 10 and 11. "This is something new for Career Days," said Miss Joyce Chick, who has headed this complete activity this year.

Miss Chick

Miss Chick remarked that it will take the entire school day of April 3, which is the first Tuesday after Easter. She also stated that all the school will operate on a special schedule of bells. The faculty is being asked to serve on special committee assignments, since they will not be carrying out regular duties of Career Day. Some of the head committees with major responsibilities for directing the Career Day activities consists of: Mr. Heaps, Mr. Boice, Mr. McDavid, Miss King, Mr. Mohr, Miss Long, Miss Meyer, Mrs. Skipper, Mrs. Bradley, Mr. Cook, Mrs. Miller, Mr. Earnest, Mrs. O'Donnell, and Miss Joyce Chick, who will act as Chairman.

Key Club members also have major duties since they are the sponsors of this affair and should be able to answer questions concerning this activity.

The junior high schedule pertaining to the 7th and 8th grades will be as follows: Homeroom as usual except there will be no flag salute and Bible reading until beginning of 1st period. When the bell rings for the close of homeroom, students in these grades, 7th and 8th, remain in their rooms and should not be allowed in the halls for any reason. This schedule is to be followed from 8:15 to 8:30.

From 8:38 to 9:35 Jr. High students will remain in their home-

Two Students Win Awards In Dade Science Fair

Exhibits were on display at the University of Miami March 16th and 17th by some of the students of Broward, Dade and other surrounding areas.

The students from Hialeah High that had entered the Science Fair were: Dennis Baker, an eleventh grader, who had a display on the life history of the honey bee; Anita Bartlett, a tenth grader, who had a display of her collection of insects; Frank Swan, a ninth grader, had a model of a flying airplane; Bill Pollock, eleventh, and Beverly Golden, tenth grader worked together on bacteriological analysis of the pasteurization of raw milk; and Douglas Logan, a tenth grader, a display of tesla coil for producing high voltage at high frequency; F. Jerry Coleman, an eleventh grader, had an orchid display.

Record Wins First In CSPA Competition

The Record was rated as first class for the second year by judges of Columbia Journalism school last week. The paper was in competition with papers from senior high schools of similar enrollment from all over the United States.

Other senior high papers in Dade County named for honors were the Miami High Times and the Jackson Globe.

Junior high papers from the county were the Ada Merritt Revue, West Miami Star and Nautilus Green and Gold rated first, second and third, respectively.

Criticisms of the Record and the first class rating certificate will be sent to the Record office at a later date.

High Honor Rolls Name No. 1 Students

All A's report cards were earned by 36 students during the last six weeks period. This is the largest list to be printed since the Record started listing outstanding students.

Dean's List

On the Dean's List were Marion Painter, 7-5; Madeline Baker, Helag Peterson, and Nancy Wiseman, 7-6; Barbara Kleinschmidt, 7-8; Marian Schneider, 7-9; Marie Godfrey, 7-10; Judy Floretta, Eva Ruth Hart, 7-10; Marcia Carol Fossett, Janie Fisher, Diana Menendez, 7-11; Dorothy Mullis, 7-13; Carol Bradway, Janet Burkowske, 7-14; Harold Kerr, Roberta Yorba, 7-15; Kay Brown, 8-5; Annette Beaubien, Jean Cypp, Eileen Branner, 8-7; Larry Castro, 8-9; Judy Casey, 9-7; George Ricker, 9-9; Carol Ann Bendith, 9-10; Sandra Parise, Gary Bennett, Joe Godfrey, 9-11; Daphne Macik, Myrtle Meeker, 9-6; Ray Martinez, 10-15; F. Jerry Coleman, Beverly Martin, 11-3; Annette Pritchard, 11-5; Margaret Diehl, 11-8; and Donald Connor, 11-9.

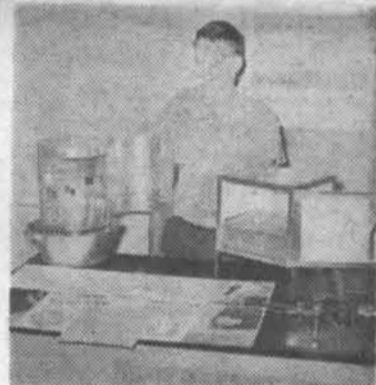

Honor Roll

The half and half Roll included Eileen Ocheendarena, 7-1; Mildred Hopkins, Marcia Messner, Joanne Swederski, 7-2; Sara McGee, Lee Ann Fulton, Tana Lee Hord, 7-3; Barbara Repchik, 7-4; Kathy Zitto,
(Please turn to page 6)

In order to be able to enter the Science Fair, the contestant must have done all the work on the project by himself. If two or more students worked on a project together they are not eligible for national competition.

Anita Bartlett was named for a prize in Zoology and William Pollock scored a first in Botany.

Honorable mentions were given to Douglas Logan in physics, F. Jerry Coleman in botany and Dennis Baker in zoology.

WILLIAM POLLOCK displays his project in botany which he constructed for the Dade Science Fair.

JR. PROM TICKETS ON SALE

Tickets for the Junior prom being held at the U. of M. Student club, April 13, will be sold this week, Monday thru Thursday.

Leonard Pardue, secretary of jr. class, stated "Absolutely no stag."

Speech Winners Are Selected

Winners in the local speech contest appeared in a special assembly last Monday afternoon. Gold medal winners were then selected as first place. Silver medals are to be presented to the second place winners and a bronze star to the third place.

Gold medalists are Bill Van Duzee for the prepared oration;

Beverly Martin in dramatic reading; Charles Castelucci in poetry reading; and Wayne Arnold in original oration.

Silver medal winners include Linda Greer, Joe McAllister, Mary Buchanan, and Charles Castelucci. Joyce Hatch won a bronze medal for her original oration.

Reporters Tell of a Group of Ideas That Became a Modern High School

According to Florida population statistics, the city of Hialeah is the fastest-growing community in the state. It wasn't until the year 1950 that this growing city finally received its dream, from the Dade County Board of Public Instruction, a senior high school all their own.

Almost ever since there has been a Hialeah, there has been a dream in the minds of its education-minded citizens, that someday, somehow, there would be a Hialeah High School.

Even as early as 1938 people thought of and fancied this school. In those days they realized that Hialeah was growing, and extremely fast. The city was growing so fast that the present elementary and junior high could barely make room for incoming pupils. Students graduating from the junior high had to

go to established high schools to advance their education.

Even after 16 years Hialeah is still growing and even though it has its senior high, people say the school isn't enough and the B.P.I.

should build more schools to take care of the crowded conditions in the other schools in the Hialeah area.

The year is still 1938 and people are still dreaming. It wasn't until

1945 that serious thought on the issue began. People were aroused by the ever-increasing population and crowded conditions in the city's present schools, to petition the school board and do everything possible to speed up production toward a senior high.

The years slowly crept by and people were still talking. The conditions in Hialeah's schools became considerably worse. In fact, they became so bad the elementary schools were compelled to hold half-day classes. Finally as a result of a \$12,500,000 bond issue, five years later Hialeah High became a reality.

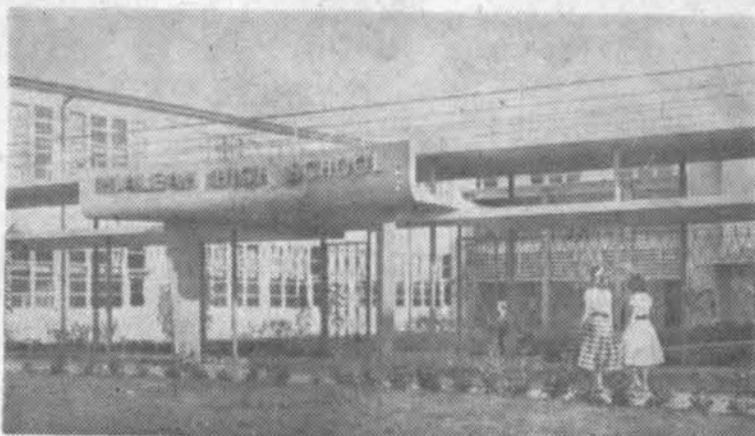

The die was cast and the plans were drawn. Irving E. Horsey and school board architect, James E. Garland, put their heads together and came up with a set of proposed plans for a school.

After the plans were approved the board called for bids from all the big contractors in the area. The Stobs Brothers Construction Co. received the bid and the school was built at a cost of 2½ million dollars. With the bid tucked away, the Stobs's started their men to work on the empty lot that was to hold the tons upon tons of steel and cement. Out of the sand and dirt the company sculptured a huge building that was to give almost 3,000 students a place to be educated.

While the work went on at the school, teachers who were to teach there conferred with the contractors to straighten out small details that were not drawn into the plans.

Meanwhile the School Board members were trying to straighten out their own little problems. At

Easter Vacation Coming

Inquiring Reporter Asks Tenth Grader Sees Toad's Life

By KAY ANDERSON

Do you approve of drag strips as they are now?

Bonnie Clark 10-5: "Right now I think they are dangerous. Our parents pay taxes, and it is up to the city or state to provide us with recreational facilities. And, too, I think it should be supervised, instead of running wild.

Marcia Newton 10-7: "NO!" I think that dragging is probably a lot of fun and excitement for the boys. But when the drags are not supervised it becomes extremely dangerous and too hazardous for them. I don't think that the drags should be stopped. I believe that someone should build a drag strip for the boys interested in it. Most boys spend a lot of time working on their cars. They are proud, and that's the best way that they know how to show it. Even if the drags were forbidden at all times, they would still do it."

Joan Whetstone 11-7: "I think if drag strips were supervised and well equipped to safety extent, the kids would have more fun, and in the end would have more lives.

Martha Orr 11-8: "I think there should be more well supervised drag strips. This I feel would solve the problem of public roads being used for this purpose."

Kathryn Tompkins 11-8: "Drag strips are all right if they are properly supervised, but I can not see the thrill in racing at a high speed and then being able to use the success only on a race track."

Jerry Chester, 10-5: "I am in favor of organized drags because I like to drag. At places like the midnight death drags, it is easier for someone to get hurt than at an organized strip."

Margaret Midkiff, 10-4: "I am in favor of a drag strip because if we get a drag strip it will keep the boys who like to drag, off the road."

Charles C. Joiner, 10-9: "I am in favor of a drag strip because it keeps kids from dragging on the streets. They can go to the drag strip."

Mabel Lowden, 10-5: "I am in favor of drag strips. Everybody likes to drag, but it would be best to have a supervised strip to cut down on the accidents."

Walker Hawren, 10-11: "Surely, I am in favor. The fellows need a place to try out their ideas for better performance. But it should be properly supervised."

F. Jerry Coleman, 11-3: "The idea of having a 'supervised location' for the so-called 'dragging' is utterly

I was born one morning; it was drizzling rain. I knew from that moment my life would be all wet. I was the most hated by all my tadpole buddies because of my high I.Q. As far back as I can remember I have always wanted to be president of the pond. You see let me start by saying I am a toad or rather I was a toad.

My story all started when I was giving a campaign speech, that had quite an influence on my career. A great commotion cluttered my ears and the next thing I knew I was in a contraption known to you all as a box. At first, I didn't know what to think, but then an idea came to me.

It was that maybe they were taking me to a bigger and better pond to give my services there. I thought this would be the biggest break in my life. Instead, I wound up in a large room with funny looking creatures making horrible faces at me. They looked bad enough, but why make it worse? (I thought).

I heard someone say something about formaldehyde, so I decided to investigate and found it to be quite tasty, although I can't say so much for the smell. There must have been some alcohol in it for when I drank some more I passed out like a light!

When I awoke I felt sort of funny and when I looked around, I saw myself lying on a slab slit down the middle. It took quite a while to figure out that I was now a has-been. And I was now a toad spirit.

"What they did to me was inhuman. Talk about them getting sick; how would you feel if you saw your insides splattered all over the place? It was the strangest feeling going to Heaven half and half. Half here and half there.

Well, my career is finished there, but maybe I can use my talents here. I was getting places, for I was now elected candidate for presidency, and once again started on my electoral speech. Say, what's that guy doing over there with that box? Oh no, not here, too!!

ridiculous. If we were to provide a place for 'dragging', then we should also provide a place for murder, petty thieving, and opium smoking."

Dennis Grady, 10-17: "Yes, because it would protect us all from speeding hot rodders who don't have a place to race."

Leroy Visits Biology Class

Last night I was talking to Leroy about my day at school. I just happened to mention that we had been dissecting worms in Biology. When LeRoy let out a loud squeak. I asked him what was wrong and he told me that his best friend Danny had been missing for three days, and he had the most wonderful feeling that he just might be in my biology class. He said that although he had never been dissected, he had heard that it was about the most painful death that a cockroach could ever come by.

After I told him we weren't dissecting cockroaches and most likely wouldn't be, he was determined that he was going to get in there and scout around for Danny. And as you all know when LeRoy gets something in his head, nothing can knock it out.

He made me sneak him into biology. If you think it's easy to sneak a cockroach into class, especially one that's always hopping around and getting into things like LeRoy, you should take one to school.

I introduced LeRoy to all the students, who were very cordial, and to the teacher, who was even nicer. The search began with all the students helping because they felt sorry for LeRoy, whose little eyes were filling with more tears every minute.

He met all the worms and had an especially nice chat with "Lambie-Pie", my very own. When he met "Poopsie," one of the student's lobsters who was soon to meet his fate, LeRoy was really flabbergasted. He got so excited he almost fell in a jar of formaldehyde.

We were all pretty discouraged, when I happened to glance at LeRoy, for there was Danny sound asleep under my chair. When we were ready to go LeRoy and Danny thanked the students for all their help, and the teacher who very nicely invited them to come back some time on lab day. LeRoy said that he wouldn't dream of troubling them.

From the Horse's Mouth

By BONNIE CLARK

Mr. Joe White, speech teacher, asked all his tenth grade classes to write suggestions for impromptu speeches. He came up with these:

Let's face it . . . I'll Be Home.
When You Grow Old . . . Let There Be Light.

See You Later Alligator . . . Memories Are Made Of This.

Love and Marriage . . . Gentlemen Prefer Blondes.

Words Of Power . . . Seven For Each Gal.

The American Girl . . . Natural Resources Can Be Conserved . . . Grandma's Getting Old.

The Cow Jumped Over The Moon . . . That's All I Want From You.

From the looks of things, Joyce Adams has had it. If you hear a little voice echoing down the hall singing "Mary had a little steamboat, the steamboat had a bell; Mary went to Heaven, the steamboat went 'ding-dong', never fear, the whitecoats are on their way."

"You are getting very sleepy . . . very . . . very . . . sleepy." With a high shrill of a voice from the background you come out of it realizing your best friends are playing tricks on you. Yes, many a friend is trying their skill at hypnotism. Only one thing is wrong. Many succeed!

Happy Easter everyone.

Editorials Which College Will You Choose?

The thought running through the minds of many students lately has been about what college they should go to.

A lot of gossip has been traveling around the school about the requirements for entering the University of Miami or other colleges. Most of this gossip you have been hearing is wrong. Here are a few facts about the University of Miami.

To enter the university you must be a high school graduate with 15 credits, and a good record. This doesn't mean that you don't have to worry about your credits because if someone has a better record than you, he will be able to enter the college first in most cases. The average student can attend the university for \$1,600 a year. The price varies with the course you may choose, your transportation, food, etc. Any course of study is offered with certain required subjects you must take for it.

The requirements for the University of Florida located in Gainesville, Florida, are similar. You must be a high school graduate with a good record. The cost is somewhat lower here, for the average student can attend the University for \$1,100 a year. If he takes advantage of scholarships or works part time the price can be reduced to \$850-\$950 a year.

Start thinking about the college you would like to attend, NOW, as it is an important decision you will have to make.

Alcohol Is A Killer!

By MARLENE BOWEN

How does alcohol affect the teenager? What factors determine the leading of teens to the alcoholic world? These questions have been found to be great problems not only to the teen involved, but to the school and community from which these teens come. This article was composed to give the reader some idea of what alcohol does to its user and why it should be avoided.

Liquor, or as it is sometimes called, alcoholic beverages, is a killer. It slaughters both the stability of the mind and the physical health of the body. Once the habit has a toe hold, it is terribly hard to break by both adult and teen.

A teen may become associated with alcohol because his friends encourage him with the excuse that he can not belong to the gang if he does not drink; his parents set an alcoholic example, not bothering to see that their offspring are aware of the effects of liquor; and the teens desire to belong and feel important in the eyes of his friends.

The effects of intoxicating beverages are appalling. In the case of the teenager, the result is doubly appalling. In the situation which involves the drinking juvenile, it leads to the organization of gangs. These gangs lead to all types of crime such as highway accidents, robbery, or murder. The effects of liquor are not a pretty lot.

Alcohol crazes the mind along with the physical harm it does to the body. Those whose minds are dulled by intoxicating beverages will do anything that appeals to him, disregarding its moral standing, because liquor gives him the feeling of power to do that which would not be done had the presence of liquor be omitted. Physical health is hampered by the steady presence of alcohol. The appetite is that only for strong water, thus resulting in ill health.

Schools and communities who have drunks in their realm are noted all over the world which hurts its social standing and the morale of its people.

The heartbreak and misery that accompanies the unquenchable appetite that alcohol creates isn't worth the few thrills or power gotten under its influence.

A wise teen realizes what alcohol can and will do if he begins to drink. This teen, if educated in the proper way, will rarely drink to the drunken stage, because the price he has to pay is far greater than he is able to pay.

Values Are Important

In the previous issues of the RECORD the reader has more than likely read the "Inquiring Reporter." While quite frequently this column has a topic of good general interest, it has also had such topics as "What I want in a boy friend." The answers in this column denote the extreme set of false values which are carried by many students.

Answers to this question, like: I want a boy friend with a flattop—I like a strong boy—I like a tall boy—I want a basketball boy—and, I want a handsome boy—portray so vividly that the writers of these desired virtues, or habits, have a set of false values.

Instead of this faulty emphasis on the physical qualities of the desired lover, the virtues of kindness, thoughtfulness, and intelligence should be considered.

To broaden the scope of false values, we must mention that the entire country also bears false values. Constantly, people judge one another by the kind of car one

drives, the size of house one inhabits, and the social position one maintains.

These false values, with the easy addition of many more prevalent ones, may well spell the disaster of the balanced society.

FROM LEFT TO RIGHT are Betty Harrigan, Roberta Calvert, Glenda Rice who are the nominees for the F.F.A. Sweetheart. The winner is Roberta Calvert whose talent is dancing. She now has to compete in a sub-district contest April 20 with Edison, Jackson, North Miami, South Dade and Pompano.

Chemistry Show Is Planned

By BILL HOY & JOHN BURLAGE

During the past year, students in chemistry classes have performed 30 experiments. Now it is felt that these students should have opportunity to demonstrate their skills. Twelve students have been chosen to participate in a chemistry show to be held on April 9 in the cafeteria for all tenth graders.

Some of the experiments you might see are: the characteristics of oxygen and hydrogen; interesting chemical indicators; ammonia fountains; the action of sodium on water; the properties of phosphorus; bending glass; colored flames; etching glass.

The outstanding students chosen to demonstrate these experiments are: Mary Buchanan, Donald Connor, Jim Dixon, Judy Freeland, Bruce Ickes, Jim Killough, Beverly Larson, Mike Malone, Beverly Martin, Annette Pritchard, Danny Thomas, and Linda Thomas.

See you all at the chemistry show.

Masson Robertson H.H.S. Spelling Champ

The Herald Spelling Bee contest was held on March 5 in the gymnasium. The winner from this school was Masson Robertson, the runner-up was Francis Selvin. Masson correctly spelled the word **comp**placent and won with the word **teaspoonful**.

The contest took place in the gymnasium with 850 seventh and eighth graders in attendance.

Those unable to be placed in the gym listened over the public address system. The assembly arranged by Mr. Tom Heaps, director of student activities, climaxed several weeks of concentrated study in classes.

Room contests were held in English classes to determine the representatives for the final school contest. Because of the large number

Masson Robertson

Let's Get Acquainted!

BEN KNOLLMAN — sometimes called Andy, was born March 4, 1940 in Cincinnati, Ohio. In the future this five foot ten inch 180-pound redhead hopes to be a Captain in the Air Force. Ken's opinion of H.H.S. is that it is the best in the state. The suppressed desire of this sophomore is to be a millionaire. His pet peeve is "little monsters running around the halls." His favorites are as follows: sports, football and swimming; hobby, fishing; teacher, Mr. White, subject, speech; song, Angels In the Sky; and his favorite singer is Perry Como.

BERTA DE CASTRO—This five foot five inch brown-haired, hazel-eyed gal was born in Havana, Cuba, June 27, 1938. She has lived in the states for the past seven years. In the way of sports hobbies she likes tennis, roller skating and art. "It's Almost Tomorrow" is her favorite song and her favorite singers are the Dreamweavers and Eddie Fisher. The future ambition of Berta is to be a Private Secretary. Her pet peeve is house work.

JIM PALMER—The suppressed desire of this brown-haired junior is to have a date with Marilyn Monroe. He wants to study nature at its best. He was born in Cincinnati, Ohio, on March 1, 1939. Jim's favorite sports are swimming and basketball; his hobby is girls. When asked his opinion of Hialeah, he replied, "It's the neatest I've ever been to."

The pet peeve of this five foot nine and one-half inch guy is women drivers. His favorite song is "Bo Weevil" and his favorite singers are Pat Boone and Teresa Brewer. Mr. Bates is his favorite teacher and his best liked subject is Phys. Ed. In the future he plans to be a Construction Engineer.

of participants the contest ran over the allotted time and final eliminations were completed in the library.

Sophomore Leads Eventful Life

Did you ever wonder what it would be like to live in Korea or Japan? Well, Patricia Groover, better known as "Tish" has lived in both of these foreign countries. When asked about her life over there she replied, "We lived in Yong Dong Po, Korea, and were later evacuated to Yokohama, Japan, due to anticipated trouble. We were in Japan two weeks while waiting for transportation back to the states.

Korea was a very pretty country, especially the mountains, and Japan was simply beautiful.

Tish will be celebrating her fifteenth birthday March 31, although she is really 16 years old, but as they crossed the International date-line on her voyage over, a day was skipped. This day was her birthday.

"Tish has attended schools in Korea, Maryland, Virginia, Washington, D. C. and Florida because her father was in the Army and his family went with him wherever he was stationed.

Tish, a dish-water blonde with changeable blue-eyes has a strange ambition. She would like to drop rose petals off the Grand Canyon and listen to the echo.

Basketball, football, horseback riding, and swimming are her favorite sports, while her favorite hobbies are drawing and music.

After graduating from school "Tish" would like to attend Art School and later become an illustrative artist. Her favorite subject, naturally, is art and teacher Mr. B. Myers.

When asked what she thought of Hialeah High, she answered, "It's real neat, I like the system."

Art Baker

Art Baker, sports enthusiast, was born in New Kensington, Pennsylvania October 7, 1938. Art's hobby is, of course, sports. He is out for Varsity Track.

Art's favorites are: teacher, Mr. Salek; subject, history; song, "Great Pretender"; singer, Eddie Fisher; clothes, Italian shirts.

When asked his opinion of Hialeah he answered with one word "Greatest." He asks only one thing of the students here at Hialeah and that is to call him Art.

Of course he has an ideal girl. She must be five feet, five inches tall, weigh about 110 pounds, have a good shape, and be a blonde.

Art is an active member of the Civil Defense Club.

His favorite food is pizza pie. The only plan Art has for the future is to attend F. S. U.

Everglades Show Florida's Natural Beauty

By MIKE DAVIS

Standing majestically above the long waving blades of sawgrass, the stately cabbage palm seems to be looking out over the vast Florida Everglades as if it and its court of smaller palms were ruling this beautiful land of God's creation. From a distance the smaller palms and plant life surrounding "His Majesty" seem to be forming a throne upon which he rests his graceful fronds.

The cooling summer breezes coming from the South have crossed many miles of beautiful land to ripple the graceful fronds of this majestic tree. Where these breezes come from "his majesty" knows is the Gulf of Mexico and the warm waters of the Gulf Stream. From these waters comes the tarpon, sometimes known as the "Silver King," to play among the roots of the Mangrove trees that make up the Southern border of "his" Everglades. In the spring this King of Fish travels many miles up the num-

erous rivers and creeks to spawn and raise its young. Then is the time when "his majesty" knows the fisherman will be out to push his way up the mangrove-studded rivers to the place where these silver fish are spawning and try to catch himself a "record".

As the breezes ripple through "his" fronds "his majesty's" thoughts turn to the North where the beautiful waters of Lake Okeechobee form the Northern boundary of "his Kingdom." Named by the Indians many, many years ago, the Lake is the second largest fresh-water lake in America. In its waters, are the smaller fish. The large-mouth black Bass is acclaimed by sportsmen as being the wariest of fresh-water fish.

Each year many millions of dollars are spent in pursuit of this member of the "Glades". Not to be left out, the speckled perch, shell cracker, and bream take their share of the "sports" money each year.

The beautiful waters of the lake

cool the breezes and send them in a new direction to the East over the rich farmlands around Belle Glade to the Atlantic Ocean and the fabulous "Gold Coast".

Built along the Eastern boundary of the Glades and the white sands of the Atlantic coast this enormous gang of hotels, motels, and night clubs each year bring thousands of people within a few miles of the beautiful Everglades. But with all this natural beauty so near, these fugitives from the North isolate themselves in the artificial beauty of night life.

Now as the sun starts its slow plunge toward the Western horizon, this great tree thinks of "his Kingdom" to the West. As the sun sinks lower on the horizon the Great White Ibis leaves his feeding on a small pond to start a flight of beauty and color against the orange sky.

As the sky to the West deepens in color and gains beauty, the creeks and ponds around "his Majesty's" throne produce the deep-throated croaks of the bullfrog, and the splash of fish feeding upon the surface of the water. With a splash of the water, a large bull-gator starts his nightly hunt for food. On the banks, coons and other animals drink contentedly before starting their nightly prowls. Far away "his Majesty" hears the cries of a fox as he struggles for his life against the claws of a cat, and "his Majesty" knows nature is taking another life in "his Kingdom", the Everglades.

Pat Brackett Plans Career As M.D. Asst.

Pat Brackett, a neat-looking junior of Hialeah High School, is a Majorette. Pat says, "I was pretty

lucky to be able to get in the Majorettes the first year I was at Hialeah, and it took a lot of work."

Pat was born in Portland, Maine, and attended South Portland High School until her sophomore year; then she moved to Hialeah, Florida, and has been here ever since.

Pat's hobbies are swimming, ice skating. Pat says she likes to skate but can't do very much in this hot weather. She is a member of Honoria and this takes up a lot of her time.

Mr. Bob Eskew is her favorite teacher but her favorite subject is typing. The song she likes is "I'm Just a Dancing Partner".

Pat plans to be a medical assistant. She hopes to graduate from Hialeah next year but is undecided about what college to attend. Pat is 5' 5" tall, brown hair and blue eyes. Boys! Pat doesn't go steady, but those pretty blue eyes are blazing.

Hialeah High Record Joins Quill and Scroll

The Record proudly announces its new membership in Quill and Scroll, the International Honorary Society for High School Journalists. Mrs. Miller, the Record staff's instructor has received the necessary data: the constitution, rules, and membership entries. The charter has also been received.

Quill and Scroll is a nationwide organization which functions to serve the individual staff member, apart from his associates, by recognizing his particular talent and ability.

Membership is selective, with only the best students in journalism being selected. The requirements are:

- (1) They must be of at least Junior standing.
- (2) They must be superior in journalism or other creative endeavor.
- (3) They must be in the upper third of their classes.
- (4) They must have the advisor's recommendation.
- (5) They must be approved by Quill and Scroll.
- (6) They must have at least 1,000 published lines in the Record.

Official pins with the Quill and Scroll insignia, membership cards, and the Quill and Scroll Manual are supplied to all members for a nominal cost. No dues are collected.

Initiation of new members will be held sometime during April.

Convention Held On FSC Campus

Four Hialeah High students were among those attending the Florida State Future Teacher of America Convention held on the campus of Florida Southern College.

The convention convened on the second and third of this month. Divided into four committees with students from each school attending, at one time or another each committee, discussions were held among club members. Other activities included a banquet and tour of the campus.

The Hialeah delegates left with club sponsor, Mr. David McDavid, for Lakeland, Florida, the site of the Florida Southern College, at Thursday noon.

Those present from the Hialeah delegation were Lynne Merrill, April Bachart, Gayle Fetterman, and Yvonne Pierce.

Mr. McDavid stated that the club has opened membership to any student interested in teaching as a career.

Wayne For Vice-Prexy

Division 11, Dade County Key Clubs endorsed Wayne Arnold for the state nomination of Key Club vice-president of the International Key Clubs.

Phil Shouse, of Jackson High School, who is Wayne's State Campaign Manager, spoke in behalf of him at the meeting. Phil stated that he had complete faith in his ambition and leadership. "Ever since I've known Wayne," said Shouse, "he has always been willing to work on any worthwhile project."

Another of the leaders of the Division spoke up after Shouse and stated that he had seen him in action and he as a Key Clubber would be pleased if his candidate were to be elected vice-president of International Key Clubs.

After receiving the division's backing Wayne stated that this was just the first step up the road to a successful campaign. He plans to attend the State Board meeting of Key Clubs and ask them to endorse him as the division has done.

Tri-M Pledges New Members

Tri-M, otherwise known as Modern Music Masters, are in the process of initiating their pledges. They require the pledges to wear a huge red musical note around their necks.

When a member meets a pledge, he requires him to recite the club's preamble. If the pledge fails to recite correctly, he is given demerits. Ten demerits and the pledge finds himself out of the club.

Modern Music Masters plan to undertake a project of service. In the near future they will visit the Children's Cardiac Home to give them some pointers on their musical instruments.

There are two sets of officers in the music organization; one for the members and one for the pledges. Officers for the members include David Frazier, President; Sylvia Buck, Vice President; Lou Ann Pollic, Secretary; Becky Haslett, Treasurer; and Judy Scholtz, Historian. Pledge officers are: Butch Harvey, President; Clinton Thayer, Vice President; Judy King, Secretary; and Katherine McGee, Historian.

Club sponsors include Miss Lillian Meyer and Mr. Bill Inglis.

Hi-Notes From Hialeah

By MARCIA ANN NEWTON

Fashion Notes: Wow! Have you seen Alta Whipple lately? Perhaps you have but have you seen her in that dress that was sent to her by one of her friends in Japan? It is certainly very beautiful. It's of turquoise silk and black velvet with slits on the side Alta just adores it and so does everyone else. Besides, this lovely blonde appears to be gorgeous in anything. By the way, Alta is now considered a photographer's model and has done some modeling in photography.

MARCIA

Pretty Carolyn Nicholes has earrings everyone is always commenting on. In case you didn't know, Carolyn happens to be a singer, or shall we say, it is to be her ambition.

Loretta Rompot and Maxine Gil-

and in the process they ended up buying the same outfit only in different colors. Loretta's is a light blue and Maxine's is of yellow. They liard went to town one day shopping wear them on the same day, just for the fun of it. The outfits are very cute on them.

Parties: On March 17th, Saturday, two parties were given. One of which was given by Janette and Janenne Wills. It was a St. Patrick's party, in which everyone had to wear green. Some of those who came were Johnny Hastings, (Janette's boy friend), Bill Tero, (Janenne's boyfriend), Theresa Notarianni, Rudy Baumann, Joann Realmuto, Skip Robson, Virginia Beasley, Ralph Morris, Lynn Wright, Gerry Thrasher, and oh so many others.

The other party that was given was done by Pat Alcorta like a birthday party.

Nicknames: Sandra Pariseau is now known as "Pokey" because she seems to be very slow. Jean Dulin is known as "Hambone", why, I'll never know. Patricia Grover is known as "Tish", which you have probably seen in the H.H.S. paper. Andrea Christopher is now known as "And."

What's in A S. C. Prexy?

By KAY ANDERSON

What's in a Student Council president? Is the question for today.

Wayne Arnold 10-15: "A person of sound and unquestionable leadership qualities, which will produce a president not afraid to think for himself, above reproach when pressure is being put on him. Second, a president who will not be swayed by opinions of unnecessary cliques. Last a person with the finest of concern for the complete student body and a president who will promote ideals of service to the student body."

Ray Charles 11-9: "I think that the president of the Student Council should have high moral standards, good leadership, hold the respect of all students, should not be afraid to speak up for what he thinks is right, under any and all circumstances. I also believe that grades, especially scholastic grades should not enter the picture. Also in a president there must be a burning desire to work for the students. This I feel has never been accomplished before."

Ailon Hall 11-10: "Someone who is not afraid to stand up for his and his fellow students' rights. Someone who will work for the school and students both."

Sandy Moshanko 11-7: "Someone who is dependable, trustworthy and who will look out for both the students and the school and will help keep our reputation up."

F. Jerry Coleman 11-3: A student council president should consist of four requisites: incentive, compatibility, ability, and the fourth, the most important, the desire to work for the benefit of the school, not for the president. However, much to the misfortune of justice, these requisites are abandoned frequently for popularity."

Barbara Hedrick 10-2: "I think the student council should have a president who will benefit the school in all actions not being misled by others of controlling force."

Chorus Takes Part

Intermediate chorus students from Interdepartment visited North Miami Junior High to take part in the Dade County Jr. High Vocal Festival on March 17. A chorus of 125 presented two numbers.

After a tour of the numbers and dinner, a recreation period was offered.

At seven o'clock, the evening program began. The program included ensemble and choral selections and was given for the benefit of friends and relations. In the latter part of the program all of the choruses (about 700 students) joined in a massed chorus.

Key Aeronautical School Declared Huge Success

When 70 students at Hialeah High School signed up for the second annual Key Club-Kiwanis aeronautical school, they probably didn't expect it to include an airplane trip, but when the huge "729 Conny" took off from International Airport last Saturday seeing was believing.

The four-engined Constellation taxied down the runway at about ten o'clock and was in the air four minutes later. The plane, which belongs to Eastern Airlines, made a circle around the field and then headed east. A short hop around Key Biscayne headed the Conny north again. The eleven-hundred feet altitude provided an excellent view of the Gold Coast.

The airplane trip was the last of four field trips in the various branches of aviation. The first was a tour of the C.A.A. Control tower at the airport. On the following week the group was shown how the Port Authority "crash-crew" operated, and the third event was a trip to the Air Force base at M.I.A.D.

Students were permitted to go to the cockpit door for a look into the "nerve-center" of the plane. Mr. Frank Slaughter, Eastern's representative, explained some of the functions of the huge liner.

Highlight of the flight was when the pilot made a complete bank around Hialeah High School. This

fete entertained at least 69 of the passengers, but guest no. 70 said that seeing the school "spoilt his whole week-end." Wonder why?

John Kolodgy and John Bartlett, the students who planned the event, both agreed that the "school" was a huge success. There will probably be another school similar to this one in a few weeks. This second school will be for the lower grades.

Conference Day Approved by All

The day of Friday, March 23, was the date set aside for the semi-annual Parent-Teacher conference.

This conference served several different purposes; the main ones being getting the teachers acquainted with parents, and vice-versa, to create an understanding between parent and teacher, and for parents to check the progress being made by their sons and daughters.

The conference lasted a regular school day, from 8:30 to 3:00. The conference operated on the same basis it did last year.

The last conference was seemingly a big success, and was highly appraised by both parents and teachers alike. Students, however, didn't seem to think much of it.

This conference was just as big or a bigger success than the last time.

Dance Band, Rich---Almost!

Hialeah's newly formed Dance Band under the supervision of Miss Lillian Meyer has displayed their talent by playing for various dances sponsored by clubs within the school at \$25.00 a performance.

Members of this organization are not necessarily just Band members, students from orchestra and Modern Music Masters. These members include: Eddie Midgette, Butch Harvey, Richard Brice, and David Goodwin on trumpets and coronets; Katherine McKee and Linda Henley on clarinet; Slug Harvey on tenor Sax; Danny Thomas and Merle Osborn on trombone; Albert Lee on drums; Judy Ergle and Carolyn Neel on flute; David Frazier on bass fiddle; and Lou Ann Pollic on the piano.

This organization has played for the Nautical Ball sponsored by the Anchor Club and the Leap Year Dance put on by the Choral Department.

If you have not already heard this organization play, do so soon and receive a real treat.

Leap Year Hops

The Choral Department sponsored a "Leap Year" dance held in the cafeterium on March 9. The donations went for blackout curtains for the choral room.

A beautiful floor show was given by choral students. Performing were Gene Vought, Lou Ann Pollic, Diane Smith and Ronnie Cyril. Fred Steel was master of ceremonies.

The students enjoyed dancing to Miss Lillian Meyer's dance band. A prize was given for the most fascinating vegetable corsage, which belonged to Roger Averile.

SECOND CAREER DAY

(Continued from page 1)
rooms with their homeroom teachers. A planned program for this hour will be set up for these grades by Mr. Bob Mohr, chairman Jr. High program.

From 9:35 to 11:45 the Jr. High girls will report to the gym area. The Jr. High boys will report to city auditorium for a planned program there.

There will be no regular classes taught on Career Day in either jr. or sr. high, thus freeing teachers for other activities.

At 11:45 to 12:25 the junior high girls will report to cafeteria for lunch. This will give about forty minutes for lunch. The following teachers will assist students eating and proceeding through the cafeteria.

At 11:10 to 11:50 the junior high boys will report to cafeteria for lunch. Those teachers assisting in this group is scheduled to be Mr. Sheldon, Mr. Sampson, Mr. Crutchfield, and Mr. Moore.

At 11:50 to 2:50 boys of the 7th and 8th grades are to report to gym area for planned program. Mr. Sal Susi will be in charge of the boys' physical education department.

The junior high girls at 12:25 to 2:45 will report to the City Auditorium for a planned program. Mrs. Cooper will be in charge.

At 2:50 to 3:00 all junior high students will report to homerooms for roll check. All teachers will make a thorough check on students. If any students are absent their names will be sent to the dean's office.

The senior high program will include the 9th, 10th, and 11th graders. At 8:15 to 8:30 there will be the usual homeroom proceedings except that teachers will pass out to the students their Career Day schedules that will be kept by the students for the purpose of following their schedules throughout the day. Also, students will receive Career Day badges, which will have the printed names of the students on them.

At 8:30 to 9:40 students will report to the City Auditorium in homeroom groups and will sit in the sections marked off for them with their teachers. Hialeah Police and Road Patrol will be on hand to control all traffic and insure safety.

At 9:50 to 10:35 the students will return in the same fashion, to the school building, where they will separate and go to the Career listed for 1st period on their individual schedules. Second period will be from 10:40 to 11:30; third period will be from 11:35 to 12:30 and at 12:30 to 1:14 the group will have lunch in the cafeteria. It is expected that many distinguished guests will be in the cafeteria at this time. The lunch period will last 45 minutes.

1:20 to 2:05 will be 4th period and 2:10 to 2:50 will be fifth period.

From 2:50 to 3:00 the senior high students will return to homerooms.

The schedule of speakers for this activity have not been released, but will follow something of this pattern having Mr. Pease address the assembly group in the auditorium and Mayor Milander also addressing the group. There will be an outstanding and distinguished guest speaker from the University of Miami who as Miss Chick describes is the best. There will also be an editor of Life Magazine to speak on photography.

Exactly What Is The 'Practicum'?

Many of you here at Hialeah High do not know exactly what the "Practicum" is. You have heard of it from teachers. You have heard it from Students and over the public address system. And you have seen it around school, on bulletin boards, in bulletins, and here in the newspaper.

Since this is the case, this story has been written for informing you, the pupils of this school.

The "Practicum" is a group of committees, that are comprised of teachers, students, and parents. The sheets that were given out grading parents and your home life are direct results of the "Practicum". These committees were established to set up programs and to rate the school, so any faults may be found and corrected before they are accredited next November by a committee representing the Southern Association of Secondary Schools.

Accreditation is important for the school, for if the school is not accredited when the visiting representatives grade the school and community, the graduates who wish to enter college must take an entrance exam first.

On the "Practicum" committees is at least one teacher who is not a teacher of the subject being discussed, and therefore they are able to gain an unbiased view of the problems concerning the subject.

Every member of the faculty is a member of either a major or minor committee.

How are the members chosen? The Student Council helps select the student members, and the Parent Teachers Association selects the parents.

A dry run evaluation, during which there will be student teachers will be held this spring as a practice before the real thing to see exactly what is needed before the fall of next year.

S. C. Elects Veep

By F. JERRY COLEMAN

Due to a pressing schedule of school work, the vice president of the Student Council, Pat Claar, has had to resign her office. Officers incumbent of the council say that Pat has done a meritorious job while she was in office. By protocol, the secretary, Linda Thomas, has been appointed as the new vice-president. The Council voted unanimously for this procedure.

The Council is planning to buy two small signs for the purpose of menus and other information for the use of the student body.

The Council has voted to allow \$200.00 to be applied for a large outdoor sign which they plan to place on the northeast corner of the school campus. In approximately two years, the council will have adequate funds to purchase this sign.

Little has been done at the last meeting on the passing of the Constitution, because of the extreme lack of time, and the eleventh grade testing program. Consequently, Thomas Heaps, student council advisor, has felt it necessary and auspicious to have occasional night meetings of the Council. The Council agreed with his idea.

The president, Dennis Baker, informed the Student Council that he, Francis Rushing, and Mary Buchanan had not attended the National Christian-Jew Conference, so that they could save the Council \$4.50.

Summer Chorus Is Planned

Mr. Inglis is planning a "summer chorus class." It will be opened to all junior and senior high students. Whether you have chorus now or not, if you are interested notify Mr. Inglis after school in No. 125. This class will be opened from June 24th to August 5th.

From the Newsfront

By BILL HOY

Crime Takes A Holiday: One day last fall crimes in Manhattan dropped from the usual fifty to sixty new cases down to twenty cases—a ten-year low for the city. The reason: The World Series was on.

Gesundheit!: Have you noticed that it's impossible to sneeze with your eyes open?

And It Shall Follow: "Do it Yourself" is a six billion dollar a year business today. Portent of things to come is this sign seen on a truck: "Do It Yourself Undoers, Inc."

The Cool And The Uncomprehending: Sigh over editor's desk: "If you can keep your head while others around you are losing theirs, maybe you just don't understand the situation."

For Sale Signs In The Blue Yonder: At least two men have applied for licenses to sell land on planets, asteroids, and spaceports. The applicants seek certification as space realtors.

Vacations For Convicts: Swedish prisoners get three day's leave four times a year. These brief intervals of freedom are credited with boosting morale.

They Play By Ear: Perhaps one of the most poignant stories in the UNESCO files is that of a group of blind children who play football, guided by the tinkle of a tiny bell inside the pigskin.

Hobby Display in 719

Mr. Dolan's home room 719 has put up a new display in their window. The display will be based on Hobbies. The hobbies and sand painting, coins, wood, and stamps. The class chose a committee to arrange things.

Girls Play Jackson

Hialeah and Jackson tangled in an intra-mural softball game, held at Jackson High, Friday afternoon, March 2.

From the girls who are playing softball after school two teams were picked to represent Hialeah in an intra-mural softball game.

Jackson came out a winner by one point in the first game. The score was 2 to 1. The following girls made up the team: Jean Costello, Pat Doll, Barbara Hayden, Carol Todd, Jeanne Miller, Sally Sargent, Linda Lundbloom, Pat Harris and Elaine Lucardi.

The second game ended up in a tie score 5 to 5. At the end of five innings the score was 3 to 3. So they decided to play two more innings, the score still coming out a tie 5 to 5. It was so late the girls had to call it a game, and prepared to go home.

HIGH HONOR ROLLS

(Continued from page 1)

Connee Young, James Simon, 7-5; Geraldine Borawski, Judy Luck, Paul Schvenfeldt, 7-6; Frances Fulkner, 7-7; Tom Ellis, Katylee Shunk, 7-8; Marie Kowall, James Little, 7-9; Sharon Joiner, Diann Henderson, Ruth Boles, Charles Hester, 7-10; Carleton Craig, Larry TenBrink, Carol Wilson, 7-11; Larame Pelezniski, Nancy Price, 7-12; Kerin Marahan, Kathleen Callaghan, Jean Benton, Eugenia Bacan, 7-13; James Allard, Sandra O'Connor, Carol O'Chancarina, Robert Starling, 7-14; Lois Alexander, Karen Feldman, 7-15; John Abbott, Betty Anderson, April Bachert, Wayne Conger, Eugene Godsey, 7-16; Arthur Williams, 7-18.

Eighth Graders Named

On the list were these eighth graders: Charlene Beckerman, Sandra Huff, Charles Pendleton, Lambert Tymes, Robert Calarito, Ronald Hines, Donna LaGuard, 8-1; Wayne Bridges, Rona Levine, Virginia Deamara, Lamar Taylor, Fred Thompson, 8-2; Donna Ashling, Diana Jones, 8-3; Patricia Curtis, Patricia Deese, Francine Epstein, 8-4; Ruth Ann Elliott, Barbara Allison, George Drummond, Gloria Weatherford, 8-5; Drucilla Givin, Bonnie Clements, Donna Binstein, 8-6; Rosemary Read, Peter Fryatt, 8-7; Charlotte Burdick, Jackie Weede, Benita Rosenbury, Roy MacKintosh, Beverly Schiffer, Sandra Kracnyk, 8-8; Eula Love, 8-9; Sondra McLaughlin and Mason Robertson, 8-10.

Ninth Grade Scholars

Ninth grade honor students are Dorothy Arrington, Paul Donaldson, Eleanor Foster, Ann Spisargin, 9-1; Ruth Lowden, Cynthia Cone, Barbara Brown, Patricia Sams, Sandra Weigand, Barbara Wilowski, Dan Harbolt, 9-4; Sherry Dunn, 9-5; Carolyn Pritchard, Janice Vangies, Linda Steinerwald, Eileen Lahman, 9-7; Fredrick Ararros, Susan Kraft, Randal Bacon, JoAnn Broda, 9-9; Thomas Bowen, Gay Kirchenplod, David Mower, Marjorie Osterburz, Diane Parham, Albert Pariseau, 9-10; Andy Sullivan, Robert Grey, Milte Rich, and Robert Egan, 9-11.

Tenth Honor Roll

Tenth graders swelling the numbers on the roll are Anita Bartlett, Charles Chambers, 10-2; Warren Smith, 10-3; William Spruce, Jesse Dennis, Benjie Lebow, Marlen Pritchard, 10-4; Kathleen Coyle, 10-5; Betsy Stoinoff, Joyce Adams, Virginia Beasley, 10-7; Carolyn Collins, Sharon Golden, Donna Gibson, Rebecca Haslett, 10-8; Katie Emory, 10-10; Eleanor Fround, Patay Ann Harris, Sharon Miller, 10-11; Janice Beaucage, James Curran, Lawrence Deets, Marilyn Jones, Richard Kilmer, Cecilia Livingston, 10-13; Patricia Driedzie, 10-14; Tony Davis, Eddie Midgett, Harry Kolsch, and Richard Thirpin, 10-15.

Juniors Complete Roll

Juniors who completed the honor roll are Judy Scholz, James Killough, Bruce Ickes, Mayo Holmes, Judith Freeland, Leonard Pardub, 11-2; Faye Bacon, David Frasier, 11-3; Gail Shaughnessy, Lynn Merrill, 11-4; Shirley Bacon, William Hoy, 11-5; Ed Harvey, Katherine McGee, Danny Thomas, 11-6; Marilyn Martin, Dorothy Piehler, Jean Smith, 11-7; Joy Jesse, Fay Rotella, Linda Thomas, 11-8; Elaine Conger, Terry Jackson, Sandra Noel, 11-9; Helen Cavalier, 11-10; Danny Harris and Joe Wall, 11-11.

Hialeah Makes A Good Showing But Loses Tourney

Run to first! Steal home! These were some of the things shouted at the Junior High Softball Tournament held at Moore Park, Friday, March 16.

The following schools participated in this tournament: Robert E. Lee, Miami Jackson, Horace Mann, and Hialeah. Hialeah played host to all the schools.

In the first game, Hialeah's "B" team played Lee's "B" team, Lee winning by one point, 16 to 15. The first inning Hialeah's playing was not up to usual standards. During the next three innings, the playing of both teams picked up considerably.

The second game featured Hialeah's "A" team against Jackson's "A" team. Jackson won this game 10 to 7. Hialeah showed terrific playing ability all through the game.

Hialeah's "B" team played Jackson's "B" team with Jackson coming out on top 14 to 7.

The most exciting game of the afternoon was Hialeah's "A" team defeating Lee's "A" team 7 to 6. Hialeah was losing by one run in the final inning, with Hialeah up to bat. Dot Hood hit a ground ball into left field and made it to first. The fielder threw high to second and Dot stole all the way to home. The run tied the game. Ruth Lowden hit a home run putting Hialeah ahead by one point, and the game ended with that margin.

the school for fall term. Some said the workers wouldn't have it ready in time; others had confidence and said there would be plenty of time to finish it.

Late in August work was still going at a rapid pace. Speculation rose among the people as the month of September was only a few days away. Even before the painters had finished work, men began moving equipment in. All new desks were put in every room in the school. The Physical Education Dept. received a complete set of lockers for both the girls and the boys. The chemistry dept. (although wasn't put into use until this year) was completely outfitted. Floors were waxed and windows were washed so everything would be ready for opening day.

On September 2, 1953, all work was completed and the school was ready for occupation. At long last, Florida's fastest growing city had what it had waited so long for. At last, a dream come true. Hialeah had a senior high school.

Next Week—THE BIG DAY

REPORTERS TELL (Continued from page 1) one of the board meetings, when the question of a name arose, someone had suggested the name be Central High School. This person said that since the school would be in the center of the communities it would serve, the appropriate name would be Central. The name went over like a lead balloon with the students of Hialeah Junior High School. It was not more than a week before the B.P.I. received several petitions protesting this movement. For several weeks the petitions poured in. Finally the board gave in, and the name was changed to Hialeah High School.

During the summer of '53, construction was stepped up to ready

GAA Meeting Is City Wide

A city-wide GAA (Girls' Athletic Association) meeting was held at the Hialeah High School gym Tuesday evening, March 13.

Edison, Miami Jackson, Coral Gables, Miami High and Hialeah high schools each had ten members representing them. Hialeah High was in charge of the refreshments and all the other schools had something to furnish, too.

The girls played games, had relays and played volleyball. All these games were played with a mixed team, a certain number of girls from each school.

The ten girls from Hialeah High were: Frances Rushing, Mary Buchanan, Jean Smith, Annette Pritchard, Diana Wright, Beverly Martin, Margaret Diehl, Carol Rallinson, Pat DeVito, and Dot Piehler.

Archery Keeps Robin Hoods Busy

"Robin Hood, Robin Hood, riding through the glen . . ."

Robin Hood had nothing on Miss Delores Jordan's 6th Period Gym Class.

Have you seen them since they've been studying archery? You have? Oh, so that's why you're hiding behind that tree?

These pint-sized William Tells do quite a job handling those bows and arrows. They not only shoot but they have learned to string and unstring the bows and how to cock the arrows.

Wouldn't Robin Hood have liked to have them for his "band of men"?

I Found These Names

John Starkey, tenth grader, found the following "famous names" in the student directory:

- John Marshall—former Chief Justice of Supreme Court.
- Robert Page—movie star.
- Jane Russell—movie star.
- Jay Gould—former Secretary of the Treasury.
- John Jones—founded the U. S. Navy.
- John Booth—killed Abe Lincoln.
- Mary Todd—Abe Lincoln's widow.
- William Sutton—famous bank robber.
- Richard (Dick) Powell—movie star.
- Robert Young—movie star.
- John Adams—second President of the United States.

Tournament Is Held At Curtiss Park

The Senior Softball Tournament was held at Curtiss Park, Tuesday, March 23.

South Dade, Coral Gables, Miami High, and Hialeah High Schools were the schools participating in this tournament.

The following girls were on the school varsity:

Francis Rushing, Mary Buchanan, Carol Todd, Pat DeVito, Carol Williamson, Penny Stanley, Jean Smith, Diana Wright, Beverly Martin, Pat Doll, Nanette Allard, Charlotte Zeletes, Jean Costello, Nancy Hitchcock, and Pat Harris.

The results of this tournament will be published in the next issue of the Hialeah High Record.

Hialeah Seventh As Edison Wins Relays

Hialeah's varsity track team made a good showing in the Miami High Relays at Moore Park last week.

Miami Edison won the meet for the fourth straight time, and the seventh in the last nine years.

A crowd of 1,200 fans watched 13 teams battle it out on a wonderful evening for any sport.

Ft. Lauderdale edged out most favored Miami Hi for second place. Hialeah placed seventh behind West Palm Beach, Coral Gables and North Miami.

Hialeah got together a second place, three thirds and a tie for fourth for a total of 26 points. The second place was taken in the two-mile relay which was won by Miami Edison. Hialeah's team consisting of Ray Morris, Don Bender, Andy Lapicola, and anchor man Ralph Morris ran along with the Red Raiders all the way. Both teams raced steadily until the last 150 yards when Edison's Bob Smith literally tore up the track to set a new meet record. The time was eight minutes and 48 seconds.

Ed Gray placed third in the 180-yard low hurdle race which was also won by Edison. Hialeah also placed third in the shuttle relay and distance medley relay. They tied for fourth with North Miami in the 880-yard relay.

Three other meet records were broken, one in the broad jump where Dale Moseley of Edison outjumped Miami High's Frank Lloyd. The

winning jump was 21 feet 11 1/4 inches.

Fort Lauderdale captured the other two records in the mile team race and mile relay. They got together 12 points in the team race and Ronnie Colquitt was clocked in 4:48.01 and the relay was run in 3:38.3 which was four-tenths off the old record set in 1952. There was a very close finish with the Red Raiders in this race.

Hialeah, Coral Gables and Miami Jackson were battling for sixth place all through the meet and North Miami's Pioneers sneaked up with a third in the mile relay to beat the Thorobreds and Jackson. Gables finished strong in the last few events.

The Thorobreds showed a lot of improvement over the team that entered last year from this school. Last year was the first season for track in Hialeah and they gained only 8 points in the same meet.

Here is the rundown of points that each item scored at the meet. 1. Miami Edison, 63 1/2; 2. Fort Lauderdale, 55 1/2; 3. Miami High, 52 1/2; 4. West Palm Beach, 43 1/2; 5. Coral Gables, 33 1/2; 6. North Miami, 28 1/2; 7. Hialeah, 26; 8. Miami Jackson, 22 1/2; 9. Miami Beach, 16.

Four schools failed to score a single point even though they entered contestants—Archbishop Curley, Seacrest of Delray Beach, McCarthy High of Fort Pierce, and Central Catholic of Fort Lauderdale.

180-Yard-Low Hurdles: Won by Hogan, Edison; 2. Goodman, Jackson; 3. Gray, Hialeah; 4. Needles, Lauderdale; 5. Lee, Jackson. Time, 21 flat.

100-Yard Dash: Won by Martin, WPB; 2. Blanchett, MHS; 3. Windham, Edison; 4. Reed, Lauderdale; 5. Shaffer, Jackson. Time, 10.2.

Mile Race: Won by Lauderdale, 12 points; 2. N. Miami, 26; 3. Edison, 33; 4. Gables, 39; 5. MHS, 49. Time 4:48.01 (Colquitt, Lauderdale).

Sprint Medley: Won by WPB (Hinson, Bigbee, Booth, Martin), 2:06; 2. M. Beach, 2:06.35; 3. Lauderdale, 2:07.1; 4. MHS, 2:07.9; 5. N. Miami, 2:08.5.

880 Relay: Won by WPB (Hinson, Ham-bright, Booth, Martin), 1:35.5; 2. MHS, 1:35.9; 3. Gables, 1:36.6; 4. tie between Hialeah and N. Miami, 1:36.9.

Mile Relay: Won by Lauderdale (Anderson, B. Reed, Maher, Smith); 2. Edison; 3. N. Miami; 4. MHS; 5. Gables. Time, 3:38.3.

440-Yard Relay: Won by MHS (Pinder, Knighton, Lloyd, Blanchett) 45.8; 2. Palm Beach, 46.2; 3. Gables, 46.5; 4. Edison, 46.6; 5. N. Miami, 46.65.

High Jump: Won by Wadsworth, Gables, 6-1/4; 2. tie between Harrington, Jackson, and Moseley, Edison, 5-11 1/2; 3. Storey, Jackson, 5-9; 5. tie between Smith, MHS, and Cosimini, Edison, 5-8.

Pole Vault: Won by Wadsworth, Gables, 11-6; 2. tie between Cranon and Berni, MHS, 11-3; 4. eight-way tie at 11 feet.

DISCUS: Won by Moorman, MHS, 144-7 3/4; 2. Miranda, N. Miami, 48-9 1/2; 3. Bob Snyder, Jackson, 37-6 1/2; 4. Slack, WPB, 46-9 3/4; 5. Durrill, Gables, 46.1.

Broad Jump: Won by Moseley, Edison, 21-11 3/4; 2. Lloyd, MHS, 21-6 1/2; 3. Coffey, Lauderdale, 20.8; 4. Kelly, Edison, 20-3 1/2; 5. Hearn, Lauderdale, 20-3.

Shuttle Relay: Won by Lauderdale, (Zufelt, Needles, Bryan, Coffey) 1:08.3; 2. Edison, 1:09.2; 3. Hialeah, 1:10.25; 4. Jackson, 1:10.3; 5. N. Miami, 1:10.5.

Distance Medley Relay: Won by Edison (Smith, Quick, Pratt, Nelson); 2. M. Beach; 3. Hialeah; 4. Lauderdale; 5. N. Miami. Time, 3:47.5.

Two-Mile Relay: Won by Edison (Coo-ney, McClun, Engel, Smith); 2. Hialeah; 3. Lauderdale; 4. MHS; 5. Gables. Time, 8:48.

FLYING THOROBRED ED GRAY sprints over the finish line almost two hurdles ahead of his opponents.

HIALEAH SPORTLIGHT

By DAVID RYAN

TOURNAMENT TALK

Although Hialeah was beaten in its first game in Gainesville, one of the other teams from the area, Miami High took the class AA championship for the third straight year. This was Hialeah's final chance to play in the Class B tournament. Chances are Hialeah will be a Class AA school next year. This has not been clarified yet.

I am sure that the Thorobreds would have had a little more spirit in the tournament if the high-spirited cheerleaders had been allowed to go along. The reason is not known why they were not allowed to go.

Some of the basketball players that went to Gainesville had a real jazzy time in their hotel room. They were right across from the campaign headquarters for one of the Democratic candidates for president. The secretaries in this office are said to have played rock and roll songs all day.

Hialeah had one player on the all tournament team, that being Jerry Askowitz.

In the last two weeks Hialeah's track team competed in two of the largest meets of the season. The Miami High relays drew 12 teams from South Florida and the University of Miami Relays had almost 30 teams competing. Both meets were huge successes.

Ed Gray seems to have a habit of

being high point man for the Thorobred team in their meets. Even though the Thorobreds didn't win two of their earlier season meets, Gray was high point man for the meets.

DODGIN' THE DIAMONDS

On the baseball front, Coach Charley Wychunas has received pitcher Skip Van Luit for the second straight year. Skip had just finished the basketball season with a bad ankle.

Don Goodman, who was injured during the basketball season, is out for practice but it is doubtful whether he will see much action this year. He was a crack pitcher last season.

IN THE LOCKER ROOM

Mr. Quaranta's class had some of the gymnastic teams participants in his class and they supervised the different stunts during the class's two weeks of gymnastics. Those supervising were Duke LeGaudier on the high bar, Roger Whitaker on the mats, Eddie Metzger on the rings and Howard Koepka also helped with the rings. Ernie Gilbert worked with the boys on the parallel bars.

The Hialeah Physical Education department is having individual stunts to see what athletic ability the boys of this school have. All boys taking Physical Education at Hialeah High is required to do this. Some have had them already, but if you haven't, be prepared. You will not be graded in respect to a six weeks grade, but you will be graded on your athletic ability. These stunts will not affect your grade. Teachers just want to find out if you are a contortionist or not.

Hialeah Bows to Mayo in Tourney

Led by a basketball star by the name of Ben Hooper, Hialeah was defeated by Mayo in the class B State Basketball Tournament 65-61.

Hialeah having already lost Don Goodman and Bill Willingham two top scorers which could have meant the rise or fall of Hialeah, they then lost Dick Van Luit, their top scorer for almost half the game when he twisted his ankle, with 1:30 left in the first quarter.

Hialeah was leading when this happened by a 13-12 score, but with Van Luit gone that lead soon dwindled. Two foul shots by Vasco Koon made it 13-13 Mayo, at the period break.

Larry Wood knotted the count with a free throw and Dick Kratoch added two more free throws to hoist the Thorobreds back on top 16-14.

Mayo immediately perked up and made 14 points against one made by Jerry Askowitz, that netted a 27-24 cushion, which collapsed to 29-27 at halftime largely due to two buckets dropped by Krtausch.

A 26-12 edge in the third quarter action definitely enabled Mayo to saddle the Thorobreds with defeat. Versatile Ben Hooper bagged exactly half of these counters.

Hooper, a 6-2 senior with college potential, hit for 27 points and snared 14 rebounds before fouling out 4:45 from the game's conclusion.

But he gave an impressive display of ability before he left.

Besides blocking shots by the shorter Hialeans, Big Ben tapped in goals, laid 'em up connected with a jump and set with smooth efficiency.

Dick, his ankle bandaged and with

one leg almost useless, re-entered the game with six minutes remaining in the third quarter.

Running at half speed Dick still led the losers with 13 points three more than Krtausch, but Krtausch, only a ninth grader, pawed the most rebounds, 10.

Thus was thwarted Hialeah's first and last chance at the Class B cage championship. As soon as the school adds a 12th grade this fall, it will jump to AA.

PICTURED HERE JOHN GRIMES is practicing his peg back to the mound at the Thorobred's practice session.

Hialeah's Second Baseball Season Under Way

Hialeah's second baseball season is well under way as the Thorobreds meet Miami High for their third game of the season.

Coach Charles Wychunas and Coach Harry Walton have worked their boys hard for this coming game. They state that the condition of all the boys is good and they are all hustling for starting positions.

The players which Coach Wychunas thinks have improved this year or have shown that they are good enough for starting positions, are:

In the infield Coach names Paul Donaldson and Dave Williams third base and shortstop respectively. These two 9th grade boys are showing a lot of promise and hustle this year. Bruce Walton and Billy Smith, two returning lettermen this

year are fighting for a position at second base but neither knows who will start.

To do a lot of the stick work this year is Ed Little, first base, and last year's captain, to help in the clutch.

John Grimes, starting catcher for Hialeah, has a lot of competition from Charles (Tank) Maples, a 9th grader who is also out for the same position.

The expectants on the mound for Hialeah High this season is strong with Dan Kavanaugh letterman pitcher who is in good shape, and will probably pull a lot of games out of the fire. Also Jim Dixon has improved much over last year—mostly with his fast ball—and should be able to help a great deal this year.

Skip VanLuit who last year played shortstop will be changed to the mound and should help in the hard schedule. Don Goodmen, who recently was seeing the doctor, has just come out to practice. "We hope that he recovers and is able to take a starting assignment real soon," said Wychunas.

Coach gave some comments about the Miami High by saying that they will be a tough opponent and Hialeah will play them tomorrow afternoon at Benny Babcock at 3:30. He hopes the players get a lot of support from the students at this game.

Coach Wychunas states that with the material he has that he may have the nucleus of a great baseball team for the future.

Phys. Ed. Department Next Issue Feature

Have you ever thought of the fact that a physical education department is a necessity in every school. In a time like this, everyone must be in the best physical shape that he can be. Many schools in the United States do not have adequate personnel or enough room to have proper physical exercises.

Many boys in this school remember how they trotted down to Palm Avenue behind the municipal auditorium to play a 20-minute football game, then run back, try to take a shower and get to your next class.

This has all been removed this year (as everyone can see) since the "dust bowl" at the east end of the school has some grass covering it and can now be used for physical education activities. If you want to learn more about the department read "What makes a Physical Education Department Tick" in the next issue of this paper, written by the sports editors.

Hialeah Loses Close Gym Meet

Hialeah High's gymnastic team made a fine showing in the first Dade County inter-scholastic meet, although losing to Coral Gables by three points.

Going into the final event the Thorobreds were leading by one point. Gables Jim Kavney captured first place in the tumbling events. This gave the Cavaliers the meet. Kavney and Ken Yaughn were the only double winners but

Hialeah's Duke LeGaudet made a fine showing on the parallel bars.

Charley Curry did a fine job by capturing second place in climbing the ropes and taking second on both the still and flying rings.

A surprising crowd of around 400 people viewed the match which was held at the Coral Gables High gymnasium.

The final count gave the Cavaliers 64½ points to Hialeah's 61½.

Previous to this meet there had been two other events between the two teams. In each of the catches the two teams split with Hialeah winning at Gables and the Cavaliers winning on our home court.

Rope Climb—Won by Yaughn, CG; 2, tie between Curry, Hialeah, and Brodkey, CG. Time 6.4 seconds.

Horizontal Bar—Won by Yaughn, CG; 2, LeGaudet, Hialeah; 3, Logan, CG. Points 24.

Parallel Bar—Won by LeGaudet, Hialeah; 2, Benedetto, CG; 3, tie among Reynolds and Codrick, Hialeah, and Ceballos, CG; Points 21.

Flying Rings—Tie for 1st between Kelly and Curry, Hialeah; 3, Logan, CG. Points 23.

Trampoline—Won by Kavney, CG; 2, Pennell, CG; 3, Carey, Hialeah. Points 25.

Still Rings—Won by Kelly, Hialeah; 2, Curry, Hialeah; 3, Benedetto, CG. Points 22.

Tumbling—Won by Kavney, CG; 2, Gilbert, Hialeah; 3, Pennell, CG. Points 26.

Intramural Football Progresses

Intramural football program is progressing at a swift pace with great results at Hialeah High.

You will find that these intramural games help to iron out the problems of an up-and-coming football player. It gives the players some experience in the game.

Frank Constantino's Nags won their first four games before going down to defeat at the hands of the Rams. The Rams have been doing fair under the handling of Billy O'Neill. The Nags defeated Leon Brooks' Tigers twice while the Tigers have topped Leonard Pardue's Swaybacks twice. The Swaybacks have had some bad luck having won only one of their first five games. This was on a safety over the Rams.

The starting quarterbacks in these contests are as follows: Tigers, Eugene Crimmons and Chris Pappis (alternating); Nags, Don Barwick; Swaybacks, Woody Sellers; Rams, Randall Harper.

Swayback fullback Bobby Bell received a broken nose in their game with the Tigers (the last meeting of the two teams) when Buford Selph plowed through the line right into him.

Here are the scores of the first 10 games of the season:

- Rams 13—Swaybacks 0.
- Nags 7—Tigers 6.
- Nags 13—Rams 0.
- Tigers 14—Swaybacks 0.
- Nags 7—Swaybacks 0.
- Swaybacks 2—Rams 0.
- Nags 6—Tigers 0.
- Rams 7—Nags 0.
- Tigers 14—Swaybacks 0.
- Tigers—Rams.
