Carolers Worship With Hymns

Choruses Sing Christmas Program Drama Presents Nativity Story; H. H. S. Captures Holiday Spirit;

"This Strange Night" is to be given by the Dramatics Department in the auditorium on the last day of school before Christmas vacation. Based on the nativity story the play will be presented twice, once in the first assemble, and second in the following assembly with the lead part changing.

The cast consists of Patsy Bain, Sue Leonard, John Burnettl, Wesley Calvin, Mike Karpchuck, and David Claggett, plus minor roles of shepherds and shepherdesses. It is under the direction of Mr. Joe White, dramatics instructor.

CHORUS PRESENTS PROGRAM

Presentation of a Christmas Concert was given by the different choruses in the music department. Numbers included Christmas songs and carols.

Also presented was the Nutcracker Suite by the Advanced Chorus accompanied by dancers and performers. The show was under the supervision of Mr. Bill Inglis, music director.

TEACHERS TAKE TRIP

Leaving the warmth of the Sunshine State, several faculty members are planning to spend a White Christmas with their families.

Miss Kathryn King and Mrs. Mildred Brain will take full advantage of the two weeks offered for Christmas. Miss King, a physical education teacher, and Miss Brain, assistant librarian, will be going to their respective homes in the cold and distant land of the North.

Miss King will be heading for Tennessee while Mrs. Brain's destination is Pennsylvania.

Miss Quinn Kelly, another physical education teacher, is going to Alabama to visit relatives.

DANCE HIGHLIGHTS SEASON

Hialeah's NARTU Club in connection with the Y-teens will hold the second annual NARTU ball in the form of a Christmas dance.

Dress is semi-formal and tickets are priced at \$1.25 per couple. Free refreshments will be available and a Navy photographer will be on hand to take pictures.

On the musical side will be a band of Hialeah students. Joining tones are Tony Davis on piano; Larry Deets, Tommy Ralph, and Gary Wright on sax; Steve Volcseon, on trumpet; Peter Ralces on clarinet; Frank Fellvy on guitar; and Richard Einsinz on drums. Vocals are by Miss Dianne Smith.

Robert Pipkin, band master, announced that the band played at the Biscayne Terrace Hotel on the 13th of December and are to play at the Eden Roc on New Year's Eve.

Cutter Receives 'Excellent'

Arlene Cutter, junior, received a rating of "excellent" at the discussions held at the University of Florida in Gainesville. There were two superior ratings given and close to forty excellent ratings.

Barbara Beck, NFL prexy, was also in attendance.

- Dec. 19—Hi-Ways payment due. Christmas Dance.
- Dec. 20—Christmas Program. Christmas vacation begins.
- Dec. 31—New Year's Parade, HHS Band participates.
- Jan. 1—Orange Bowl Game, HHS Band participates.
- Jan. 6—Classes resume.
- Jan. 22—End of Semester.

Preparation For Speech Contest Gets Underway

It is estimated that more than 350,000 secondary school students participated in the American Legion Twentieth Annual National High School Oratorical Contest, with forty-seven Department winners entering national competition.

All arrangements for Department Contests, including local, county, district and other subdivisions, shall be made by departments and each department can certify one contestant to enter the National Contest Program.

Wayne Arnold and Mike Powell of Hialeah Senior High will be contestants. The contestant scoring highest, in the opinion of the judges, in the National Finals Contest will be awarded a \$4,000.00 scholarship; second, a \$2,500.00 scholarship; third, \$1,000.00 scholarship; and fourth, a \$500.00 scholarship.

Students Attend Mayor's Dinner

Deanne Fincher and Wayne Arnold represented the Record in attending the seventh Testimonial Dinner for Mayor Henry A. Milander of Hialeah at the Miami Springs Villas Club House, December 7.

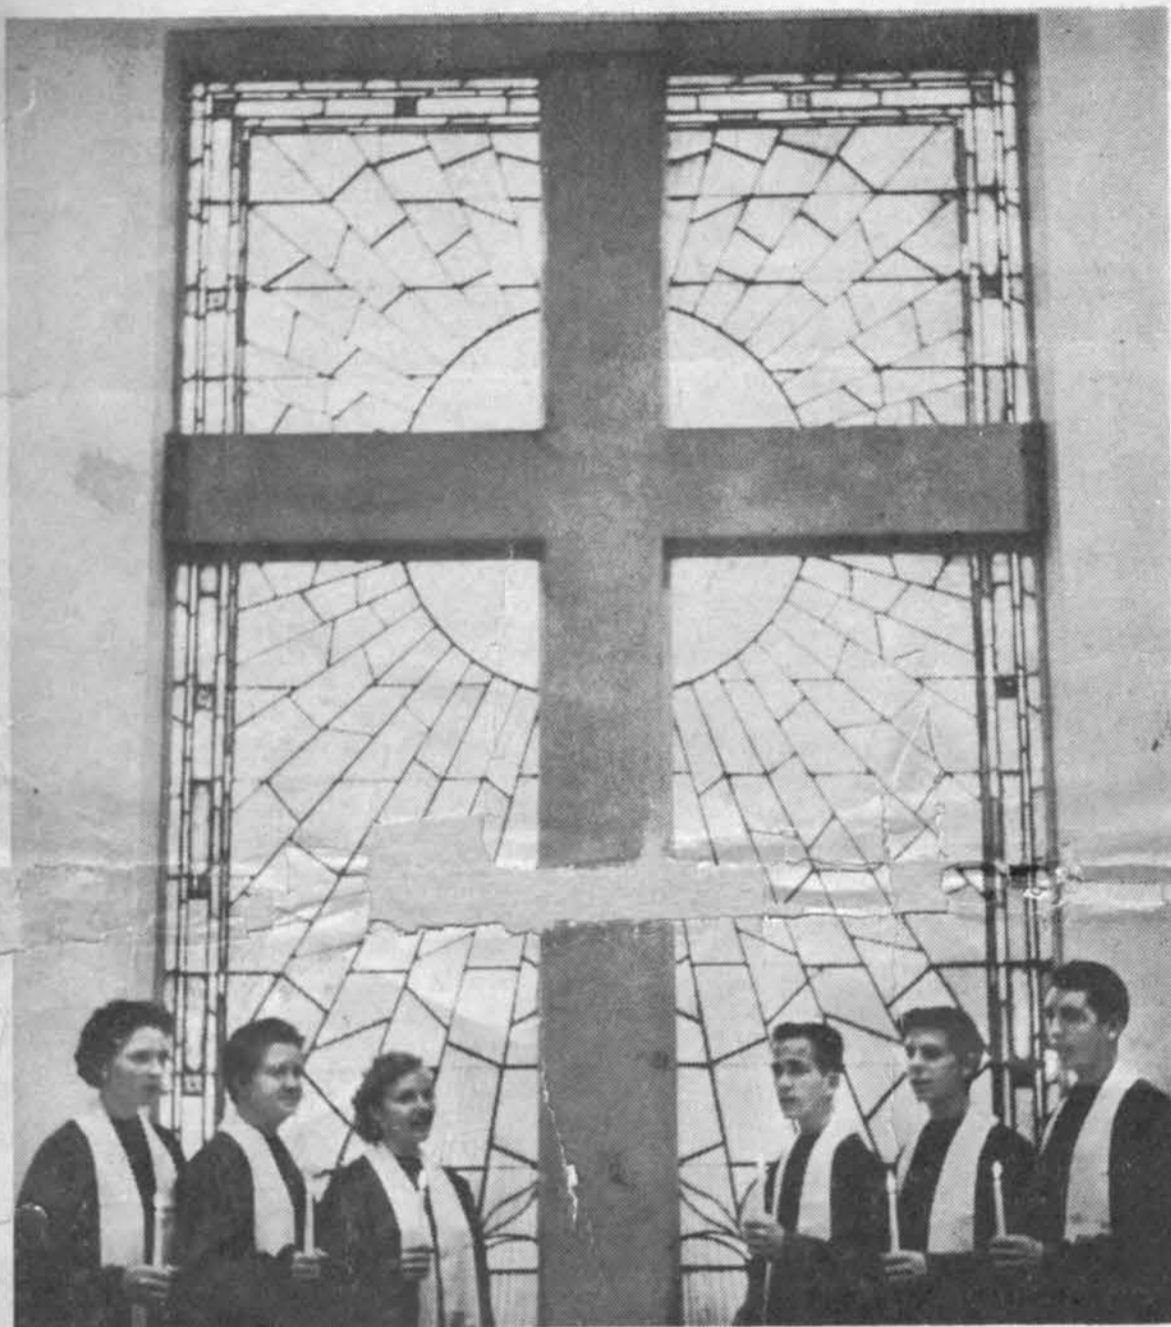

Also in attendance from HHS were Becky Haslet and Joanne Boyd.

Wayne Arnold, Youth Campaign Chairman, stated that he was greatly impressed by the concern that our community fathers are showing for young people in Hialeah today.

Sen. Pepper Visits HS

Former United States Senator Claude Pepper from Florida, paid a visit to Hialeah High School December 19.

Wayne Arnold introduced the Senator to a combined program of history and speech classes.

STANDING BENEATH THE GOLDEN STAINED-GLASS WINDOW of the Miami Springs Presbyterian Church are six Hialeah High caroleers. With the approach of the Christmas season Yuletide greetings and Christmas carols fill the air. Left to right are Linda Parker, Penny Staley, Carolyn Nichols, Bobby Griner, Wesley Calvin, and Tony Davis.

Second Honor Roll Shows Sizable Growth

Report cards for the second six weeks period of school showed an improvement in the number of students on the Dean's list over the grades of the first grading period:

10-4, David Camp; 10-11, Sandra Kraczyk and Larry Castro; 10-19, Masson Robertson; 10-20, Michaele Hopkins; 10-23, Burt Newton; 10-24, Elizabeth Bucko; 11-15, Marjorie Osterberg; 12-4, Robert Hungler; 12-6, Mary Cassarino, Janice Voyles and Gail Stemmer; 12-12, Phyllis Fogle.

Honor Roll students are: 9-1, Magdalena Torres, Madeleine Barber, and Barbara Rapchik; 9-2, Frances Fulknier; 9-3, Marshall Ames and Joseph Varon.

10-3, Lillian Ambrosini, William Mainor, Mary Rhea, and Jocelyn Wise; 10-4, Kay Alexander and Patricia Curtis; 10-5, Anthony Cwiertyny; 10-6, Gay Yodice and Gregory Thompson; 10-7, Eileen Braner and Linda Laytart; 10-8, Wayne Bridges and Sandra Huff.

10-9, Gloria Martinez and Mary Mower; 10-10, Robert Garrett, Elsie Goni, Charles Kelsey, Andrew Kurtz, David Pierce; 10-11, George Poole and Martha Russell; 10-12, Robert Suit; 10-13, Ruth Elliot and Gail Dollahon; 10-4, Donna Blenstein, Cathleen Bateman and Julie Bullard.

10-16, Ronald Mandel, Dennis Anson, Sondra McLaughlin and Annette Beaubien; 10-18, Jule Tavares, Andrew Smart, Francine Epstein, and Judith May George; 10-19, Beverly Moltane and Roy Mackintosh; 10-20, Shella Thompson; 10-22, Sandra Toth; 10-23, Gloria Martinez.

10-24, Danna Skillman; 10-25, Gail Mislow and Donald Parker; 10-26, Connie Webber, Laura Feurtedo.

11-2, Barbara Pent and Bob Gray; 11-3, Fred Granros, Martha Duhse, and Callum Peltz; 11-4, Barbara Bucko and Sherry Dunn; 11-8, Sandra LaTourette; 11-9, Bonnie Bainbridge; 11-10, Patricia Danzis, Diane Johnson, and Judy Casy.

11-11, Barbara Beck; 11-14, Bob Tafel; 11-15, David Mower, Valerie Banks, and Patricia Jettner; 11-16, Robin Walker, Miriam Valls, Carolyn Pritchard, Kathleen Shaughnessy, and Bunny Williams; 11-19, Sally Schmitz, Virginia Girling, Albert Scoth; 11-20, Carol Curry.

11-21, Janice Moore; 12-1, Richard Thigpen, Julia Stanley; Ray Martinez, Providence Petralla, Steve Hagberg; Ed Midgett, Carol Hamilton; 12-2, Ethel Anderson, Dixie Averill, Evelyn Smith, Sharon Voth; 12-3, Janice Beauceage; Leona Higdon; Barbara Kimberly; Jeanne Miller; 12-5, Ann Harshbarger; Gerald Simcox.

12-7, Roberta Singletary; Joyce Adams; 12-8, Carolyn Collins; Larry Deets; Deanne Fincher; Rebecca Haslett; Merle Osborn; 12-9, Ralph Morris; Robert Ellis; Alton Strickland; 12-10, Adele Wallsten, Martha Mobley; 12-11, Carl Simmons; Edward Baxter; Eleanor Freund; Virginia Torres.

Notes From The Record

By DEE FINCHER

Much discussion has arisen in connection with the site of the Senior Prom this year. The administration of Hialeah High feels that the prom should be located on this side of the bay. Some of the students, however, feel that the prom would be a fancier and a more memorable occasion if held at an exclusive Beach hotel. Other county high schools, it's true, have held successful dances at such hotels. One of the main reasons for this ruling is the fact that the faculty is attempting to guard against any possible occurrence which might disgrace the name of Hialeah.

CHRISTMAS THOUGHT

As the Christmas season nears the abounding lectures begin on the true meaning of Christmas. Well, by this time, senior high students should be familiar with the purpose of the season and they certainly do not need tiresome repetitions. Although we all know the true meaning of Christmas, very few take time to heed it.

COUNCIL PROJECTS

The Student Council has looked into the possibility of a snack bar, drink machines, and jukebox. As far as a snack bar goes, the School Board must approve the action and they are not allowing any snack bars to be set up. All schools having such facilities, installed them before the ruling was passed. The Board does not allow soft drink machines in the school halls. A juke box would be by far too expensive for the school.

FERRINE, FOOTBALL FAN

Bill Perrine, senior, can boast that he has not missed a single Hialeah football game in four years.

WALTON MAKES SECOND STRING

Bruce Walton, former Hialeah student and freshman at Stetson University, is on the second string basketball varsity this year.

Christmas In The Satellite

By Donald Dewhurst

'Twas the night before Christmas
And all through the satellite,
Not a darn thing moved
Not even the candle light.

The spacemen had all
Gone straight to their beds,
While beeps from the satellites
Buzzed through their heads.

All were sleeping soundly
For Christmas comes soon,
The family all gathered
In their artificial moon.

All of a sudden
There was a loud bong,
All rose from their beds
To see what was wrong.

They ran to the window
In nighties with lace,
Threw open the porthole
Almost falling in space.

There on the antenna
While the radio clicked,
Stood a fat jolly man
Whose name was St. Nick.

He came down the stovepipe
And landed in a pot,
Standing up very fast
For the stove was red hot.

He went to the tree
Where he put all the presents,
And then to the table
For some cookies like crescents.

He walked to the stove
Went back up the pipe,
Jumped into his rocket
And left fast as light.

They all heard him yell
As he zoomed out of sight,
Merry Christmas to all
In your new satellite.

Thirty days hath September
April, June, and November;
When December doth arrive,
Kids can't count past "25".

H. T. Higdon (Phoenix Flame).

As Students See It . . .

Let's Wake Up, This Christmas

Yes, Americans today from New York to Florida and Washington to California, must wake up, this Christmas.

Perhaps the greatest Christmas presents to be given to the peoples of America would be the realization that we are in bad trouble as far as a world power is concerned.

If we acknowledge these things we will have taken one of the most important lies in regaining our world position.

We as young people can meet part of this Christmas challenge by lifting our heads to heaven with modesty and redeem ourselves to do our part in striving to make this a Christmas where we may all wake up, including mom and dad.

Day Dreams Can Bewilder

Bewitched, bothered, and bewildered—yes this is the inevitable result when a student tunes back in from daydreams to catch the tail end of a discussion in class, or pops down out of lovely ink clouds to hear there was an assignment. But any idea what it was?

Bewitched yes, by a laughing boy strolling down the hall. Bothered too, by a friend making signs across the room. Both of these add up to bewildered when you are asked what the class was talking about. All because of a train of lovely thoughts darting around in the head in the midst of your reveries in class.

Oh, yes, daydreams are wonderful but on the right channel, one for leisure, not for school. Because just as the reception can get a little blurred if two stations are on the same channel at the same time. Dates and facts also have a tendency to muddle if you're dreaming about a special date while half-trying to concentrate on what is being said.

Goodbye my lady and so long my lad. These farewells are for students who will someday graduate with flying colors and lots of knowledge. All because they weren't bewitched, bothered or bewildered.

Will Christmas Be Lucky for You?

My guess is that you are one of the unlucky ones this Christmas. I hope not for your sake, but that's what the facts show.

What is it that will occupy your time on this coming Christmas Day?

Yes, you've probably spent plenty of money this year on gifts for everyone. The prices are always getting higher. And your family has without a doubt, bought many nice and expensive things for you. Well, everyone is prepared for that long-awaited day, with gifts bought and wrapped, everyone in the family and all friends thought of, the tree all decorated, spirit high, and the big turkey dinner in the process of being cooked.

The day arrives. Presents are opened, and everybody is thating everybody for "just the thing I've always wanted." Dinner is served and by now the neighbors are going to be coming to see you. You are all regret, ending such a wonderful day.

Is this how you will spend your Christmas? Maybe, not, for a lucky few, but the majority of Americans today will. Why are they unlucky? Do you think they've really enjoyed the kind of Christmas offered to them without cost? No! Families put themselves in debt from one Christmas to another and they're still missing the one thing that it is meant for.

Some of the more fortunate families are the ones that don't receive so many gifts but they get up early and go to church, together.

There is no need to go into detail about the real meaning of Christmas. You know as well as everyone else does that we are celebrating the birth of Christ.

With this in mind, and ignored, we continue to follow the same pattern year after year.

Why is it, that the child who Santa forgets on Christmas Eve, or only visits his home for a few small minutes is laughed at? "I got more things than you did," is not an uncommon statement at such a time, from one child to another, in comparison to presents received.

Do you really enjoy Christmas? Is the true feeling in your heart? The nicest present you could give to God is to visit his home on Christmas Day and celebrate it with Him. Saying a prayer for your loved ones is the highest valued gift you could ever want to offer, and it costs so little of your time.

Hialeah's Paper Doll

THIS ISSUE'S PAPER DOLL is Miss Mary Kay Alexander, sophomore of Hialeah School. Kay hails from Columbus, Ohio, and has only been in Florida for 3 months. Five feet, seven inches, Kay has brown hair and blue eyes and has held six beauty titles. She has done some previous modeling and hopes to enter that as her career.

School's Objective Is to Turn Out Better Citizens

Ralph Waldo Emerson said, "The true test of a civilization is not the census, nor the sizes of the cities, nor the crops—no, but the kind of men the country turns out." But it can also be said like this, The true test of a school is not the number of students, nor the sizes of the classes, nor the projects made in the shops—no, but the kind of person the school turns out to become future citizens of America.

Our school is not great because of the number of pupils it has or will have. It is not great because of the size of the class or the number of classes in the school. It is not great because of the projects made in the shops. The thing that will make the school is it turns out for America.

It Pays to Advertise in School Newspaper

Do you realize how important newspaper advertising really is? How often do we take our school paper home and lay it on the table? In all probability our mom or dad would pick it up and glance through it in order to see what we produce in our age group.

They would see these advertisements and wonder why they were in our newspaper. Curiosity aroused they would inquire and traipse off to the advertisers and seek a solution. This is exactly what the business man is looking for. The paper's job is to get the people in. It is the advertiser's job to sell them the product.

Now the old cycle comes in. If the advertiser is patronized then he in turn will continue to patronize the source of his business, which in this case is the newspaper.

The school paper has a tremendous cost to meet each edition. This cost is paid for by advertisements. As you can see, no patronizers, no paper. It is our duty to buy and trade with these loyal school paper advertisers. In that way we can be assured of a school paper, which is the backbone of our school spirit.

Clubs too can advertise. Got a dance coming up? Well, there's no better way of publicity than to advertise in the Hialeah High Record, a paper with over 3,000 readers.

Charles Wychunas Relates Of Bataan Death March

"March of Death", the very thought of this appalling incident caused men to shudder. Marching, stumbling, struggling American prisoners were driven like sheep to the slaughter. And in the midst of this was a man who survived to return home and become a teacher.

Mr. Charles Wychunas, teacher of civics, history, and football, experienced this war torture. His friendly smile and deep understanding have won the respect and high regard of everyone with whom he comes in contact, especially his students, who accept and practice his counsel and food advice with confidence. Mr. Wychunas is truly a person of sound courage and trust who lives, loves and believes in God and His divine guidance.

Mr. Wychunas was born in Brockton, Massachusetts, an alumnus of Georgetown University, in Washington, D. C., and served in the U. S. Air Force on December 10, 1940. On that day of enlistment little did he realize what ghastly and harrowing events lay in store for him during the six years of his service to his country.

Mr. Wychunas believes that his faith in a Supreme Being as well as in his country, are the qualities necessary to all, soldiers, in parti-

cular, and because he possessed them, plus the will to win is the reason he is alive today, as he was one of the unfortunate souls to participate in the now infamous Japanese March of Death.

The tragic ordeals of privation and humiliation suffered at the hands of the brutal Japanese began for the weary defenders of Corregidor as they surrendered to the enemy and are now a blot on history. Disclosures in January, 1944, reveal that the men, part of 12,000 captured at the rock fortress of Manila Bay were herded together like cattle and kept without food for seven days.

Then they were marched through Manila on the long weary trek to a Japanese prison camp. Those falling by the wayside were bayoneted to death by their inhuman foes.

Of the 240 men from his battalion, the Twenty-seventh Bomber Group, only 30 lived to return to the United States and home. It is hard to believe that this gentle, but nevertheless husky man, who now tips the scales at 200 pounds, weighed only 90 pounds after the scandalous 70 mile horror-march.

This father of two children, a son six and a daughter four, says that in his opinion, the best advice he could give to students who are undecided as to whether to go to college or into service is "If the student has the capabilities he should, by all means, complete his college education, in order to be PREPARED FOR THE FUTURE!"

Their Success Is Our Success

By BONNIE CLARK

"Working for a medical clinic can prove to be quite amusing because half the people never follow the instructions we give them and then they wonder why they can't get well," laughs the popular senior Margaret Key. "I get a wonderful glimpse of some of the characters we have on this earth."

Margaret is not training for registered nursing, but as a receptionist and assistant to the doctors. The doctors can teach her the general things without a three year training period required for registered nursing.

Margaret hasn't far to go when she leaves school at noon, for her work is at the Palm Avenue Clinic, and under the supervision of Dr. J. J. Azelvandre and Dr. D. F. Mason. "They're just wonderful to work for and were so patient with me when I was learning the ropes."

Margaret has been in DCT now for two years and is President of the DCT Club this year. "The club is so active it keeps me hopping and the responsibility is so heavy along with my work at the clinic, but I enjoy it very much and wouldn't trade the whole business for anything in the world!"

In this modern day and age, more opportunity is now opening its doors to young workers who in a trade that will last for centuries to come, the commercial air trade.

Not only is there work in training the pilots of the planes, but hard are interested skilled mechanical training is vitally necessary. Without these people, the entire air trade business could not even be started.

Working at Barfield Instrument Corp., Mike Daniels has been training himself mechanically through the DCT Program here in Hialeah High.

School classes are regular every morning for Mike, but at noon he leaves for his job, working then till 5 p. m. His work includes the repairing of aircraft instruments, operating the machine lathes, and making and assembling different test instruments. He varies his work.

Although Mike has been learning his trade for the last two years, he still hopes to change his major and try the field of an electronic engineer at the University of Miami.

His work varies from repairing the delicate horizons as well as reconstructing industrial volt meters.

Linda Wants to Leave Hialeah

Linda Lundblom, a pretty brown-eyed senior, has developed her athletic ability and coordination to such an extent that she has been on every basketball, volleyball, and softball team since the ninth grade.

Having won two athletic letters, she proudly wears the blue H and has in store a green letter L in her albums from Robert E. Lee Junior High.

Linda is, at present, one of the representatives from Hialeah to City-Wide Girls' Athletic Association, and has also held the position of Sergeant-at-Arms for Hialeah's chapter of G.A.A. for four consecutive years.

Given a chance to participate in bowling, tennis, swimming, golf, and many other activities offered through girls' leadership physical education, Linda classifies this as one of the best courses offered in Hialeah.

Miami-born and Miami-marooned, sums up the distance Linda has traveled through her seventeen years of life, but "When I graduate I'm getting as far away as I can get."

Future plans are causing some worry, as for thousands like herself, for there are no definite ones. "It's either college or business practice, but I think it's easier just to stay in high school."

Pledges Go Crazy

With chattering teeth and feverish brow, a Hialeah sophomore raced into the clinic and asked for a psychiatrist, muttering that he was going mad and would someone help him? For suspecting this, he told a story of seeing a student hopping down the hall and clucking like a chicken.

He was told gently those were not figments of his wandering imagination, but only pledges for a few school organizations.

He is the student who becomes entangled in that web of self-destruction known as a pledging period for clubs. How deadly are the masterminds who work out stunts for an apprentice who wishes to become a club member. He will do everything from singing "I'm Popeye, the Sailor" for everyone in the cafeteria to bowing down to the ground whenever someone in blue enters the room.

But no matter how acutely embarrassing or hilariously funny they are, there are always students who will commit themselves to the agonies of a pledging period. So if you happen to see someone walking down the halls on his knees singing "The Ballad of Wyatt Earp", don't worry, you're fine!

Lab Analysis Proves Female Interesting

Subject: Women.
Symbol: Wo.
Physical Properties: Boils at nothing. Freezes at any minute. Melts when properly treated. Very bitter if not used well.
Chemical Properties: Has great affinity for gold, silver, platinum and precious stones. Violent reaction if left alone. Turns green when placed beside a better looking specimen.

Occurrence: Found wherever man exists.
Uses: Highly ornamental. Useful as tonic in acceleration of low spirits. Active equalizer of distribution of wealth. Most effective agent known for reducing income.

Caution: Highly explosive in inexperienced hands. Handle with care.

Trying to Study Present Problems

By Dixie Averill
When I sit down to study, everything happens:

First of all the radio doesn't work, and who can study without Elvis singing "Jailhouse Rock"?

Next, the telephone rings, and though not much seems to have been said, another hour has passed me by.

By this time, I am terribly hungry, and two or three trips to the refrigerator takes only twenty more minutes out of my busy schedule.

The last time I wrote to my girlfriend was yesterday, and since I haven't heard from her yet, I simply must write and find out what's wrong. This will only take another half hour.

Oh—oh, here comes Betty with her collection of records. Oh, well, I had to have something to make up for the radio not working.

Mom is still asking for those dishes to be done. For some reason I can't seem to convince her that I'm doing homework.

Well, Betty has gone home now, Jane's letter is written, the dishes are done, and it's about midnight by this time.

Oh, well, who needs homework, anyway?

Fancy Facts and Foolish Fun

By Marcia Ann Newton
Pardon?

What's that? Mr. George Sirianni had a baby? Oh, you mean his wife . . . A little boy entered the Sirianni family during the last week of November. This is the Spanish teacher's second child. They now have two boys.

Also a new arrival came to the football coach's home. Mr. Hal Lannom now has his first girl with two boys.

Dances Coming

There are two dances coming for the Christmas holidays. The Naval Air Reserve Training Unit will give a dance on December 19 at the Cafetorium.

The Miami Springs Youth Center will have a dance for teenagers only, on December 21, at the Center on 401 Westward Dr., Miami Springs. At the dance there will be music provided by a band and free refreshments. It is to be semi-formal, so come appropriately dressed. It lasts from 8 to 11 p.m.

Diane Departs

Diane Johnson, sometimes known as "D. J." to her friends, is leaving Hialeah High for Washington. Diane is one of the Thorobred Cheerleaders and says that she regrets to leave her school and friends.

Quote of the Issue

The quote of the issue comes from Mr. Hall's blackboard in his shorthand room. It seems that every week he has a new quip for his students to think about. This one is rather interesting. "The only persons you should want to get even with are those who have helped you."

Birthday Greetings

Happy Birthday to Hialeah's Barbara Clayton. She turned 17 on November 30. Barbara is a senior and has come to Hialeah from Tampa. She is also Key Darling.

Key Kalendar

"Key Klub Kalendar" has gotten quite well underway for its third year in succession. John Kolodgy and John Bartlett have both worked hard this time to "put out a calendar that is twice as good, for half the price of the two previous years."

There are thirteen girls, twelve for the different months and one for Cover Girl. They are: Kathleen Barr, HI-Y; Carol Binns, Anchor; Virginia Beasley, Honoria; Barbara Clayton, Key; Pat De Vito, G. A. A.; Lynda Herold, Y-Teens; Nancy Hitchcock, F. F. A.; Marilyn Jones, "H"; Martha Lovell, D.C.T.; Joyce Peters, Tri-M; Mike Roberts, Wheel; Angel Simonetti, Thespians, and Adele Walston, Cheerleaders.

Another project Key is undertaking is the collection of Christmas Baskets. They are hoping that

everyone will co-operate with them in making this successful.

Vacation Near

Christmas vacation is just around the corner. It begins on December 23, and lasts through January 5. School will resume on January 6. Hope you have a Merry Christmas, and a Happy New Year.

Don't Forget

Don't forget to begin attending the basketball games. Only one has been played since the season began, so don't miss any more. Begin now to keep up with the basketball games just as you do for football.

Seniors Happy!

H. H. S. seniors are happy again. They have already received their name cards and trade them with their fellow students. Few are left over when the time comes to put the cards in the announcements for graduation.

Sweethearts Chosen

Wheel Club has chosen its '58 sweethearts. They are Mike Roberts, Virginia Beasley, Sara McAlister, Carol Aubury, and Adele Walston.

FUTURE FARMERS TAP GREEN-HANDS

On Tuesday, Nov. 5, the Hialeah Chapter of the Future Farmers of America initiated 23 boys to the degree of green-hand. They were: Harry Samol, Dickie Corlitt, Paul Tharter, Pete Molina, George Drummond, Mike Whalen, Ray Martin, Richard Byrd, Lee Watson, Tommy Callahan, Jimmy Cash, Forest Rossborough, Andrew, Darryl Holder, Buddy Johnson, Leonard Cotton, Bill Cooper, Milan Griffith, Ray Allen, James Haire, Neil Mortensen, Ray Newby, and Don Onstead.

This year Hialeah has the largest Chapter they've ever had, and these boys make up the largest portion of it. They boys above, and their officers, John Samol, Toby Cribbs, Walter Jemlich, Bob Hartwell, Jim Wood, and Tom Peterson, say that with the help of their faithful advisor, B. G. Cromer, that they can make this Hialeah Chapter more outstanding than ever before.

On Friday, Nov. 8, four from the Hialeah Chapter of the Future Farmers of America left for Winter Haven, Florida, to represent Hialeah at the Junior Vegetable Growers Association judging contest.

MEMBERS OF THE DEBATE CLUB really have it out in one of their discussions. Proving points and swaying the other person to your side aren't the easiest of tasks. Proving this are Jerry Highsmith, Larry Highsmith, June Cutter, Barbara Beck, Pete Sharpe, and Eddie Jawerski, who were caught unprepared in this shot.

Lions Back N. F. L.

Wayne Arnold, former president of the Hialeah High School National Forensic League, announced that the Club had received the official backing of the North Miami Lions Club. "This will certainly contribute to progress in the future," stated Mr. Floyd B. Boice, sponsor of the Debating organization. Mr. Boice also stated that in the future the club was to concentrate much more of the practicing of debates at their meetings so that they will be ready to cope with the other schools of the county.

On Dec. 3, Hialeah's N.F.L. went

before the North Miami Lion's Club to give a presentation of a discussion on the "Father and Son Relationship". Those participating in the discussion were Wayne Arnold, Gary Chamberlain, Paul Donaldson and others.

The future plans of Hialeah's First Debate Society will be soon revealed. They are many in scope as many of the members are beginning to realize. Mike Powell, President of the organization, stated that he sincerely felt that the club would continue to forge forward and build a greater organization with a purpose of training in constructive thinking.

Wheel, Honoria Decorate Cafetorium

Brother and sister clubs, Wheel and Honoria, received permission to decorate the cafetorium with posters and banners and pennants, announcing Hialeah's home basketball games. Dazzling and bright pennants can be seen throughout the room, including the cafeteria stage itself.

The object of the pennants is to promote more and better basketball spirit. And also to illustrate the hard work and much time, displayed by both of these clubs. This is one of the projects which the two service clubs are sponsoring together this year.

Hialeah High And Students Get Station

By Bill Costello—K4PAE

I'll bet you didn't know that Hialeah High has a radio station—"that works"! It is owned and operated by members of the "Hialeah High School Amateur Radio Club." They have their own call letters, K4RQG, as assigned by the Federal Communications Commission. The members, under the direction of the Electric Shop teacher, Mr. Skinner (K4LVZ), converted an old surplus transmitter into what is now a mighty mite. Its output won't even light up a 50 watt light bulb to full brilliancy, yet its signal is capable of reaching any part of the world.

First contact was made November 26 when Bill Costello, 12-8 (K4PAE) talked with a fellow in Wauchula, Fla. Then Pete Honold, 12-1 (K4ICP) made the first out-of-state contact by exchanging signal reports with a ham near Atlanta, Ga. Next, Wayne Bridges, 10-8 (K4LZS) took up the key and chatted with an amateur in Eau Gallie, Fla. The club hopes to have the rig converted for novice operation soon, so Kurt Wulff, 10-7 (Kn4QBX), and new hams in school may also operate.

There are also a few short wave listeners in the club who may soon follow the example and get their licenses too. The station engages in public service work by checking into Florida traffic nets which handle messages for all parts of the country. If anyone would like to join, and become a "F", please contact Mr. Skinner, Room 214, some day.

Merry Christmas and
A Happy New Year

Four Girls Compete To Save Last Year's Beauty Trophy

Hialeah High School has four good chances of getting the "Betty Hub" title again—these chances being the four lovely teen-age girls from Hialeah High who are entered in the second annual "Betty Hub" popularity contest being sponsored by the North Dade Hub newspaper. Miss Trula Norris was named the winner last year, representing Hialeah.

Martha Duhse of Golden Glades; Ann Hinton of North Miami Beach; Norma Curry of Hialeah; and Lynda Herald of Westview, are Hialeah's four entries.

The winner will be the girl who receives the most points from subscriptions entered in her name to the HUB. Two runner-ups will be chosen. It was announced that a six months' subscription counts four points; a year's subscription counts 10 points; and a two-year subscription counts 20 points.

Many wonderful prizes including a surprise trip overseas for two will go to the lucky winner. Her other prizes will include a beautiful loving cup with name engraved; a complete modeling and charm course from the Coronet Academy of Modeling in the McAllister Hotel; a gorgeous diamond ring from K. E. Willauer, Jeweler, 373 Opa-locka Blvd.; a \$100 savings bond; and complete beauty treatments from Opa-locka Beauty Salon, 383 Opa-locka Blvd.

Second place winner will receive a week's summer vacation at a Miami Beach hotel; a loving cup with name engraved and a \$50 savings bond. Third place winner will receive a three-month dancing course at Bill Peck's Studio, 744 ... Street, an engraved loving cup, and a \$25 savings bond.

On Wednesday evening, the twelve lovely contestants and their parents were honored at an introductory banquet held at Old Scandia Restaurant at which time it was announced that the winner will be named at a formal grand ball and show January 4.

Class Studies Marriage

If you have seen many teenagers around school with books on marriage, please don't jump to the conclusion that all of these students are planning on getting married soon.

Mr. James Reynolds' Effective Living classes have completed their study of marriage. The students did a lot of research on the cost of marriages, problems and adjustments in marriage, definition of marriage, marriage requirements in Florida, types of marriages, and many other topics.

"This course of marriage," said Mr. Reynolds, "is to show the students that marriage is not something to rush into, but that it takes a lot of planning in order to guarantee you happiness in the future."

The next topic the class will be studying are the problems of children, family relationship and then later divorce and more important problems of the family.

FIRST IN THE "WHAT IS YOUR HOBBY" SERIES, located in the library display case was an exhibit pertaining to horses. The exhibit consisted of ribbons and trophies won by Pat Rowell and her horse.

Broadway Show Was Successful

"This is Broadway", the first production of the Stage Electricians Guild, was reviewed by an almost full house. The script was written by Robert Pipkin. The show was produced by Robert Pipkin and Tom Kerby.

This was a show of an English girl who upon arriving in America, fell in love with a ... While napping ... the brightest ... in New York.

She visited scenes from the show production of "Pajama Game", "Carousel", "Oklahoma", "The King and I", and "There is No Business Like Show Business".

Songs went from the bowery to Oklahoma, to modern day rock and roll (the Seventeens, from Edison). Dancing covered everything from the early 1800's to the tango.

Future Scientists Stage Exhibitions

By MIKE POWELL

Each year Dade County sponsors a Science Fair, an exhibition of the projects dealing specifically with the sciences that have been developed by the students of Dade, Broward and Monroe Counties. During the coming year Hialeah will be honored to have the 1958 contest in its own city auditorium. The project ... through 29.

Although many of the details are still obscure, Mr. Tom Barringer, Hialeah science teacher, reports that the following will hold true for this year's fair.

There will be seven divisions in which the students of our school may enter. They are chemistry, geology, physics, botany, mathematics, zoology of man, zoology proper, and engineering.

All entries must be postmarked by March 15, and entry blanks may be procured from science teachers. Mr. Barringer offers assistance to anyone interested.

The over-all winner will be given an all-expense paid trip to Flint, Michigan, for the National Science Fair. Such a prize should offer quite an incentive for prospective entries.

Current Events Project Started at Hialeah High

The purpose of the current events project is to determine relative merits of specific training aids and approaches in the improvement of our current events program and develop resources for teacher use.

Some of the objectives of this program are to develop and broaden students' interest in national and international affairs. To help students develop into informed and enlightened young citizens. To keep the social studies program modern and up-to-date, and to guide critical thinking about our changing social problems.

It also helps to promote active citizenship in the school and community. It provides all students with a common basis for discussing current news. It helps to develop discrimination in the field

of current affairs.

Some of the common understanding procedures concerning this program are: Each teacher agrees to devote not more than 1/5 of total class time to direct teaching of current events. Each teacher will experiment and recommend successful ways of using the aids he chooses. All teachers may use copies of the current events magazines, and maps being ordered for mimeographing by the department.

Each participating teacher will allow a current events test to be administered to his students at the end of the project as an aid in evaluation of the specific materials used in his classes. Teachers may participate using his own methods and materials in combinations not listed before.

Program Started for Financial Aid

The war orphans' education program is a program of financial aid for the education of young men and women whose parents in World War I, II, or Korea were veterans, died of injuries or diseases from their military service.

The purpose of this program is to give young people an opportunity to get the education they otherwise might have obtained, had their parents lived.

The deceased veterans' children must be between the ages of 18 and 23. The training they receive is a program of education. The law does not permit on-the-job training, on-the-farm training, correspondence school training, training given by radio or television, and training in foreign countries.

The training can take place in any school that teaches on the secondary school level or above.

In order to apply for schooling under this plan the parent or the guardian must prepare an educa-

tional plan for the young man or woman. This plan must show the selected goal, the program of education, the school or schools the students plan to attend, and the estimate of how much money tuition and fees will add up to.

If the young man or woman attends school full-time the parent or guardian will receive \$110 a month, three-quarters time \$80 a month, and \$50 a month for half-time.

If the person has a physical or mental disability, the special restorative training trains students' speech and voice correction, lip reading, personal adjustment training, or anything else of like nature that's needed.

Sputniks versus Spikers

AMERICAN SOLDIERS being herded by the Japanese during World War II had to keep in line while marching or be killed if they happened to fall by the wayside.

The first serve is up and all's quiet. Then suddenly the players burst into activity as the ball zooms over the net. Gloria, the center

girl on the back line, gets under the ball but instead of sending the ball forward she sends it backwards. Consequently her teammates let out a mournful wail.

The second serve is received and sent back by Sonja with a spike which the opposing team fails to return.

The game continues through silent, cautious moments to cheering moments until the score is tied 20-20.

One team is going to get that two points and win. Who will it be? The Sputniks or the spikers?

The next few moments are tense and the players are jumpy. One team gets a point then the other team gets a point. The situation gets slightly exasperating but suddenly the wind comes to the aid of the Sputniks. It carries two successive balls over the net to the back line where it is impossible for the receivers to get it.

Do the spikers go over in a corner and sulk? No? They congratulate the Sputniks and praise them on their team work.

In case you are wondering just what this story is about, it is the volleyball tournament, taking place during the Phys. Ed. Classes.

Archery Team Chosen

Miss Quinn Kelly, Miss Katherine King, and Mrs. Gladys Beatty were the teachers who sponsored the extra-curricular archery.

The girls who make the team are: Louise Boughner, Carol Rollinson, Jean Gypp, Charlotte Keyes, Virginia Van Kessel and Francis Maxwell.

Phys. Ed. Teacher, Miss Swain Is Declared Most Unforgettable

When the G.A.A.'s went on a beach party that Saturday afternoon a year and a half ago, I really got to know my unforgettable character. Although some of the girls got rides home, there were some who had to wait for their parents, up till 11:30 that night. Then and there I really got to know Alleine Swain, a slender, considerate, red-headed, smiling, Scotch-German-English gal, with the white teeth and high cheekbones of her ancient races.

Before she left for home she made sure all of the girls were safely on their way.

Behind this short, to the point speech of a physical education teacher there lies another Swain, a warm, gay, courageous gal—my friend. Although I have known Miss Swain for five years, we didn't get acquainted for sometime, until she was my phys. ed. teacher.

Miss Swain has a family of historical interest. Her great, great

—well anyway, grandfather, was a Duke in Scotland, and her brother fought in the war over in Europe. Her parents were born in Acadia, which is now Nova Scotia. But she is just a U. S. citizen, born in the heart of America, New York, in the city of Nyack, on Sept. 30.

Although she isn't a composer, she likes good classical music such as "Carmen" and Tchaikovsky's "Nutcracker Suite". Her favorite books are historical dancing, and activities such as sports (which she prefers).

She loves sports and is an expert in each. Her tennis is superb, and her badminton is tops.

I doubt that Miss Swain ever thought she taught me anything, but she did; she gave me a fresh outlook on life, music, sports, and people. She gave me a lesson in courage and humanity. But most of all she taught me how to live with myself and my family.

There are many who dearly love her as I do.

What Makes A Cheerleader?

By Donna Jedlicka

Dressed in her uniform of red and blue, Symbolizing spirit through and through.

Spirit always full of cheer, With her voice so loud and clear.

Showing friendliness with a smile, Striving to achieve goals worthwhile.

Hopefully cheering on the team, With anxiety of vigor and steam.

Whether we win or lose a game, She is there cheering on just the same.

All of these qualities blended together, Gives us the best cheerleader ever.

G. A. A. Sell New Season of Basketball Sweatshirts

Do you need a new sweatshirt? Would you like a white one with Hialeah's school seal on it in red?

The G.A.A.'s are selling these sweatshirts for two dollars and fifty cents apiece. The sizes are small, medium, and large and are guaranteed not to shrink more than 1 percent.

The shirts have a zipper and open like a zipper jacket.

Orders are being taken for the shirts by any G.A.A. member and by Miss Allene Swain and Miss Quinn Kelley, sponsors for the club, anytime during the day.

But remember, the last day to get in on the first order is the day before Christmas.

New Season of Basketball Begins

Passing, shooting baskets, scoring, and dribbling—all of these and more will be taught after school for all girls interested in Intermural basketball.

Miss Dolores Jordan and Miss Katherine King are the teachers in charge of this extra-curricular sport. Intermural teams haven't been pushed as yet.

In order to make the varsity you must come out for five days and have been on an intermural team. Basketball meets everyday except Tuesday.

Besides teaching co-ordination, basketball offers sportsmanship and fun, and a chance of making new acquaintances and working with other girls with the same interest as you.

Girls' Gab Cheerleaders Thaw From Recent Cold

Cold Weather!!

In spite of the cold weather which Miami and surrounding suburbs suffered the night of the Hialeah-Jackson game, as usual our cheerleaders did a splendid job of cheering. Congratulations, girls.

Kid's Games?

Some of the Phys. Ed. classes, forced inside also because of the cold weather, have learned some new games. The games, though, are so mystifying at first that they could hardly be called kid's games.

New Sweatshirts

I really "dig" those new sweatshirts the Girls' Athletic Association is selling. They are white with the school seal and much more feminine than the old gray ones.

Cute Poster

Did you notice the cute basketball poster recently in the hall of the girls' locker room? The cute part of it was the names someone had placed on the figures, which were all kinds of violations. They were Miss Swain, Miss King, Miss Jordan, Miss Kelley and Mrs. Beatty.

"Fore" Is the Word

"Fore" is the word in season on the Phys. Ed. field as the girls start to learn the game of golf. Much talk and excitement fills the air as the girls use as many as 5 to 10 strokes before the ball is in flight. The future golfers' vocabulary consists of two words thus far, "rough" and "lie" and that is where they lie the most, in the rough.

Seriously, the future of the golfers is in able hands, as are instructed by the a... Dolores Jordan and Inter... Hull.

SPORTS

Gymnastic Team Does Good Job

Hialeah's gym team made a fine showing in the first individual gymnastics meet, which was held in the Coral Gables gymnasium, with Jerry Chester, Jim Develin, and Ernie Gilbert capturing most of the honors for the HHS gym team.

Jerry Chester took a first place on the side horse, a second on the long horse, a second on the parallel bar and he also placed second in the all around.

Pint-sized Jim Develin took first in the flying rings, second on the high for second in free exercise,

third on the side horse and third in the all-around.

Ernie Gilbert captured two first places, one in free exercise and the other in tumbling. He also took third on the long horse and the other in tumbling. He also took third on the long horse and fourth in the all-around.

Mike Benedetto, of Miami High, was the star of the evening. He captured first places in the still rings, the parallel bars, the high bar and the all-around. He also took a third in free exercise.

Hialeah Cagers Meet Lauderdale

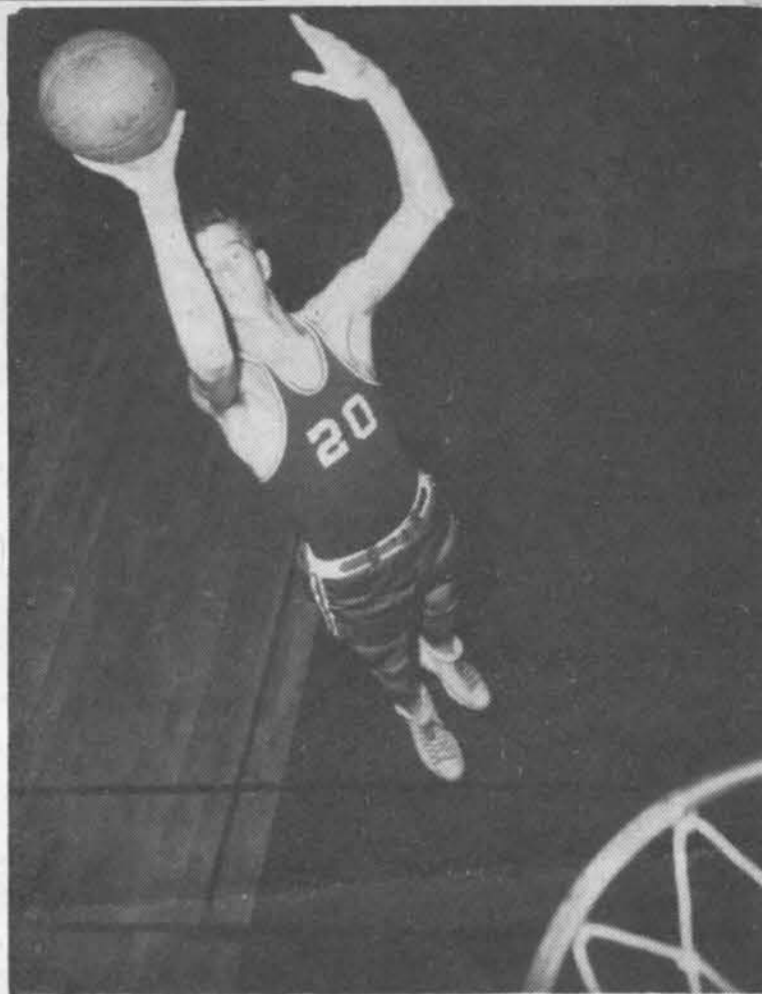

T-BRED TEAM IN TOP SHAPE FOR GAMES

Hialeah's basketball team will face Coral Gables Friday night and then take on the Flying "L" Saturday night. The Junior Varsity game will start at 7:00 p.m. and the Varsity at 8:30.

Following is the schedule for this year:

- Dec. 10—Seacrest—Hialeah
- Dec. 20—Coral Gables—Hialeah.
- Dec. 21—Fort Myers—Hialeah.
- Dec. 27-28—Tournament — South Broward.
- Jan. 4—Curley—there.
- Jan. 7—Jackson—there.
- Jan. 11—North Miami—Hialeah.
- Jan. 17—Edison—Hialeah.
- Jan. 18—Seacrest—there.
- Jan. 24—Riverside—Hialeah.
- Jan. 25—Miami High—there.
- Jan. 28—Edison—there.
- Jan. 31—Curley—Hialeah.
- Feb. 1—Pompano—Hialeah.
- Feb. 4—Miami Beach—Hialeah.
- Feb. 7—Fort Myers—there.
- Feb. 11—Riverside—there.
- Feb. 14—Jackson—Hialeah.
- Feb. 15—Pompano—there.
- Feb. 18—Coral Gables—there.
- Feb. 21—North Miami—there.
- Feb. 22—Miami High—Hialeah.

Hialeah's basketball team will be in action during the Christmas holidays. They are scheduled to join with South Broward, West Palm Beach, and Pompano in a tourney to be held in South Broward on the 27th and 28th. As in football, The Record feels that all students should have a copy of the roster.

BOB ELLIS drops in two points for the Thorobred team.

Hialeah Holds High Place In State X-Country

Once again Tom Wallace was the first man across the finish line for the Thorobred 2.2 milers. Hialeah gained a total of 35 points to capture second place behind Fort Lauderdale which had 20.

Tom Wallace was the fourth man across the line with a time of 11 minutes, 51 seconds. Art Baker was close behind to capture sixth, Otis Pewett and Jim Phillips placed eleventh and fourteenth respectively.

Coach Ashworth said that if the boys made a good showing they would probably go to the state meet in Gainesville.

This gave the boys another reason for winning.

Vikes of Miami High came in with a winning time of 11:33, but his teammates lagged behind to bring the Stingerees in sixth for team standings.

- Team standings:
1. Fort Lauderdale—20
 2. Hialeah—35
 3. North Miami—71
 4. Stranahan—73
 5. South Broward—82
 6. Miami High—91
 7. McArthur—119
 8. Southwest—127
 9. Seacrest—141

Hialeah Crushes Pioneers 21-0

Hialeah's 11 gridders defeated the powerful Pioneers 21 to 0 in the annual Turkey day classic. The defense and offense was superb. North Miami had won the two previous classics by flukes.

Charlie Adams was the most outstanding offensive player. He picked up 125 yards. Sharing with Charlie, Jerry Askowitz picked up 95 yards in 16 carries.

The defense led by leftguard Bob Hooten and center Charles Chastain held the pioneers to 63 yards on the ground. The pass defense was just as sharp by stopping the Pioneers with another 63 in the air, and hauling in intercepted passes.

The T-Breds made 15 first downs to the Pioneers 6. They out rushed on the ground 242 to 63. North Miami got the pass by completing 6 out of 12 for 63 yards to Hialeah's

4 to 10 to roll up 50 yards.

Early in the second quarter North Miami fumbled on their own 26 and Hialeah recovered. The T-Breds were able to move to the 19 before the downs ran out. North Miami again fumbled.

JERRY TAKES THE LEAD

Moving from the 19, Jerry Askowitz ran to the second before he was finally knocked out of bounds. He was assisted by a beautiful block by Charles Chastain. Dick Krtausch on the quarter back sneak drove over giving Hialeah the lead. The conversion was good for 7-0 for Hialeah.

Dick Krtausch on the quarterback keeper drove to the 23 before he was stopped. Jerry rushed to the 9-yard line setting up a pass play that was taken by Tom Novack in the end zone. At the half Hialeah led 14-0.

At the beginning of the fourth quarter, Bob Taffel intercepted a North Miami pass on their own 38-yard line. On the first play from scrimmage, Charlie Adams stumbled a couple of times, then caught his balance and went all the way for the third and final touchdown of the game.

Score by periods:

Hialeah	0	14	0	7	21
N. Miami	0	0	0	0	0

Scoring Hialeah Touchdowns Krtausch, Novack, Adams. Extra Points Krtausch, Worley, Askowitz.

Jackson Generals Edge Over T-Breds 27-18

Jackson's mighty Generals defeated Hialeah's Thorobreds 27-18 in the second annual Miami-Springs-Hialeah Kiwanis Post Season game held at the Saddle Bowl.

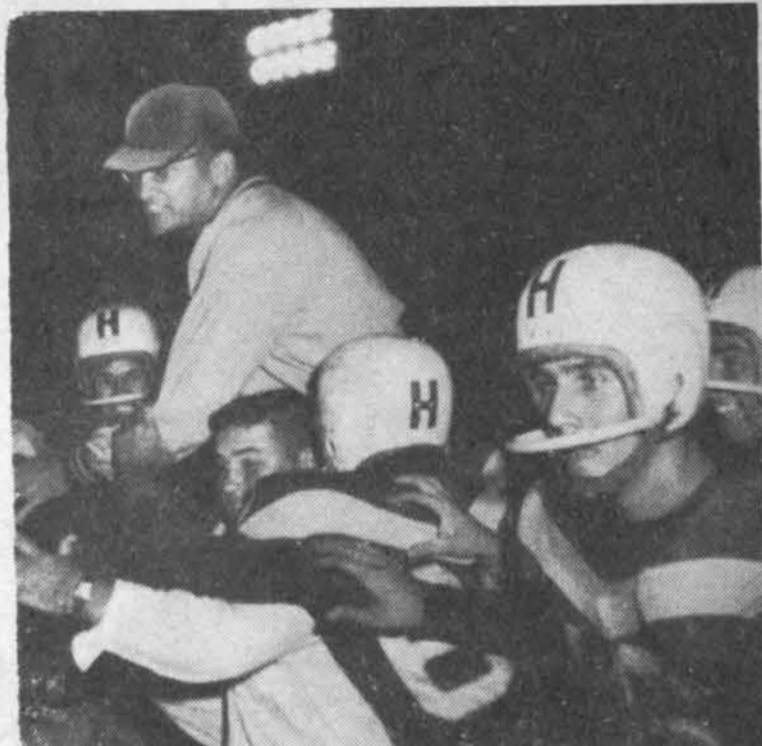

Jackson drew first blood about midway in the first quarter when Riuiero went seventeen yards for the score climaxing a 35-yard drive. They covered the yardage in three plays.

Hialeah took the kick on the 19 and moved all the way in 7 plays. Jerry Askowitz went 45 yards toward the goal. Krtausch threw a 22-yard T.D. pass to end Leon Brooks.

Jackson's quarterback threw a 10-yard pass to Daniels who was behind the safety man and went all the way for the Generals. A total of 61 yards was covered on the play.

The Generals' second touchdown came in the early part of the second quarter when a short punt gave Jackson possession on their own 40.

Hialeah counterattacked when a fumble gave them possession on

VICTORIOUS THOROBREDS carry Coach Lannom off the field of victory, after defeating North Miami, 21-0.

the Generals' 40. Five plays later Charles Adams smashed over from the three. in the end zone. The clock ran out before there was time to get another play out.

The Generals then added number 4 in the early part of the fourth quarter. They whirled over from the 3 climaxing a 50-yard drive.

The Thorobreds scored their last of the season when Krtausch pitched out to Askowitz who hit Adams
